MOYAGOA 40ML

MOYAGOA Vitamin C Serum for Face & Eye Area Instruction Manual

PRODUCT OVERVIEW

The MOYAGOA Vitamin C Serum is formulated for facial and eye area application. It contains a blend of active ingredients designed to address various skin concerns, including brightening, anti-aging, and moisturizing.

Comparison before and after use

KEY INGREDIENTS AND BENEFITS

This serum combines several beneficial ingredients to support skin health:

- **Vitamin C:** Known for brightening skin and reducing the appearance of fine lines and wrinkles.
- **Hyaluronic Acid:** Provides deep moisture and nourishment to the skin.
- **Retinol:** Supports anti-aging and skin firming.
- **Vitamin E:** Offers anti-aging benefits, smooths, and aids in skin repair.
- **Niacinamide:** Contributes to brightening skin and fading dark spots.
- **Glycerin:** Helps to hydrate and soften the skin.

SETUP AND PREPARATION

Before applying the serum, ensure your face is clean and dry. This allows for optimal absorption of the product.

1. Cleanse your face thoroughly with your preferred facial cleanser.
2. Pat your skin dry with a clean towel.
3. Ensure the dropper is clean before use.

OPERATING INSTRUCTIONS (HOW TO USE)

Follow these steps for effective application of the MOYAGOA Vitamin C Serum:

1. **Step 1: Apply Drops.** After cleansing your face, take 3-5 drops of the serum into your palm.
2. **Step 2: Distribute.** Apply the serum to your face using your fingertips.
3. **Step 3: Massage.** Gently massage the serum into your skin until it is fully absorbed.
4. **Step 4: Frequency.** It is recommended to apply the serum twice a day, once in the morning and once at night.
5. **Step 5: Sun Protection (Daytime).** If you plan to go outdoors during the day, apply sunscreen after the serum for enhanced protection and better results.

MAINTENANCE AND STORAGE

- Store the serum in a cool, dry place, away from direct sunlight.
- Ensure the cap is tightly closed after each use to prevent oxidation and maintain product efficacy.
- Avoid extreme temperatures.

TROUBLESHOOTING AND COMMON QUESTIONS

- **Skin Irritation:** If you experience redness, itching, or irritation, discontinue use. Consult a dermatologist if symptoms persist. Perform a patch test on a small area of skin before full application, especially if you have sensitive skin.
- **Serum Color Change:** Vitamin C serums can naturally oxidize over time, leading to a darker color. While minor discoloration is normal, significant darkening may indicate reduced efficacy. Ensure the cap is sealed tightly after each use and store in a cool, dark place.
- **No Visible Results:** Consistent use is key. Skin improvement can take several weeks. Refer to the "Comparison before and after use" section for expected timelines.

olyone 40ML
