# addlon 52-inch Low Profile Ceiling Fan with Light and Remote Control

Model: KFM52PLY5B01R1

### IMPORTANT SAFETY INSTRUCTIONS

Please read and understand all instructions before beginning installation. Failure to follow these instructions may result in electric shock, fire, or serious personal injury.

- Always disconnect power at the main circuit breaker before installation or servicing.
- All electrical connections must be in accordance with local codes, ordinances, or national electrical codes. If you are unfamiliar with wiring, consult a qualified electrician.
- Ensure the installation site can support the fan's weight (approximately 8.5 pounds).
- Do not connect the fan to a dimmer switch or fan speed switch, as this may cause operational malfunctions.
- This fan is suitable for indoor and outdoor (covered patio) use. Do not expose directly to rain.

### PRODUCT OVERVIEW

The addlon 52-inch Low Profile Ceiling Fan combines efficient air circulation with customizable lighting, designed for comfort and modern aesthetics.

Figure 1: addlon 52-inch Low Profile Ceiling Fan with remote and reversible blades.

## Key Features

- **Energy Efficient DC Motor:** Reduces electricity costs by up to 80% compared to conventional AC motors.
- **Remote Control:** Full control over fan speeds, light settings, and timer functions.
- **Flush Mount Design:** Ideal for rooms with lower ceilings, offering a sleek profile.
- **Reversible Blades:** Dual-direction fan improves air circulation for both summer cooling and winter warmth. Blades feature double-sided colors (black and dark wood grain).
- **6 Adjustable Wind Speeds:** From comfortable low wind to strong cooling wind.
- **Customizable LED Light:** Dimmable (10%-100%) with 3 color temperature options (3000K Warm White, 4000K Natural White, 6000K Cold White).
- **Quiet Operation:** Designed for minimal noise, operating as low as 35dB.
- **Memory Function:** Retains previous fan speed and light settings when turned off and on via wall switch.
- **Timer Function:** Set fan to turn off automatically after 1, 2, or 4 hours.

## Package Contents

- Ceiling Fan Motor Assembly
- Fan Blades (5)
- LED Light Kit (Replaceable)
- Remote Control with Wall Mount

- Mounting Hardware
- Instruction Manual

### TECHNICAL SPECIFICATIONS

Specification	Detail
Brand	addlon
Model Name	KFM52PLY5B01R1
Size	52 inch
Color	Black
Product Dimensions	52"D x 52"W x 10.3"H
Mounting Type	Flush Mount
Power Source	120V AC input, DC motor
Wattage	50 watts
Luminous Flux	1800 Lumen
Light Color Temperature	3000K (Warm White), 4000K (Natural White), 6000K (Cold White)
Dimmable Light	10%-100%
Number of Fan Speeds	6
Control Method	Remote Control
Indoor/Outdoor Usage	Indoor, Outdoor (covered patio)
Item Weight	8.5 Pounds

### SETUP & INSTALLATION

Installation of the addlon ceiling fan is designed to be straightforward. Refer to the detailed instructions and videos provided for assistance.

#### Pre-Installation Checklist

- Ensure power is disconnected at the circuit breaker.
- Verify that the junction box is securely mounted and capable of supporting the fan's weight.
- Gather all necessary tools (screwdriver, wire strippers, ladder, etc.).

#### Installation Steps Overview

1. Mount the ceiling bracket to the junction box.
2. Assemble the fan blades to the motor housing.
3. Connect the electrical wires (hot, neutral, ground) from the ceiling to the fan's wiring.
4. Secure the fan motor assembly to the ceiling bracket.
5. Install the LED light kit and light cover.
6. Restore power and test the fan and light functions.

## Easy Installation

Save time and avoid extra electrician expenses

✓ 30-min installation

✓ Less electrician fee

 Do not connect the dimmer switch or fan gear switch to avoid abnormal operation.

### OPERATING INSTRUCTIONS

Your addlon ceiling fan is operated using the included remote control. Ensure batteries are installed correctly in the remote.

# Multi-function Fan

Figure 3: Multi-function remote control for the addlon fan.

## Remote Control Functions

- **Power On/Off:** Turns the fan and light on or off.
- **Fan Speed Control (1-6):** Adjusts the fan's rotation speed.
- **Light On/Off:** Toggles the light.
- **Light Brightness (+/-):** Dims or brightens the LED light (10%-100%).
- **Color Temperature (3000K/4000K/6000K):** Cycles through warm, natural, and cold white light.
- **Reversible Function:** Changes the direction of fan blade rotation for summer (downward airflow) or winter (upward airflow) modes.
- **Timer (1H/2H/4H):** Sets the fan to turn off automatically after the selected duration.
- **Natural Wind Mode:** Simulates a natural breeze by varying fan speeds.

## Memory Function

The fan and light feature a memory function. If you turn off the fan using the wall switch, the next time it is turned on, it will resume the last used fan speed and light settings (brightness and color temperature).

## Fan Blade

Fan blades are available in two colors to complement various interior design styles.

## MAINTENANCE

### Cleaning

- Always turn off the power at the circuit breaker before cleaning.
- To avoid scratching the finish, clean the fan with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Periodically check all connections and screws for tightness.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Ensure all wires are securely connected; Replace remote control batteries.
Light does not work	Loose wire connection to light kit; Faulty LED light kit.	Check light kit wiring; Contact customer support for a replacement LED light kit.
Remote control not working	Batteries are dead or incorrectly installed; Remote not paired with fan.	Replace batteries, ensuring correct polarity; Refer to remote pairing instructions in the full manual.
Fan is noisy	Loose screws on fan blades or mounting bracket; Fan blades are unbalanced.	Tighten all screws; Use a balancing kit (not included) to balance blades.

## WARRANTY & SUPPORT

addlon stands behind the quality of its products.

- **Motor Warranty:** Up to 120 months (10 years).
- **Other Fan Components:** 2 years.

For any questions during installation or use, please contact addlon customer support. We offer 24-hour customer support to assist you.
