## YOCAN 5144030072

# YOCAN Verve 510 Battery User Manual

Model: 5144030072 | Brand: YOCAN

## INTRODUCTION

The YOCAN Verve 510 Battery is a compact and discreet vaporizer designed for use with 510 standard cartridges, including full glass cartridges. Its stealth design ensures the cartridge is not visible from the outside, offering a sleek and portable vaping experience. This manual provides essential information on the product's features, setup, operation, maintenance, and safety precautions.

## KEY FEATURES

- **Battery Capacity:** 450mAh for extended use.
- **510 Standard Compatibility:** Designed for 510 threaded cartridges, including full glass types.
- **Stealth Design:** Fully conceals the 510 cartridge for discretion.
- **Durable Construction:** Made from lightweight and robust aluminum alloy.
- **Adjustable Voltage:** Three voltage settings (2.6V, 3.2V, 3.8V) for customized vaping.
- **Preheating Function:** 10-second preheat mode to prepare viscous liquids.
- **Auto-Puff Activation:** Inhale directly from the mouthpiece to activate.
- **Magnetic Connection:** Strong magnetic connection for easy cartridge installation.
- **USB Type-C Charging:** Convenient and fast charging (cable not included).
- **Compact Size:** Palm-sized for optimal portability.

## PACKAGE CONTENTS

- YOCAN Verve 510 Battery Device
- User Manual (this document)
- Manufacturer's Warranty Card (YOCAN)
- Packaging Box

*Note: A 510 standard cartridge and USB Type-C charging cable are not included and must be purchased separately.*

## SPECIFICATIONS

Specification	Detail
Brand	YOCAN (KUSH JP)
Model Number	5144030072
Battery Capacity	450mAh
Voltage Settings	2.6V (Blue), 3.2V (Green), 3.8V (Red)
Dimensions (L x W x D)	90.5mm x 40.3mm x 20.49mm (approx. 2.6 x 2.6 x 10.75 cm)
Weight	45g
Body Material	Aluminum Alloy
Charging Port	USB Type-C
Activation Method	Auto-puff (draw-activated) / Button-activated

## SETUP

### Attaching a 510 Cartridge

1. **Remove the Cover:** Gently remove the top cover of the battery device.
2. **Connect Cartridge:** Screw your 510 standard cartridge clockwise onto the battery body until secure.
3. **Reattach Cover:** Place the cover back onto the device. The cartridge will now be concealed.

**Figure 1: Magnetic Connection.** The Verve battery features a strong magnetic connection for easy and secure attachment of 510 cartridges. This image illustrates the connection points between the battery and the cartridge.

**Figure 2: Device Components.** This diagram labels the key parts of the YOCAN Verve device, including the mouthpiece, aluminum alloy body, 450mAh battery, magnetic connection, and USB Type-C charging port.

## OPERATING INSTRUCTIONS

---

### Power ON/OFF

- To turn the device **ON** or **OFF**, quickly tap the button 5 times.

### Preheating Function

- To activate the 10-second preheating function, quickly tap the button 2 times. This is ideal for thicker liquids.
- To stop preheating prematurely, tap the button 1 time while preheating is active.

**Figure 3: 10-Second Preheat.** This image highlights the 10-second preheating function of the YOCAN Verve, which helps prepare viscous liquids for optimal vaporization.

## Voltage Adjustment

- To cycle through the voltage settings, quickly tap the button 3 times.
- The LED indicator will change color to show the current voltage:
  - **Blue:** 2.6V
  - **Green:** 3.2V
  - **Red:** 3.8V

**Figure 4: 3 Voltage Levels.** This graphic demonstrates the three adjustable voltage settings of the YOCAN Verve, allowing users to customize their vaping experience. The corresponding LED colors (Blue, Green, Red) indicate the selected voltage.

## Vaping (Auto-Puff)

- Once the device is on and a cartridge is attached, simply inhale from the mouthpiece to activate the auto-puff function and begin vaping.
- The device also supports button-activated vaping if preferred.

## CHARGING

The YOCAN Verve battery is charged via a USB Type-C port located on the device. Connect a USB Type-C cable (not included) to the port and plug the other end into a suitable power source (e.g., computer USB port, wall adapter). The device will indicate charging status via its LED light.

## MAINTENANCE

To ensure optimal performance and longevity of your YOCAN Verve battery, follow these general maintenance guidelines:

- **Regular Cleaning:** Periodically wipe the device with a dry, soft cloth to remove any dust or residue. Ensure the cartridge connection area is clean.
- **Avoid Liquids:** Do not submerge the device in water or expose it to excessive moisture.
- **Proper Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handle with Care:** Avoid dropping the device or subjecting it to strong impacts.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Device not turning ON	Low battery; Incorrect power-on sequence	Charge the device; Tap the button 5 times quickly to power ON.
No vapor production	Cartridge not properly connected; Low battery; Cartridge empty; Preheating needed for viscous liquid	Ensure cartridge is securely attached; Charge the device; Replace cartridge; Activate preheating (2 taps).
Device heats up excessively	Overuse; Internal malfunction	Immediately turn off the power (5 taps) and discontinue use. Contact customer support if problem persists.
Voltage adjustment not working	Incorrect button sequence	Tap the button 3 times quickly to cycle through voltage settings.

## SAFETY PRECAUTIONS

---

- This product is intended for use with 510 standard cartridges only. It cannot be used as a standalone device.
- Do not use the device if it is damaged, wet, or shows any signs of malfunction.
- Store the device out of reach of children and pets.
- If the device becomes excessively hot during use or charging, immediately turn off the power and discontinue use.
- Do not attempt to disassemble or modify the device.
- Use only appropriate charging methods and cables.

## WARRANTY AND SUPPORT

---

Your YOCAN Verve 510 Battery comes with a manufacturer's warranty. Please refer to the included warranty card for details regarding coverage, terms, and conditions. For technical support, troubleshooting assistance, or warranty claims, please contact YOCAN customer service or the retailer where you purchased the product.

**Manufacturer:** YOCAN
