OKP Life L-5

OKP Life L5 Robot Vacuum and Mop Combo User Manual

Your comprehensive guide to a cleaner home.

PRODUCT OVERVIEW

The OKP Life L5 Robot Vacuum and Mop Combo is an advanced cleaning solution designed to simplify your home maintenance. Featuring cutting-edge LiDAR navigation, powerful 4000Pa suction, and versatile 2-in-1 sweeping and sonic mopping capabilities, it efficiently tackles dirt, debris, and pet hair on various floor types. With smart mapping, app control, and voice assistant compatibility, the L5 offers a highly customizable and convenient cleaning experience.

Figure 1: OKP Life L5 Robot Vacuum and Mop Combo

Key Features:

- **360° LiDAR Navigation:** Creates accurate maps of your home for efficient and customizable cleaning routes.
- **2-in-1 Sweeping & Sonic Mopping:** Combines powerful vacuuming with sonic vibration mopping for thorough cleaning of hard floors. Features a 160ml electric control water tank with 3-level water output.
- **4000Pa Deep Clean:** Equipped with an advanced roller brush and two side brushes for strong suction on hardwood, tile, laminate, and low pile carpet. Option to use as a brushless suction port to prevent hair entanglement.
- **Multiple Cleaning Modes & Smart Control:** Offers Auto, Spot, and Edge cleaning modes. Set "no-go zones" and "invisible walls" via the OKP Life Smart App. Compatible with Alexa and Google Assistant (2.4GHz Wi-Fi required).
- **Extended Runtime & Automatic Charging:** Built-in 5200mAh lithium battery provides up to 200 minutes of cleaning in quiet mode, covering up to 1290ft². Automatically returns to the charging dock when battery is low.

SETUP GUIDE

1. Unboxing and Initial Preparation:

Carefully remove all components from the packaging. Ensure all accessories, including the charging dock, power adapter, dustbin, water tank, side brushes, and filters, are present. Install the side brushes by pressing them onto the designated posts on the underside of the robot.

Figure 2: Underside of the robot with brushes and mop pad

2. Charging the Robot:

Place the charging dock against a wall in an open area, ensuring there are no obstacles within 1 meter (3 feet) to the sides and 1.5 meters (5 feet) in front. Connect the power adapter to the charging dock and plug it into a wall outlet. Place the robot onto the charging dock, ensuring the charging contacts align. The indicator light on the robot will show charging status.

3. App Connection and Wi-Fi Setup:

Download the "OKP Life Smart App" from your mobile app store. Open the app and follow the on-screen instructions to add your device. Ensure your Wi-Fi network is 2.4GHz, as 5G Wi-Fi is not supported. The app will guide you through connecting the robot to your home network. Once connected, you can link the robot to Alexa or Google Assistant for voice control.

OPERATING INSTRUCTIONS

1. Cleaning Modes:

- **Auto Cleaning:** The robot intelligently navigates and cleans your entire home.
- **Spot Cleaning:** Focuses intense cleaning on a specific area, ideal for concentrated messes.
- **Edge Cleaning:** Cleans along walls and furniture edges to ensure no dust is left behind.

You can select these modes via the OKP Life Smart App or through voice commands if integrated with Alexa or Google Assistant.

2. LiDAR Navigation and Smart Mapping:

The L5 uses LiDAR technology to create and save accurate maps of your home. This allows for efficient navigation and the ability to customize cleaning schedules for different floors without re-mapping. Through the app, you can define "no-go zones" to restrict the robot from certain areas (e.g., pet bowls, delicate decor) or set "invisible walls" to create virtual barriers.

3. Suction Power and Mopping:

The robot features 4000Pa suction power, effective for various debris including pet hair. It automatically

boosts suction on carpets. For mopping, ensure the 160ml water tank is filled and attached. The robot offers 3-level water output control for different cleaning needs. Remember to remove the water tank when cleaning carpets to avoid wetting them.

MAINTENANCE

1. Emptying the Dustbin:

Regularly empty the 450ml dustbin to maintain optimal suction performance. Press the release button to remove the dustbin, open it, and discard collected debris. Clean the high-efficiency filter as needed.

2. Cleaning the Water Tank and Mop Pad:

After mopping, remove the 160ml water tank by pressing the side buttons. Empty any remaining water and clean the tank. Detach the mop pad for washing. Ensure the mop pad is clean and dry before reattaching or storing.

3. Cleaning Brushes and Sensors:

Periodically check and clean the main roller brush and side brushes to remove tangled hair or debris. Use the provided cleaning tool for this purpose. Wipe the robot's sensors with a soft, dry cloth to ensure proper navigation and obstacle avoidance.

TROUBLESHOOTING

Common Issues and Solutions:

- **Robot not charging:** Ensure the charging contacts on both the robot and the dock are clean and properly aligned. Check if the power adapter is securely plugged in.
- **Robot getting stuck frequently:** Clear obstacles like loose cables, small toys, or thick rugs from the cleaning path. Use the app to set "no-go zones" for problematic areas.
- **Poor suction performance:** Empty the dustbin and clean or replace the filter. Check if the main brush or side brushes are tangled or damaged.
- **Mopping not effective:** Ensure the water tank is filled and the mop pad is clean. Adjust the water output level in the app if needed.
- **App connectivity issues:** Verify your Wi-Fi is 2.4GHz. Restart your router and the robot. Try re-pairing the robot with the app.

For more detailed troubleshooting steps, please refer to the comprehensive user manual included with your product or contact OKP Life customer service.

SPECIFICATIONS

Feature	Specification
Brand	OKP Life
Model Name	L-5
Product Dimensions	12.59"L x 12.59"W x 3.85"H
Item Weight	3 pounds
Suction Power	4000 Pa
Dustbin Capacity	450 Milliliters
Water Tank Capacity	160 Milliliters
Battery Life	200 minutes (Quiet Mode)
Control Method	App, Remote, Voice (Alexa, Google Assistant)
Filter Type	High Efficiency Filter
Color	Blue

WARRANTY AND SUPPORT

The OKP Life L5 Robot Vacuum and Mop Combo comes with a **One-Year Warranty service**. For any questions, technical assistance, or warranty claims, please contact OKP Life customer service. Our dedicated A+ Customer service team is ready to assist you.
