FENCY Metal Planter Box with Diamond Lattice Trellis (73"x47" White) Instruction Manual

Model: KLD-A-HW92018-USAM026

1. PRODUCT OVERVIEW

The FENCY Metal Planter Box with Diamond Lattice Trellis is a versatile gardening solution designed for both aesthetic appeal and functional plant support. This galvanized metal raised garden bed features a diamond-shaped trellis ideal for climbing plants and vines, as well as for hanging decorations. Equipped with durable wheels, including two with locking mechanisms, it offers mobility and stability for optimal placement in various outdoor settings.

Key features include a robust galvanized metal construction for durability and weather resistance, a 12-inch deep planting bed, and integrated drainage holes to prevent waterlogging and promote healthy plant growth.

2. SAFETY INFORMATION

- **Assembly:** While assembly is straightforward, it is recommended to have two people for easier handling of components, especially the larger trellis sections.
- **Weight:** The product weighs approximately 54.9 pounds (24.9 kg) when empty. Exercise caution when lifting or moving. Once filled with soil and plants, the weight will increase significantly.
- **Stability:** Ensure the locking wheels are engaged when the planter is in its desired position to prevent unintended movement. In areas prone to strong winds, consider additional anchoring or placement in a sheltered location to prevent tipping.
- **Drainage:** The planter includes drainage holes. Ensure the area beneath the planter can accommodate water runoff.
- **Children and Pets:** Keep small children and pets away from the assembly area and ensure all small parts are securely fastened to prevent choking hazards.

3. PACKAGE CONTENTS

Please verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, contact FENCY customer support.

- Planter Box Panels (Sides, Front, Back, Bottom)
- Trellis Panels
- Support Bars/Connectors for Trellis
- Wheels (4 total, 2 with locking mechanisms)
- Assembly Hardware (Screws, Nuts, Washers, Wrench)
- Instruction Manual

4. ASSEMBLY INSTRUCTIONS

While the product is listed as 'Assembly Required: No' in some specifications, user experience indicates simple assembly is needed. Follow these general steps for setup. A Phillips head screwdriver (not included) may be required in addition to the provided wrench.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Identify each component using the parts list (if provided in the physical manual).
2. **Attach Wheels:** Secure the four wheels to the bottom panel of the planter box. Ensure the two lockable wheels are positioned on the same side for easier access. Tighten all screws firmly.
3. **Assemble Planter Box:** Connect the side, front, and back panels to the bottom panel using the provided hardware. Ensure all connections are snug to form a sturdy box.
4. **Attach Trellis Panels:** Connect the diamond lattice trellis panels to each other and then to the back of the assembled planter box. Use the designated support bars and hardware to ensure the trellis is stable and upright.
5. **Final Check:** Verify that all screws and connections are tight and secure. Gently test the stability of the entire unit.

5. OPERATING INSTRUCTIONS

5.1 Placement

Utilize the durable wheels to position the planter box in your desired location. The 360-degree swivel wheels allow for easy maneuverability. Once positioned, engage the locking mechanisms on two of the wheels to secure the planter in place. This allows for optimization of sunlight exposure or rearrangement of your garden space as needed.

5.2 Planting

The planter box features a 12-inch deep planting bed, providing ample space for various plants, including vegetables, flowers, and herbs. Fill the planter with appropriate soil mix, leaving sufficient space from the top edge. The diamond lattice trellis is designed to support climbing plants and vines. Guide young plants along the trellis as they grow to encourage vertical development.

Image 5.1: The multifunctional design of the planter and trellis, suitable for various types of plants.

5.3 Watering

The planter box is equipped with drainage holes at the bottom. These holes are crucial for preventing overwatering and root rot by allowing excess water to escape. Water plants thoroughly, ensuring the soil is moist but not waterlogged. Monitor soil moisture regularly, especially during hot or dry periods.

Galvanized Sheet Material

Weatherproof

6. MAINTENANCE

The FENCY planter box is constructed from galvanized metal with a powder-coated finish, offering excellent durability, rust resistance, and weather resistance. This material choice ensures low maintenance requirements and a long lifespan in outdoor conditions.

- Cleaning:** Periodically wipe down the metal surfaces with a damp cloth to remove dirt and debris. For stubborn stains, a mild soap solution can be used, followed by rinsing with clean water and drying.
- Inspection:** Regularly inspect the planter and trellis for any signs of wear, loose hardware, or damage. Tighten any loose screws as needed.
- Winter Care:** In regions with harsh winters, consider emptying the planter or moving it to a sheltered location to prolong its life, although the galvanized metal is designed for outdoor use.

WHY CHOOSE US?

Image 6.1: Benefits of galvanized metal construction, emphasizing weather resistance and low maintenance.

7. TROUBLESHOOTING

- Planter instability:** Ensure all wheels are locked when the planter is stationary. If the planter feels wobbly, re-check all assembly hardware for tightness. For windy conditions, consider placing the planter in a more sheltered area or adding weight to the bottom of the planter box.
- Poor drainage:** Verify that the drainage holes are not blocked by soil or debris. If necessary, clear the holes to allow proper water flow. Ensure the soil mix used is well-draining.
- Difficulty moving:** Check that the wheel locks are disengaged. If wheels are stiff, clean any debris from around the wheel axles.

8. SPECIFICATIONS

Attribute	Detail
Brand	FENCY
Model Number	KLD-A-HW92018-USAM026

Product Dimensions	73" (Height) x 47" (Width) x 15.7" (Depth)
Planter Box Height (Bottom)	12"
Material	Galvanized Metal
Finish Type	Powder Coated
Color	White
Item Weight	54.9 pounds (24.9 kg)
UPC	744299288588
Wheels	4 durable wheels, 2 with locking mechanisms
