eclife 36" Modern Bathroom Vanity Sink Combo (Model BT-02) Instruction Manual

Model: BT-02 | Brand: eclife

Introduction Safety Information Package Contents Assembly Instructions Operating Instructions Maintenance Troubleshooting Specifications Warranty & Support

1. Introduction

Thank you for purchasing the eclife 36" Modern Bathroom Vanity Sink Combo (Model BT-02). This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new bathroom vanity. Please read these instructions thoroughly before beginning assembly or use, and retain them for future reference.

2. Safety Information

- Always follow local plumbing and building codes during installation.
- Ensure all connections are secure and watertight to prevent leaks.
- Do not overtighten screws during assembly to avoid damaging the wood.
- Keep small parts away from children during assembly.
- Use appropriate tools and wear safety glasses when necessary.
- If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

3. Package Contents

Your eclife 36" Modern Bathroom Vanity Sink Combo (Model BT-02) typically includes the following components. Please verify all parts are present before starting assembly.

- Main Cabinet (unassembled)
- Small Side Cabinet (unassembled)
- White Rectangle Ceramic Vessel Sink
- Water Save Faucet
- Drain Assembly

- Hardware Package (screws, dowels, cam locks, drawer slides, hinges, handles)
- Instruction Manual

4. Assembly Instructions

Assembly is required for this vanity. Follow the steps carefully. It is recommended to have two people for assembly.

4.1 Main Cabinet Assembly

1. Begin by identifying the side panels (L1, L2) and inserting the cam lock screws (B) into the designated holes.
2. Attach the back panel (G1) to the side panels using the cam lock screws (A) and dowels (D). Ensure the cam locks are tightened securely.
3. Install the drawer slides (M) onto the side panels as shown.
4. Attach the bottom panel (G2) and middle shelf (G5) using cam lock screws (B) and dowels (D).
5. Secure the top panel (G8) to the assembled frame using cam lock screws (A).
6. Install the door hinges (F) onto the cabinet frame and then attach the doors. Adjust the hinges as needed for proper alignment.
7. Attach the door handles (I) to the doors using screws (G).

Image: Close-up view of various components including durable zinc alloy handles, MDF board construction, 304 stainless steel soft-close hinges, high-quality slide rails, rustproof plastic covers on feet, and general cabinet structure.

4.2 Side Cabinet Assembly

1. Assemble the side cabinet panels (GA1, GA2, GA4) using cam lock screws (B) and dowels.
2. Insert the bottom panel (GA3) and secure it.
3. Assemble the drawers for the side cabinet, attaching the handle (J) and drawer slides (M).
4. Slide the assembled drawers into the side cabinet.

4.3 Sink and Faucet Installation

1. Place the ceramic vessel sink onto the vanity top, ensuring it is centered over the drain hole.
2. Install the water-saving faucet according to the manufacturer's instructions, connecting it to your water supply lines.
3. Install the durable pop-up drain into the sink and connect it to your plumbing system. Ensure all connections are sealed to prevent leaks.

5. Operating Instructions

Your eclife bathroom vanity is designed for ease of use and efficient water consumption.

- **Faucet Operation:** The included faucet features a 1.5 GPM aerator, designed to save up to 30% water. Operate the single handle to control both water flow and temperature.
- **Drawer and Door Use:** The vanity features 5 drawers and 2 doors with frosted glass. The drawers are equipped with high-quality slide rails for smooth operation. The doors have soft-close hinges to prevent slamming.

6. Maintenance

Proper care and maintenance will ensure the longevity and appearance of your vanity.

- **Cabinet Care:** The MDF cabinet has a smooth, wear-resistant, and easy-to-clean surface. Wipe spills immediately with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the painted finish.

- **Sink Care:** The ceramic vessel sink is scratch and stain-resistant. Clean with mild soap and water. Do not use abrasive pads or cleaners that could scratch the surface.
- **Faucet and Hardware:** Clean the faucet and aluminum alloy handles with a soft cloth and mild cleaner. Avoid harsh chemicals.
- **Hinge Adjustment:** The soft-close door hinges can be adjusted for optimal door alignment. Refer to the video below for guidance.

Video: ECLIFE Operation Guide for Adjustable Door Hinge. This video demonstrates how to adjust the door hinges on eclife cabinets for proper alignment and soft-close functionality.

7. Troubleshooting

Problem	Possible Cause	Solution
Water Leakage from Faucet/Drain	Loose connections, damaged seals.	Check all plumbing connections and tighten as necessary. Inspect seals and replace if damaged.
Drawers do not slide smoothly	Misaligned drawer slides, debris in tracks.	Ensure drawer slides are correctly installed and aligned. Clean tracks of any obstructions.
Cabinet doors are misaligned	Hinges require adjustment.	Adjust the soft-close hinges using a screwdriver as shown in the maintenance video.
Water splashes out of sink easily	High water pressure, sink design.	Adjust water pressure if possible. Consider a faucet aerator with lower GPM if splashing persists. (Note: The included faucet has a 1.5 GPM aerator for water saving).

8. Specifications

Feature	Detail
Brand	eclife
Model Name	BT-02
