## 4. MAINTENANCE AND CARE

---

To ensure the longevity and optimal performance of your VASAGLE Electric Height-Adjustable Standing Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe the desk surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.

- **Motor Care:** The electric motor is designed for durability. Avoid overloading the desk beyond its maximum weight capacity (80 kg).
- **Cable Management:** Regularly check and organize cables to prevent tangling or damage, especially around moving parts.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your desk, please refer to the following common troubleshooting steps:

- **Desk Not Moving:**
  - Check if the power cord is securely plugged into both the desk and the wall outlet.
  - Ensure there are no obstructions preventing the desk from moving up or down.
- **Uneven Movement:**
  - Verify that the desk is on a level surface.
  - Ensure the weight on the desk is evenly distributed and does not exceed the maximum capacity.
- **Motor Noise:**
  - A low noise level (<50 dB) is normal during operation. If the noise is excessive or unusual, contact customer support.
- **Memory Presets Not Working:**
  - Re-program the memory presets following the instructions in Section 3.

If the problem persists after attempting these steps, please contact VASAGLE customer support for further assistance.
