Operating Instructions

Using the Main Bed

The main twin bed provides a secure sleeping surface. Place a standard twin-size mattress directly onto the wooden slats. The house-shaped headboard can be used for decorative purposes or to hang lightweight items, enhancing the room's aesthetic.

Using the Trundle Bed

The trundle bed is designed to provide an additional sleeping space for guests or siblings. To deploy, gently pull the trundle frame out from under the main bed using the integrated handle or edge. To store, push the trundle back

underneath the main bed until it is fully recessed.

- **Cleaning:** Wipe down the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Slat Inspection:** Inspect the wooden slats for any signs of damage or wear. Replace any broken slats immediately to ensure proper mattress support and user safety.
