## Norelco X3052/91

# Philips Norelco Shaver 2600 Series User Manual

Model: X3052/91

## INTRODUCTION

This manual provides essential information for the safe and effective use of your Philips Norelco Shaver 2600 Series. Please read these instructions carefully before first use and retain them for future reference. The Shaver 2600 Series is designed to provide a comfortable and clean shave, featuring 27 self-sharpening ComfortCut Blades and 4D Flex Heads for optimal skin contact.

## SAFETY INFORMATION

No specific safety warnings are provided beyond general product use guidelines. Always ensure the shaver is clean and dry before charging. Do not immerse the charging cable or adapter in water. Keep out of reach of children.

## SETUP

### Initial Charge

Before the first use, fully charge the shaver for approximately 1 hour. Use the provided USB-A charging cable. A

power adapter is not included and must be supplied by the user.

## OPERATING INSTRUCTIONS

### Shaving

The Philips Norelco Shaver 2600 Series can be used for both wet and dry shaving. For a dry shave, simply press the power button and glide the shaver over your face. For a refreshing wet shave, apply shaving cream or gel before use. The 4D Flex Heads adapt to the contours of your face, ensuring even contact and protecting your skin from nicks and cuts.

# Skin Protect technology

### **Using the Pop-up Trimmer**

The integrated pop-up trimmer is ideal for defining your mustache or sideburns. Simply slide the trimmer switch upwards to engage the trimmer, then carefully shape your desired areas.

## Pop-up trimmer to refine your sideburns and moustache

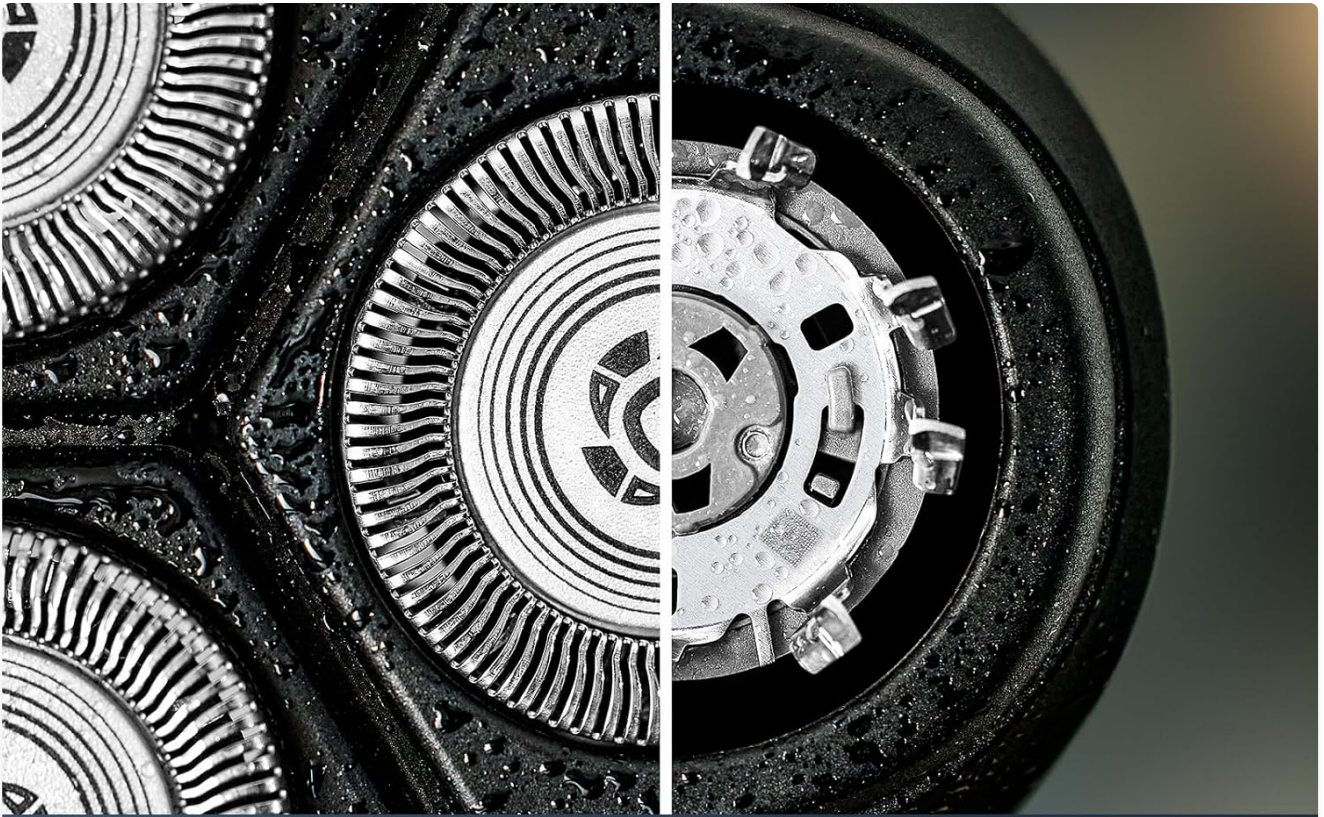

Image: A hand demonstrating the use of the pop-up trimmer on the Philips Norelco Shaver 2600 Series, suitable for refining sideburns and mustaches.

### **MAINTENANCE**

#### **Cleaning**

The shaver is fully washable. After each use, clean the shaver head thoroughly under running water. This ensures optimal performance and hygiene.

## Anti-Corrosion Shaving System respects the skin

### Blade Replacement

To maintain optimal shaving performance, it is recommended to replace the SH30 blade refills every 12 months. Replacement blades are sold separately.

### TROUBLESHOOTING

For common issues, ensure the shaver is fully charged and clean. If the shaver is not performing as expected, ensure the blades are not clogged with hair and are properly seated. For more detailed troubleshooting or persistent issues, please refer to the official Philips Norelco support website or contact customer service.
