MERITLINE HJH-LP665AAE

MERITLINE Queen Murphy Bed (Model HJH-LP665AAE) Instruction Manual

Space-Saving Wall Bed for Multipurpose Guest Room or Home Office

Product Overview

This MERITLINE Queen Murphy Bed is designed to maximize your living space by folding away into a cabinet when not in use. It is an ideal solution for guest rooms, home offices, or home gyms, providing a comfortable sleeping area without permanently occupying floor space. The bed features a mattress support with flexible slats for comfort and a dual piston system for smooth operation.

Image: The MERITLINE Queen Murphy Bed in its open position, displaying overall dimensions of 82.2"L x 68"W x 68.8"H. The bed frame is gray with wooden slats for mattress support.

Setup and Assembly

Assembly of your MERITLINE Queen Murphy Bed requires two adults and a clear, spacious area. The product is shipped in 3 boxes, which may arrive at different times. Please ensure all packages are received before beginning assembly. It is recommended to install this product on carpets to effectively reduce friction damage between the board and the ground. Sort all parts into part boxes for easier identification.

Installation Video Guide

Video: Detailed installation guide for a modern style high vertical wall bed. This video demonstrates the step-by-step assembly process, including tool preparation, part sorting, and connecting various components of the bed frame and cabinet.

Key Assembly Steps:

1. **Preparation:** Gather all tools (power drills, utility knife) and sort parts from the boxes. Place furniture cartons carefully to avoid

scratches.

2. **Assemble Cabinet Base:** Connect plates NO.28 and NO.31, then NO.23, NO.24, NO.31, NO.32, NO.33 using screws and wooden plugs. Ensure all connections are secure.
3. **Attach Wall Brackets:** Secure the wall brackets to the cabinet frame. Measure and mark the wall for proper alignment before drilling pilot holes and fixing the brackets. Ensure the frame is square by measuring diagonals (AB=CD).
4. **Assemble Bed Frame:** Connect the various metal plates (NO.1, NO.2, NO.3, NO.4, NO.5, NO.6, NO.7, NO.8, NO.9, NO.10, NO.11, NO.12, NO.13, NO.14) to form the bed frame.
5. **Install Gas Struts:** Attach the gas struts (part S) to the bed frame (plates NO.1 and NO.2) using the specified screws and washers.
6. **Attach Bed Base Panels:** Secure the wooden bed base panels (NO.18, NO.19, NO.20, NO.21, NO.22) to the metal bed frame using wooden plugs and screws.
7. **Connect Bed Frame to Cabinet:** Carefully lift and connect the assembled bed frame to the cabinet structure, ensuring the pivot points are correctly aligned and secured.
8. **Install Support Legs:** Attach the wooden support legs (part Q) to the bed frame (plates NO.25 and NO.26).
9. **Place Mattress:** Place your queen-size mattress (recommended 6 inches thick, 60-90 lb) onto the bed frame. Secure it with the provided straps to prevent slipping.

Operating Instructions

The MERITLINE Queen Murphy Bed features a dual piston system for smooth and quick operation. Always ensure the area around the bed is clear before opening or closing.

Opening and Closing the Bed

Video: Demonstration of opening and closing a cabinet bed. This video illustrates the simple steps to transform the cabinet into a bed and back, including unfolding the legs and securing the mattress.

1. **To Open:** Gently pull on the handles of the cabinet door. The bed frame will begin to lower. As it lowers, flip the support legs down onto the floor to secure the bed in the open position.
2. **To Close:** Ensure the mattress is properly secured with the straps. Lift the bed frame from the foot end, guiding it upwards. The dual piston system will assist in smoothly folding the bed back into the cabinet. Once fully upright, press the door latch to secure the bed frame within the cabinet.

When planning your space, allow for a clearance of 30 to 36 inches around the open bed to make getting in and out of bed easier.

Maintenance

To ensure the longevity and proper function of your MERITLINE Queen Murphy Bed, follow these maintenance guidelines:

- **Cleaning:** For the furniture finish, dry clean only. Avoid using harsh chemicals or abrasive cleaners that could damage the material.
- **Hardware:** Periodically check all screws and bolts to ensure they are tight. Retighten as necessary to maintain stability and durability.
- **Mechanism:** Keep the dual piston system free from obstructions. If the mechanism feels stiff, consult the manufacturer for recommended lubrication or service.

Troubleshooting

No specific troubleshooting steps are provided in the product information. If you encounter any issues with assembly or operation

that are not covered in this manual, please refer to the warranty and support section for contact information.

Specifications
