Key Features:

- **Light In-ear and Comfort Fit:** Ultra-lightweight earbuds, each weighing a mere 3.5g, with a semi-in-ear design for a comfortable and effortless fit.
- **Extended Battery Life:** Up to 40 hours of total playback with the charging case. A quick 10-minute charge provides up to 4 hours of music playback.
- **Immersive Sound:** Equipped with powerful 13mm dynamic drivers for extraordinary audio depth, delivering rich rhythms, beats, and melodies.
- **Seamless Connectivity:** Features Bluetooth 5.3 for stable and unwavering connections. Includes a dedicated gaming mode for minimal latency.
- **Clear Communication:** Dual microphones with Environmental Noise Cancellation (ENC) detect, identify, and reduce background noise for clearer voice communication.
- **Durable Design:** IPX4 waterproof rating provides protection against splashes and sweat.

Setup Guide

1. Initial Charging

Before first use, ensure your Black Shark T9 headphones are fully charged. Place both earbuds into the charging case and connect the case to a power source using a compatible USB cable. The indicator light on the case will show charging status.

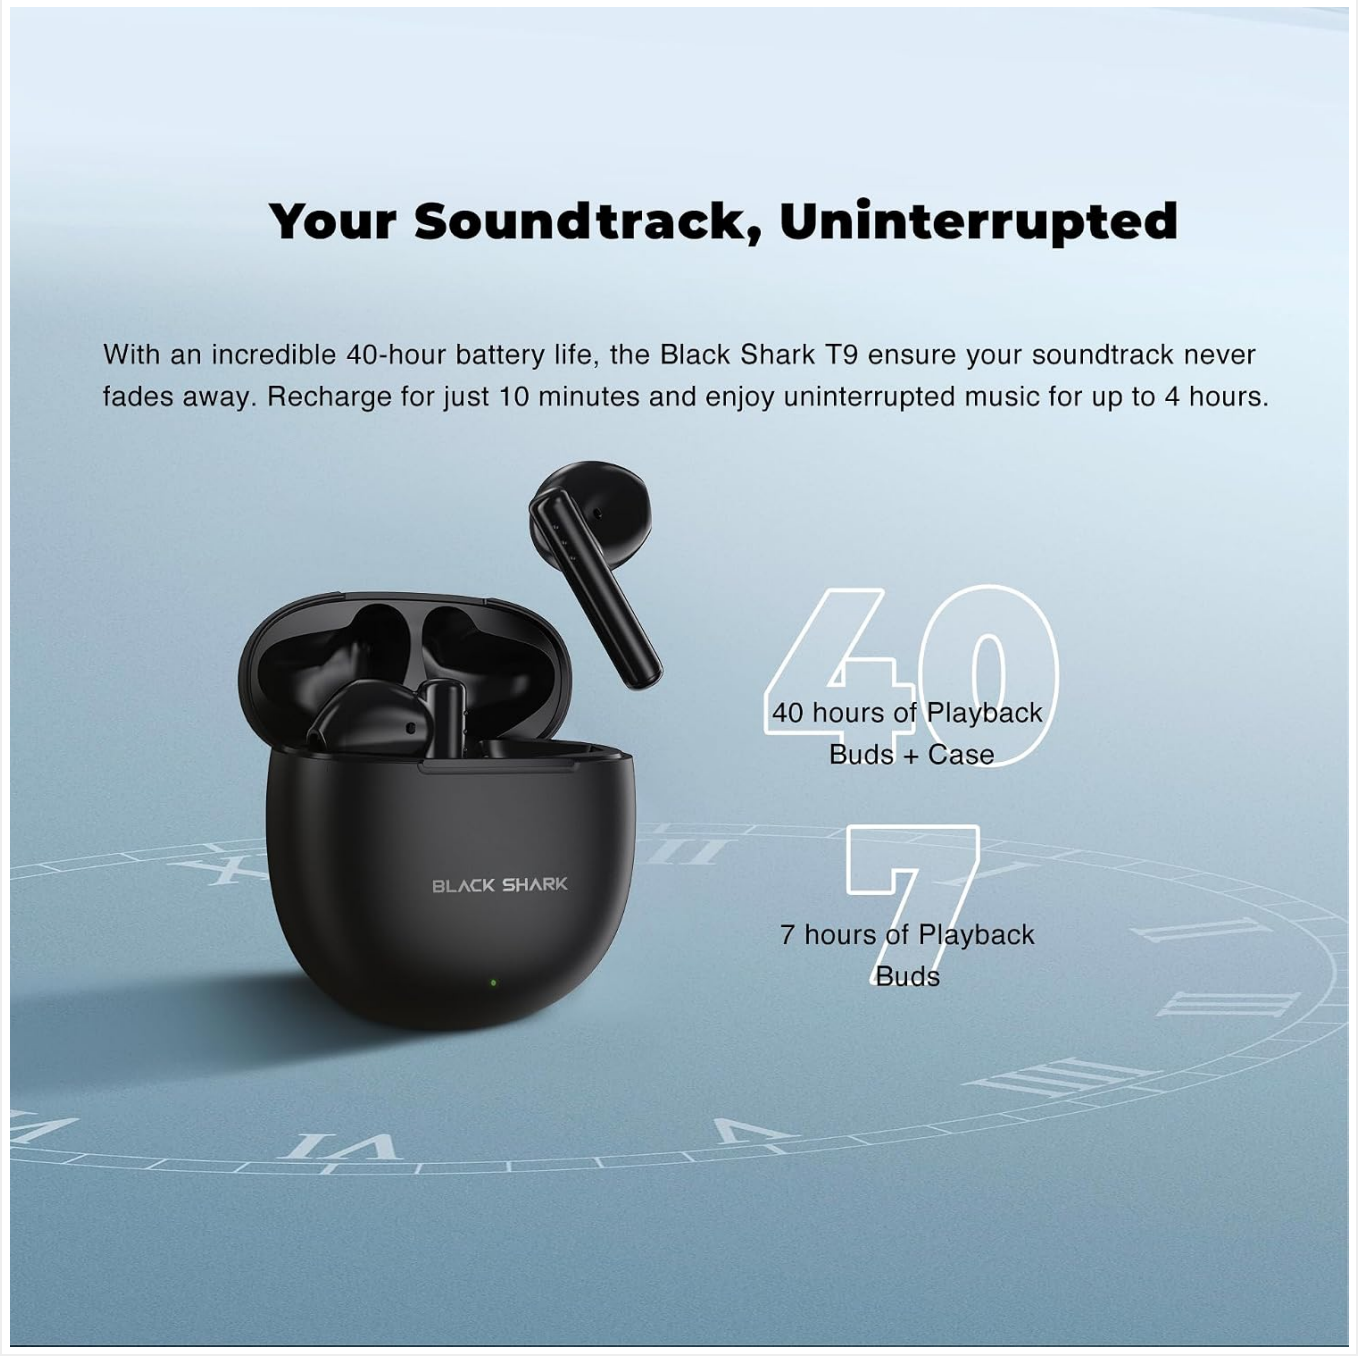

Image: The Black Shark T9 earbuds and charging case, highlighting the impressive 40-hour total battery life and quick charge capability.

2. Bluetooth Pairing

1. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light on the earbuds.
2. On your device (smartphone, laptop, tablet, gaming console), navigate to the Bluetooth settings.
3. Search for "Black Shark T9" in the list of available devices.
4. Select "Black Shark T9" to connect. Once connected, the indicator light on the earbuds will stop flashing.

3. Comfortable Fit

The Black Shark T9 earbuds are designed for a semi-in-ear fit. Gently insert each earbud into your ear canal and adjust for a secure and comfortable position. The lightweight design (3.5g per earbud) ensures extended wear without discomfort.

Operating Instructions

Touch Controls:

The Black Shark T9 headphones feature intuitive touch controls on each earbud for easy management of music and calls.

- **Double Tap:** Play/Pause music.
- **Triple Tap:** Skip Track.
- **Long Press both earbuds:** Switch to Gaming Mode.

Gaming Mode:

Activate gaming mode by long-pressing both earbuds simultaneously. This mode reduces audio latency for a more synchronized gaming experience.

Call Management:

The dual microphones with Environmental Noise Cancellation (ENC) ensure your voice is clear during calls by reducing background noise.

Maintenance

Cleaning:

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe down the surfaces. For stubborn dirt, slightly dampen the cloth with water. Avoid using abrasive materials or harsh chemicals.

Water Resistance (IPX4):

The Black Shark T9 headphones are IPX4 water-resistant, meaning they are protected against splashing water from any direction. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water or exposure to pressurized water jets. Ensure earbuds are dry before placing them back in the charging case.

Battery Care:

- Store the earbuds and case in a cool, dry place when not in use.
- Avoid extreme temperatures, which can degrade battery life.
- Charge the device regularly, even if not used frequently, to maintain battery health.

Troubleshooting

If you encounter any issues with your Black Shark T9 headphones, please refer to the common solutions below:

No Sound or Disconnection:

- Ensure both earbuds are charged.
- Check that Bluetooth is enabled on your device and the earbuds are within range.
- Try unpairing and re-pairing the earbuds with your device.
- Restart your device and the earbuds (by placing them in the case and closing/opening it).

Earbuds Not Charging:

- Ensure the charging cable is securely connected to both the case and the power source.
- Check if the charging contacts on the earbuds and inside the case are clean and free of debris.
- Try a different charging cable or power adapter.

Microphone Issues:

- Ensure the microphone holes are not obstructed.
- Check your device's audio settings to ensure the Black Shark T9 is selected as the input device.
- Test in a quieter environment to see if Environmental Noise Cancellation is functioning correctly.

Specifications

Feature	Detail
Model Name	T9
Connectivity Technology	Wireless (Bluetooth 5.3)
Audio Driver Type	Dynamic Driver
Audio Driver Size	13 Millimeters
Battery Life	Up to 40 Hours (with charging case)
