Norelco QP1924/70

Philips Norelco OneBlade Intimate

Model: QP1924/70

INTRODUCTION

The Philips Norelco OneBlade Intimate is an electric shaving and trimming system engineered for sensitive areas, including armpits and private parts. It features advanced skin protection technology to ensure a comfortable grooming experience for various hair lengths. This manual provides essential information for the safe and effective use and maintenance of your OneBlade Intimate device.

SAFETY INFORMATION

To ensure safe operation and prevent injury, please observe the following precautions:

- Keep the device out of reach of children.
- Do not disassemble or attempt to repair the device yourself. Refer to authorized service personnel for any repairs.
- Ensure the charging cable and device are dry before connecting to power.
- Do not use the device if it is damaged.

WHAT'S INCLUDED

Your Philips Norelco OneBlade Intimate set includes the following components:

- 1x Philips Norelco OneBlade Intimate handle
- 1x SkinProtect blade
- 1x 3mm body comb
- 1x USB-A charging cable (adapter not included)
- User manual (this document)

SETUP

Before first use, or when the battery is low, charge your OneBlade Intimate device:

1. Connect the USB-A charging cable to the device and a compatible USB power adapter (not included).
2. Charge the device for approximately 8 hours for a full charge. A full charge provides up to 30 minutes of cordless use.

Once charged, attach the desired blade or comb:

- To attach the SkinProtect blade, align it with the handle and press until it clicks into place.
- To attach the 3mm body comb, slide it over the SkinProtect blade until it securely clips on.

OPERATING INSTRUCTIONS

The Philips Norelco OneBlade Intimate is designed for trimming and shaving hair on sensitive areas such as armpits, pubic areas, and legs. It can be used wet or dry, with or without foam, and is safe for use in the shower.

General Usage Steps:

1. Ensure the device is charged.
2. Attach the desired blade or 3mm body comb.
3. For best results, stretch the skin in the area you are grooming.
4. Lay the blade flat against your skin.
5. Shave slowly against the grain of the hair. The unique OneBlade Technology features a fast-moving cutter (100x per second) and a triple protection system (rounded edges, bridge of the skin protector, and rounded tips) to prevent nicks, cuts, and irritation.
6. After use, turn off the device.

Simple steps for easy use

1) Stretch your skin

2) Lay the blade flat

3) Shave slowly against the grain

Unique OneBlade Technology

Power through any length of hair
with extra protection for your
sensitive armpit and pubic skin

Image: The OneBlade Intimate's unique technology allows it to power through any length of hair while protecting sensitive skin.

Wet and Dry Use:

The OneBlade Intimate is fully waterproof (IPX7 rated), allowing for versatile use:

- Use it dry for a quick trim or shave.
- Use it wet with water, shaving foam, or gel for a more comfortable experience, even in the shower.

Showerproof

Shave with or without
foam, even in the shower

Image: The device is showerproof, allowing for wet shaving with or without foam.

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene of your OneBlade Intimate:

- After each use, rinse the device under running tap water.
- Ensure all hair and debris are removed from the blade and comb.
- Shake off excess water and allow the device to air dry completely before storing or recharging.

**100%
waterproof
(IPX7) and
easy to clean**

**Just rinse
under the tap**

**Shave wet
or dry, with
or without
foam, even
in the shower**

TROUBLESHOOTING

This section addresses common issues you might encounter with your Philips Norelco OneBlade Intimate. If you experience problems not listed here, please refer to the manufacturer's support resources.

- **Device not turning on:** Ensure the device is fully charged. The battery requires an 8-hour charge for 30 minutes of use.
- **Poor shaving performance:** The blade may be worn out. Replace the SkinProtect blade. Ensure the blade is clean and free of hair debris.
- **Irritation during use:** Ensure you are stretching the skin and laying the blade flat against the surface. Shave slowly against the grain. If irritation persists, ensure the blade is not dull and consider replacing it.
- **Device not charging:** Check the USB-A charging cable for damage. Ensure the power adapter (not included) is functioning correctly.
