1. Introduction

Thank you for choosing the BYECOLD Smart Bathroom Mirror. This manual provides essential information for the safe installation, operation, and maintenance of your new mirror. Please read these instructions thoroughly before use and retain them for future reference.

Image 1.1: The BYECOLD Smart Bathroom Mirror, featuring integrated LED lighting, a weather display, and touch-sensitive controls.

2. Safety Information

Please observe the following safety precautions to ensure safe operation and prevent damage to the product or injury.

- Avoid placing sharp objects near the mirror surface to prevent scratches or damage.
- Install the mirror securely using the provided mounting kit to prevent accidental falls.
- Keep the mirror away from direct water contact, ensuring electrical connections are protected from moisture.
- The mirror is designed with enhanced safety features; however, if it breaks, it will not shatter into small, sharp pieces.
- Always supervise children when they are near the mirror.

3. Product Features

The BYECOLD Smart Bathroom Mirror offers a range of advanced features for enhanced convenience and comfort:

- **Bluetooth Connectivity:** Enjoy audio streaming directly through the mirror's integrated speakers.
- **WiFi Enabled Weather Display:** Access real-time weather updates, forecasts, time, date, and indoor temperature via the WiseMirror App.
- **Adjustable Backlighting:** Features 3 color temperatures (3000K warm, 4500K natural, 6000K white) and dimmable brightness from 10% to 100%.
- **Memory Function:** The mirror remembers your last brightness setting.
- **Anti-Fog Function:** Quickly clears condensation for a clear reflection.
- **Durable and Safe Construction:** Crafted with robust glass designed to resist shattering.
- **IP54 Waterproof Rating:** Ensures safe operation in wet bathroom environments.

4. Setup

4.1. Installation

The mirror supports two installation methods: plug-in or hardwired. Ensure the power is disconnected before installation.

- **Plug-in:** Connect the mirror's plug to a standard electrical outlet.
- **Hardwired:** For a seamless look, cut the plug and connect the mirror's wires directly to your wall switch's wiring. This method is recommended to be performed by a professional electrician.

Image 4.1: Illustration of the plug-in and hardwired installation options for the mirror.

4.2. WiFi Connection (for Weather Display and App Control)

To enable the weather display and control features via the WiseMirror App, follow these steps:

1. Ensure your mobile phone is connected to a **2.4GHz wireless network**. 5GHz networks are not supported for initial setup.
2. Download and install the "WiseMirror" application on your smartphone (available for iOS and Android).
3. Open the WiseMirror App and select to add a new device.
4. Enter the password for your 2.4GHz WiFi network in the app.
5. Observe the mirror's display. If "SCAN" is shown and the WiFi logo is flashing, select the corresponding option in the app. If "SCAN" and "AP" are displayed and the WiFi logo is long-lit, select that option.
6. The app will scan for and connect to the mirror. Once connected, the app will display the current temperature, indicating a successful connection.

5. Operating Instructions

5.1. Touch Control Functions

The mirror features intuitive touch controls for various functions:

- **LED Light Control:**

- Single click the light icon (🔆) to turn the LED light ON/OFF.
- Double click the light icon (🔆) to switch between 3 color temperatures: 3000K (warm), 4500K (natural), and 6000K (white).
- Long press the light icon (🔆) to adjust brightness from 10% (dim) to 100% (bright). The mirror will remember your preferred brightness setting.

- **Weather Display Control:**

- Double click the weather icon (☁️) to turn the weather display ON/OFF.

- **Anti-Fog Control:**

- Long press the defog icon (🌫️) to turn the anti-fog function ON/OFF. The defogger will automatically shut off after two hours.

Connected with App , Date , Time and time indoor Temperature will be displayed , as well as Weather Forecast Data

Image 5.1.3: Brightness adjustment from 10% to 100% using the light button.

5.2. Bluetooth Pairing

Connect your smartphone or other Bluetooth-enabled device to the mirror for audio playback:

1. Ensure the mirror is powered ON.
2. Activate Bluetooth on your mobile phone.
3. Search for Bluetooth devices and select "XM-518" or a similar name to connect.
4. Once connected, you can play music through the mirror's integrated speakers.

Video 5.2.1: Guide to pairing your smartphone with the BYECOLD Smart Bathroom Mirror via Bluetooth for music playback.

Follow the below steps to easily connect to the Bluetooth speakers

- 1 *Power on the mirror.*
- 2 *Turn on your phone Bluetooth and find the speaker named XM-518 or similar.*
- 3 *Click and connect.*

Image 5.2.2: Bluetooth music streaming in progress, with musical notes displayed on the mirror.

5.3. Weather Display

After successfully connecting the mirror to WiFi via the WiseMirror App, the mirror will display:

- Current outdoor temperature and weather conditions.
- Indoor temperature.
- Date and time.
- Weather forecast data.

Image 5.3.1: The comprehensive weather and time display on the mirror's surface.

6. Maintenance

To maintain the appearance and functionality of your BYECOLD Smart Bathroom Mirror, follow these guidelines:

- **Cleaning:** Use a soft, damp cloth with a mild glass cleaner. Avoid abrasive cleaners or harsh chemicals that could damage the mirror surface or electronic components.
- **Dusting:** Regularly dust the mirror and frame with a dry, soft cloth.
- **Avoid Excessive Moisture:** While the mirror has an IP54 rating, avoid directly spraying water onto the electrical components or openings.
- **Inspection:** Periodically check the mounting hardware to ensure it remains secure.

7. Troubleshooting

If you encounter issues with your mirror, refer to the following common solutions:

Problem	Possible Cause	Solution
Mirror does not power on.	No power supply; loose connection.	Check power outlet/switch; ensure all connections are secure.
LED light not working.	Light function off; power issue.	Single click the light icon to turn on. Check power supply.
Weather display not updating or showing.	No WiFi connection; app not configured.	Ensure mirror is connected to 2.4GHz WiFi via WiseMirror App. Double click weather icon to activate.
Bluetooth not connecting.	Bluetooth off on phone/mirror; incorrect device selected.	Ensure mirror is powered on and Bluetooth is enabled on your phone. Select "XM-518" or similar.
Anti-fog not working.	Function not activated.	Long press the defog icon to activate.

If these solutions do not resolve the issue, please contact customer service for further assistance.

8. Specifications

Attribute	Detail
