# Casaria Metal Coat Rack with 14 Swiveling Hooks - Model B0CLNQZ6PM Instruction Manual

**Brand:** Casaria | **Model:** B0CLNQZ6PM

## 1. INTRODUCTION

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your Casaria Metal Coat Rack, Model B0CLNQZ6PM. Designed for optimal space utilization and stability, this coat rack features 14 swiveling hooks and an integrated umbrella holder, making it a practical addition to any hallway, office, or living space.

## 2. PRODUCT FEATURES

The Casaria Metal Coat Rack is engineered with several features to enhance its functionality and durability:

- **Space-Saving Design:** Compact dimensions (37 x 37 x 175 cm) allow for efficient use of space in various environments.
- **Ample Storage:** Equipped with 14 hooks distributed across three levels, providing extensive hanging space for coats, hats, bags, and scarves.
- **360° Swiveling Hooks:** The upper crown features 10 hooks that can rotate 360 degrees for easy access to items.
- **Child-Accessible Hooks:** Four additional hooks with knob ends are positioned at a lower height, making them easily reachable for children.
- **Integrated Umbrella Holder:** A convenient ring-shaped holder is included for storing umbrellas.
- **Robust Construction:** Made from sturdy metal with a heavy, genuine marble base (37 cm diameter, 2.4 cm

thick) for exceptional stability.

- **High Load Capacity:** Capable of supporting up to 35 kg of weight.
- **Elegant Finish:** Features chrome-look details that complement its classic style.

### 3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Main vertical pole sections
- Upper hook crown (with 10 hooks)
- Middle hook section (with 4 hooks)
- Genuine marble base
- Umbrella holder ring
- Assembly hardware (screws, washers, hexagonal key)

- Instruction manual

If any parts are missing or damaged, please contact customer support.

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

The Casaria Metal Coat Rack is designed for quick and easy assembly. Follow these steps carefully:

1. **Prepare the Base:** Place the heavy marble base on a flat, stable surface. Ensure there is enough space around the assembly area.
2. **Attach the Lower Pole:** Insert the bottom section of the main vertical pole into the center hole of the marble base. Secure it from underneath the base using the provided hexagonal screw and key. Ensure it is tightened firmly for stability.
3. **Install Umbrella Holder:** Slide the umbrella holder ring onto the lower part of the main pole. Position it at the desired height and secure it if there's a designated fastening point (e.g., a small screw or clip).
4. **Assemble Middle Hooks:** Attach the middle hook section (with 4 hooks) to the appropriate connection point on the main pole. Twist or secure as per the design.
5. **Connect Upper Pole:** Connect the upper section of the main vertical pole to the lower section. Twist or secure them together until they form a single, rigid pole.
6. **Attach Upper Hook Crown:** Place the upper hook crown (with 10 swiveling hooks) onto the top of the assembled pole. Ensure it is seated correctly and can rotate freely.
7. **Final Check:** Once all components are assembled, gently shake the coat rack to ensure all connections are secure and the unit is stable.

## 5. OPERATING INSTRUCTIONS

Using your Casaria Metal Coat Rack is straightforward:

- **Hanging Items:** Utilize the 14 hooks to hang coats, jackets, hats, scarves, and bags. Distribute weight evenly to maintain stability.
- **360° Rotation:** The top section of hooks can be rotated 360 degrees. Gently turn the top crown to access items from any side.
- **Child Accessibility:** Encourage children to use the lower set of four hooks for their smaller items, promoting independence and organization.
- **Umbrella Storage:** Place umbrellas in the designated ring holder at the base of the pole.

## 6. MAINTENANCE

To ensure the longevity and appearance of your coat rack, follow these maintenance guidelines:

- **Cleaning:** Wipe down metal and marble surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Dusting:** Regularly dust the coat rack to prevent buildup.
- **Check Connections:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Weight Distribution:** Avoid overloading any single hook or section. Distribute items evenly to prevent tipping and stress on the structure.

## 7. TROUBLESHOOTING

If you encounter any issues with your Casaria Metal Coat Rack, consider the following:

- **Instability:** If the coat rack feels wobbly, ensure the marble base is on a flat surface and all assembly screws, especially the one securing the pole to the base, are fully tightened.
- **Hooks Not Rotating:** Check if the upper hook crown is properly seated and not obstructed by any items or debris.
- **Overloading:** If the rack tips or bends, reduce the weight of items hanging on it. The maximum load capacity is 35 kg.

For persistent issues or concerns not addressed here, please contact Casaria customer support.
