TROUBLESHOOTING

- **Fit Issues:** If jeans feel too tight or too loose, consult the sizing chart again. The stretch fabric allows for some flexibility, but significant discomfort may indicate an incorrect size.
- **Shrinkage:** To minimize shrinkage, always wash in cold water and tumble dry on low heat. Avoid high heat settings.
- **Color Fading:** Denim can naturally fade over time. Washing inside out and using detergents designed for dark colors can help preserve the original shade.
