## Key Features:

- **Processor:** MTK Helio G99 Octa-Core CPU (2.2GHz max frequency)
- **Operating System:** Android 14
- **Display:** 10.51-inch 1920x1200 FHD IPS Display with Widevine L1 support
- **Memory & Storage:** Up to 16GB RAM (8GB + 8GB expansion), 128GB ROM, expandable up to 2TB via TF card
- **Battery:** 8500mAh with 20W Fast Charging
- **Cameras:** 16MP Rear Camera, 8MP Front Camera
- **Audio:** Quad Stereo Speakers

- **Connectivity:** 2.4G/5G WiFi, Bluetooth 5.2

## SETUP

### 1. Initial Charging

Before first use, it is recommended to fully charge your tablet. Connect the provided Type-C cable to the tablet's charging port and the PD20W charger to a power outlet.

*Image: The Headwolf HPad5 tablet connected to a Type-C charging cable, illustrating the 8500mAh battery and 20W fast charging capability.*

### 2. Powering On/Off

- **To Power On:** Press and hold the Power Button on the side of the tablet until the Headwolf logo appears.
- **To Power Off:** Press and hold the Power Button, then select "Power off" from the options that appear on the screen.

### 3. Initial Setup Wizard

Upon first power-on, the tablet will guide you through an initial setup wizard. Follow the on-screen prompts to:

- Select your language.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one.
- Set up screen lock (PIN, pattern, password, or face unlock).
- Review and accept terms and conditions.

### 4. Inserting SIM/TF Card (Optional)

If you wish to use mobile data or expand storage, insert a SIM card or TF (microSD) card into the designated slot using the provided card pin.

1. Locate the SIM/TF card tray on the side of the tablet.
2. Insert the card pin into the small hole next to the tray to eject it.
3. Place the SIM card and/or TF card into the tray with the gold contacts facing down, ensuring correct orientation.
4. Gently push the tray back into the slot until it clicks into place.

## OPERATING INSTRUCTIONS

---

### Navigation and Interface

The Headwolf HPad5 runs on Android 14, offering an intuitive user interface. Common gestures include:

- **Tap:** To select an item or open an app.
- **Swipe:** To scroll through pages or lists.
- **Pinch-to-Zoom:** To zoom in or out on images and web pages.
- **Long Press:** To access contextual menus or move app icons.
- **Swipe Down from Top:** To access Quick Settings and Notifications.

## Applications

The tablet comes pre-installed with essential Google applications. You can download more apps from the Google Play Store.

- **Opening Apps:** Tap on the app icon from the home screen or app drawer.
- **Switching Apps:** Use the recent apps button (usually a square icon at the bottom of the screen) or swipe up and hold from the bottom of the screen (gesture navigation) to see open applications.
- **Closing Apps:** Swipe the app card up from the recent apps screen.

## Cameras

The Headwolf HPad5 features a 16MP rear camera and an 8MP front camera for photos and video calls.

1. Open the Camera app.
2. Switch between front and rear cameras using the camera switch icon.

3. Tap the shutter button to take a photo or the record button to start/stop video recording.
4. Explore different modes like Portrait, Night, or Panorama if available.

## CONNECTIVITY

The Headwolf HPad5 offers robust wireless connectivity options.

- Wi-Fi:** Supports 2.4G and 5G Wi-Fi for fast and stable internet connections.
- Bluetooth:** Bluetooth 5.2 for connecting wireless accessories like headphones, speakers, and keyboards.
- GPS:** Integrated GPS, BDS, and Galileo for accurate location tracking and navigation.

## MAINTENANCE

### Cleaning Your Tablet

- Use a soft, lint-free cloth to clean the screen and body of the tablet.

- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner designed for electronics.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture.

## Battery Care

- Avoid exposing the tablet to extreme temperatures (hot or cold).
- Do not let the battery completely drain frequently.
- Use the original charger and cable for optimal charging performance and battery health.

## Software Updates

Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. You can usually find this option in Settings > System > System update.

## TROUBLESHOOTING

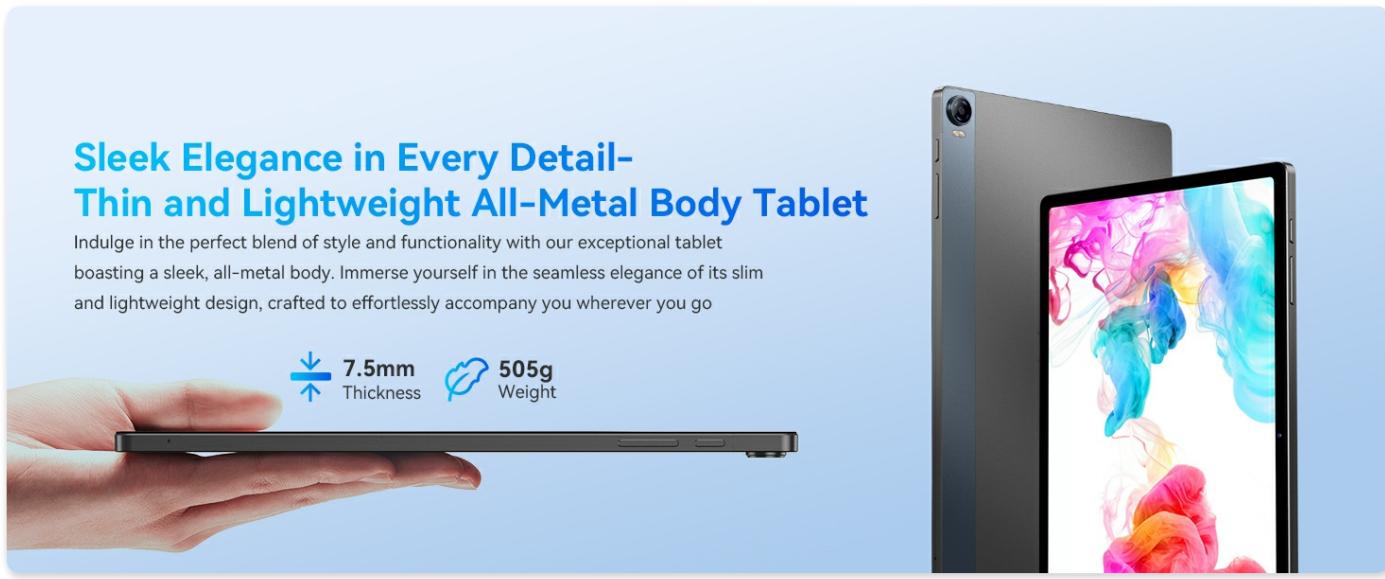

Problem	Possible Solution
Tablet won't turn on.	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, try a forced restart by holding the power button for 10-15 seconds.
Apps are crashing or freezing.	Close background apps. Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear cache). Restart the tablet. Ensure the app is updated to the latest version.
Wi-Fi connection issues.	Restart your Wi-Fi router. Forget the network on your tablet and reconnect. Ensure you are within range of the Wi-Fi signal.
Slow performance.	Close unused apps. Clear app caches. Check for system updates. Consider uninstalling rarely used apps to free up storage.
Battery drains quickly.	Reduce screen brightness. Turn off Wi-Fi/Bluetooth when not in use. Close background apps. Limit location services. Check battery usage in settings to identify power-hungry apps.

If you encounter persistent issues not covered here, please refer to the "Warranty and Support" section for further assistance.
