PANDORA Two-tone Key, Padlock & Heart Triple Dangle Charm Instruction Manual

Model: 782506C01-BOX

1. PRODUCT OVERVIEW

The PANDORA Two-tone Key, Padlock & Heart Triple Dangle Charm is designed for compatibility with PANDORA Moments bracelets. This intricate charm features a combination of rose-plated metal, sterling silver, and cubic zirconia stones, creating a unique and meaningful accessory. It includes three distinct dangle elements: a key, a padlock, and a heart, symbolizing connection and affection.

2. SETUP AND ATTACHMENT

This charm is designed for easy attachment to PANDORA Moments bracelets. Follow these steps to securely add your charm:

1. **Identify the Attachment Point:** Locate the open loop or jump ring on the top of the charm. This is the component that connects to your bracelet.
2. **Open the Bracelet:** If your PANDORA Moments bracelet has a clasp, open it to access the desired section for charm placement.
3. **Slide the Charm On:** Gently slide the open loop of the charm onto the bracelet. Ensure it passes over any threading or dividers on the bracelet for proper positioning.
4. **Secure the Charm:** Once the charm is in place, ensure it moves freely but is securely seated on the bracelet. The charm's design, featuring a lobster clasp, allows for secure attachment.

3. CARE AND MAINTENANCE

Proper care ensures the longevity and beauty of your PANDORA charm. Follow these guidelines:

- **Cleaning:** Clean your charm regularly with a soft, lint-free cloth. For a deeper clean, use a mild soap and warm water solution, then rinse thoroughly and dry completely. Avoid harsh chemicals or abrasive cleaners.
- **Avoid Exposure:** Minimize exposure to harsh chemicals, perfumes, lotions, and extreme temperatures, as these can damage the metal finishes and cubic zirconia.
- **Storage:** Store your charm in a dry, cool place, preferably in a jewelry box or pouch to prevent scratches and tarnishing. Keep it separate from other jewelry to avoid tangling or damage.
- **Wearing:** Remove your charm before engaging in activities that could cause physical damage, such as sports, swimming, or heavy labor.

5. TROUBLESHOOTING

While PANDORA charms are designed for durability and ease of use, here are some common considerations:

- **Charm Does Not Fit Bracelet:** Ensure your bracelet is a PANDORA Moments bracelet, as this charm is designed for brand-specific compatibility. Check if the bracelet's threading or end caps are too wide for the charm's open loop.
- **Tarnishing:** Silver and rose gold-plated items can tarnish over time due to exposure to air and moisture. Refer to the "Care and Maintenance" section for cleaning instructions. Regular cleaning and proper storage can prevent significant tarnishing.
- **Stone Loosening:** If a cubic zirconia stone appears loose, avoid wearing the charm and contact PANDORA customer support or a professional jeweler for inspection and repair.
