COSTWAY JZ10158CFFR

COSTWAY Industrial Ottoman Storage Bench

Model: JZ10158CFFR

INTRODUCTION

Thank you for choosing the COSTWAY Industrial Ottoman Storage Bench. This versatile furniture piece combines comfortable seating with ample storage, making it an ideal addition to your entryway, bedroom, or living room. Designed with a sturdy metal frame, engineered wood, and a comfortable padded cushion, it offers both durability and functionality. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your product.

BANC OTTOMAN DE RANGEMENT

Gardez votre maison propre et bien rangée

SAFETY INSTRUCTIONS

- Read all instructions carefully before assembly and use.
- Keep all packaging materials away from children and pets to prevent choking hazards.
- Ensure all parts are securely fastened before using the bench.
- Do not exceed the maximum weight capacity of 150 kg for seating and 40 kg for the storage chest. Each drawer supports up to 10 kg.
- Use the safety hinge mechanism when opening and closing the lid to prevent sudden closure and potential injury.
- Place the bench on a flat, stable surface. Adjustable foot pads are provided for stability on uneven floors.
- Avoid standing on the bench or using it as a step stool.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Item	Description	Quantity
Storage Ottoman Bench	Main bench frame with padded cushion and flip-top lid	1
Drawers	Deep storage drawers with wheels	2
Protective Covers	Covers for the top of the drawers	2
Assembly Instructions	Detailed step-by-step guide	1
Hardware Kit	Screws, bolts, Allen keys, screwdriver (with extra pieces)	1 set

SETUP AND ASSEMBLY

Assembly of the COSTWAY Industrial Ottoman Storage Bench is designed to be straightforward. All parts are clearly numbered, and the hardware is well-organized. It is recommended to have a second person assist, especially when attaching the lid.

Tools Required:

- Provided Allen keys
- Provided Phillips head screwdriver

Assembly Steps:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Identify each part using the numbered labels and the assembly diagram in the included instructions.

2. **Assemble the Metal Frame:** Follow the numerical sequence in the provided manual to connect the metal frame pieces using the designated screws and bolts. Ensure all connections are snug but do not overtighten until the frame is fully assembled.
3. **Attach Engineered Wood Panels:** Secure the engineered wood side and back panels to the assembled metal frame. Pay attention to the orientation of each panel as indicated in the manual.
4. **Install the Storage Chest Base:** Place and secure the bottom panel of the main storage chest.
5. **Assemble the Drawers:** Construct the two deep drawers. Attach the smooth wheels to the bottom of each drawer. Ensure the wheels are securely fastened for easy gliding.
6. **Attach the Padded Lid:** This step may require two people. Carefully align the hinges on the padded lid with the corresponding points on the main bench frame. Secure the hinges using the provided hardware. The safety hinge mechanism should be installed according to the manual to prevent the lid from slamming shut.
7. **Insert Drawers and Protective Covers:** Slide the assembled drawers into their designated slots beneath the main storage chest. Place the protective covers on top of the drawers to prevent dust accumulation.
8. **Adjust Foot Pads:** Once the bench is fully assembled and in its desired location, adjust the height of the adjustable foot pads on the metal frame to ensure the bench is stable and level on your floor.

OPERATING INSTRUCTIONS

Using the Seating Function:

The padded cushion provides a comfortable seating surface. Ensure the bench is placed on a stable floor and all assembly steps are completed before sitting. The bench is designed to support up to 150 kg.

Accessing the Top Storage Chest:

1. Locate the cut-out handle on the front of the lid.
2. Gently lift the lid using the handle. The safety hinge mechanism will hold the lid open, preventing it from closing abruptly.
3. Place or retrieve items from the spacious interior chest.
4. To close, gently push the lid down until it rests securely on the bench frame. The safety hinge will ensure a controlled closure.

Using the Drawers:

1. Grasp the handle on the front of either drawer.
2. Pull the drawer outwards. The smooth wheels will allow it to glide easily.
3. Place or retrieve items from the deep drawer.
4. To close, gently push the drawer back into its slot until it is fully recessed.
5. The protective covers can be placed on top of the drawers to keep contents dust-free. These covers are removable for easy cleaning or if you prefer not to use them.

Image: Key features including the soft PU cushion, flexible hinge mechanism for safe lid operation, convenient cut-out handle, and adjustable foot pads for stability.

MAINTENANCE

Proper care and maintenance will extend the life and appearance of your COSTWAY Industrial Ottoman Storage Bench.

Cleaning:

- **Wood and Metal Surfaces:** Wipe with a damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Dry immediately with a clean cloth.
- **Padded Cushion:** For general cleaning, wipe with a damp cloth. For spills, blot immediately with a clean, dry cloth. For deeper cleaning, use a mild upholstery cleaner according to its instructions. Do not saturate the fabric.
- Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.

General Care:

- Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- Avoid exposing the bench to direct sunlight or extreme temperature changes, as this can cause the wood to warp or fade.
- Do not place hot items directly on the surface without protection.
- If moving the bench, lift it rather than dragging it to prevent damage to the legs and floor.

TROUBLESHOOTING

If you encounter any issues with your storage bench, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bench is wobbly or uneven.	Uneven floor surface; loose connections.	Adjust the height of the adjustable foot pads until the bench is stable. Check and tighten all assembly screws and bolts.
Lid does not open smoothly or slams shut.	Hinges are stiff or improperly installed; safety hinge mechanism not engaged.	Ensure the safety hinge mechanism is correctly installed and functioning. Apply a small amount of silicone lubricant to the hinges if they are stiff. Check hinge alignment.
Drawers are difficult to pull out or push in.	Wheels are obstructed or damaged; drawer contents are too heavy.	Check for any obstructions under the drawers or around the wheels. Ensure the drawers are not overloaded (max 10 kg per drawer). Inspect wheels for damage.
Scratches or marks on surfaces.	Impact or abrasive cleaning.	For minor scratches on wood, use a wood repair marker or polish. For metal, a touch-up paint may be used. Always use soft cloths for cleaning.

If the problem persists after attempting these solutions, please contact COSTWAY customer support for further assistance.
