2.1. Magnetic Closure

The case features side magnets that ensure the cover remains securely closed when not in use. This helps protect the tablet screen and keeps the case compact for transport.

2.2. Stand Functionality

The Slim Flip Stand Case is designed to fold into a stand, offering multiple viewing angles for your tablet. This allows for comfortable hands-free use, whether for watching videos or typing.

- **Viewing Angle:** Fold the front cover back and tuck it into the designated groove to create an upright stand, ideal for media consumption.
- **Typing Angle:** A lower angle can be achieved by adjusting the fold, providing a more ergonomic position for typing or interacting with the touchscreen.

Ergonomic Structure

Built-in magnets bolster different positions.

- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Avoid Sharp Objects:** Prevent contact with sharp objects to avoid scratches or punctures.

4. COMMON ISSUES AND SOLUTIONS

- Issue:** Tablet does not fit correctly.
Solution: Ensure the case is specifically designed for the Aocwei X500 10-Inch Tablet. Verify that the tablet is aligned properly and all corners are fully inserted.
