## 4. SETUP

Follow these steps to install your OHLPRO EC15 Car Charging Station:

1. **Attach the Headrest Mount:** Secure the headrest mount to one of the headrest bars of the front seat. Tighten the knob to ensure a firm grip.
2. **Connect the Charger:** Align the charging station with the headrest mount and attach it. The mount allows for 360-degree rotation for optimal positioning.
3. **Route the Power Cable:** Connect the integrated USB Type-C power cable from the charging station to a compatible USB Type-C power adapter in your vehicle. Ensure your vehicle has a Type-C port or use a compatible adapter.
4. **Secure the Cable (Optional):** Use the provided fixed stickers to neatly route and secure the power cable, preventing it from interfering with passenger movement or vehicle operation.

## 5. OPERATING INSTRUCTIONS

Using your OHLPRO EC15 charger is straightforward:

1. **Extend Cables:** Gently pull the desired charging cable (Lightning or USB-C) from its port until it reaches the required length. The cable will lock in place.
2. **Connect Device:** Plug the extended cable into your compatible smartphone, tablet, or other electronic device. The blue indicator light on the cable connector will illuminate when charging is active.
3. **Fast Charging:** The charger supports 18W fast charging for iPhones (Lightning port) and 27W super-fast charging for Samsung devices (USB-C port).
4. **Retract Cables:** After charging, gently pull the cable slightly further out, then release it. The cable will automatically retract back into the charging station, keeping your car interior tidy.

# UNIVERSAL COMPATIBILITY

## 6. SAFETY INFORMATION

The OHLPRO EC15 is equipped with smart safety features to protect your devices and the charger:

- **Overheating Protection:** Automatically prevents the device from overheating during charging.
- **Overcurrent Protection:** Safeguards against excessive electrical current.
- **Overcharging Protection:** Protects your devices from being overcharged, extending battery life.

### Important Note:

- Ensure your vehicle's power source (Type-C port or adapter) is compatible with the charger's input requirements.
- Do not attempt to disassemble or modify the charging station.
- Keep the device away from water, extreme temperatures, and direct sunlight.

## 7. TROUBLESHOOTING

If you encounter issues with your OHLPRO EC15, please refer to the following common solutions:

- **Device not charging:**

- Check if the main Type-C power cable is securely plugged into your car's power adapter.
- Ensure your car's power adapter is functioning correctly.
- Verify that the retractable cable is fully inserted into your device.
- Confirm your device is compatible with either Lightning or USB-C charging.

- **Cables not retracting:**

- Gently pull the cable slightly further out, then release it. The retraction mechanism requires a small pull to disengage the lock.
- Ensure there are no obstructions preventing the cable from retracting.

- **Slow charging:**

- Ensure your vehicle's power adapter provides sufficient power output (e.g., a 12V car socket with a compatible USB-C PD adapter).
- Check if your device supports fast charging and if the cable is properly connected.

## 8. MAINTENANCE

To ensure the longevity and optimal performance of your OHLPRO EC15 Car Charging Station:

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the charging station. Avoid using harsh chemicals or abrasive materials.
- **Cable Care:** Always allow the retractable cables to retract smoothly. Do not force them or pull them at an angle that could damage the mechanism.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight.

## 9. WARRANTY AND SUPPORT

The OHLPRO EC15 Backseat Retractable Car Charging Station comes with a **2-year warranty** from the date of purchase, covering manufacturing defects.

For technical support, warranty claims, or any questions regarding your product, please contact OHLPRO customer service through the retailer where you purchased the product or visit the official OHLPRO website.
