MUTICOR AKDXL002

MUTICOR 66-Inch Multi-Level Cat Tree Tower User Manual

Model: AKDXL002 | Brand: MUTICOR

1. INTRODUCTION

Thank you for choosing the MUTICOR 66-Inch Multi-Level Cat Tree Tower. This product is designed to provide a stimulating and comfortable environment for your feline companions, offering multiple levels for play, rest, and scratching. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation.

2. SAFETY INFORMATION

To ensure the safety of your pets and household, please adhere to the following guidelines:

- **Assembly:** It is recommended that 1 or more people assemble this product. The estimated assembly time is approximately 1 hour.
- **Child Safety:** This product is not intended for use by children. Keep children away during assembly and ensure they do not play on or around the cat tree unsupervised.
- **Fire Hazard:** Keep the cat tree away from open flames or other heat sources to prevent fire.
- **Protective Gear:** We recommend wearing protective gloves during assembly to prevent injury.
- **Stability:** Place the cat tree on a flat, even floor to prevent tipping over. Utilize the included anti-tipping strap to secure the cat tree to a wall for enhanced stability, especially for active or multiple cats.
- **Weight Limit:** The cat tree is designed to withstand the weight of cats up to 33 pounds. Ensure the total weight on any single platform or the entire structure does not exceed recommended limits.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. Refer to the diagram below for a visual representation of the parts.

LASS ES UNS GEMEINSAM ZEIGEN

Image 3: Exploded view showing all individual parts of the cat tree, such as observation decks, condos, baskets, sisal scratching ramps, and a hammock.

The package should include various platforms, scratching posts, condos, hammocks, baskets, and all necessary hardware (screws, bolts, Allen wrench). If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your MUTICOR Cat Tree Tower. It is recommended to lay out all parts on a soft surface (like a blanket or carpet) to prevent damage during assembly.

- 1. Unpack and Identify:** Carefully unpack all components from the box. Compare them with the parts list and diagram (Image 3) to ensure everything is accounted for.
- 2. Base Assembly:** Begin by attaching the lowest posts to the main baseboard. Ensure all connections are secure but do not overtighten screws initially.
- 3. First Level:** Attach the first set of platforms and condos to the posts. Follow the numerical sequence provided in the detailed instruction sheet included in your package.
- 4. Intermediate Levels:** Continue building upwards, attaching subsequent posts, platforms, scratching ramps, and additional condos or baskets as indicated in the assembly guide.

5. **Top Levels:** Install the upper posts, perches, and any hanging toys.
6. **Final Tightening:** Once all components are in place, go back and securely tighten all screws and bolts.
7. **Anti-Tip Strap Installation:** Attach the anti-tip strap to the designated point on the cat tree and secure it to a wall stud using appropriate hardware (not always included, may require separate purchase depending on wall type).

For detailed step-by-step diagrams, please refer to the assembly manual included in your product packaging.

5. USAGE GUIDELINES

The MUTICOR Cat Tree Tower offers multiple features for your cat's enjoyment:

- **Scratching Posts:** The sisal-wrapped posts and ramps provide an ideal surface for cats to sharpen their claws, helping to protect your furniture.
- **Condos and Baskets:** Enclosed condos and cozy baskets offer secure and comfortable spaces for napping and hiding.
- **Perches:** Elevated perches allow cats to observe their surroundings from a high vantage point, satisfying their natural instincts.
- **Hammock:** A soft hammock provides an additional lounging area for relaxation.
- **Play:** Hanging toys (if included) encourage playful interaction and exercise.

6. MAINTENANCE AND CARE

Regular maintenance will extend the life of your cat tree and keep it hygienic for your pets:

- **Cleaning:** The plush material can be spot cleaned with a damp cloth and mild detergent. For deeper cleaning, hand wash only. Avoid harsh chemicals or abrasive cleaners.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten any loose parts to maintain stability.
- **Sisal Rope:** The sisal scratching posts are designed to wear over time. Replace them if they become excessively frayed or damaged to ensure continued scratching appeal and safety.

7. TROUBLESHOOTING

If you encounter any issues with your cat tree, consider the following:

- **Wobbling:** Ensure the cat tree is placed on a flat, level surface. Check all connections and tighten any

loose screws. Verify the anti-tip strap is securely fastened to a wall stud.

- **Chemical Odor:** New products may have a slight odor upon unpacking. This is normal and typically dissipates within a few days. Place the cat tree in a well-ventilated area for a few days before introducing your cats.
- **Cats Not Using It:** Introduce your cats to the tree gradually. Use catnip, treats, or their favorite toys to encourage exploration. Place the tree in a location your cats frequently visit or near a window.

8. SPECIFICATIONS

Feature	Detail
Brand	MUTICOR
