

## QFX VP-110

# QFX VP-110 Progressive Scan DVD/CD Player

## User Manual

### 1. INTRODUCTION

The QFX VP-110 is a versatile digital multimedia player designed for home entertainment. It supports DVD and CD playback, features an HDMI output for high-definition video, and includes functionalities such as CD ripping to USB and an integrated FM radio tuner. This manual provides essential information for setting up, operating, and maintaining your device.

### 2. PACKAGE CONTENTS

Please check the package for the following items:

- QFX VP-110 DVD/CD Player
- Remote Control (requires 2x AAA batteries, not included)
- Power Cable
- User Manual

### 3. PRODUCT OVERVIEW

Familiarize yourself with the main components of your QFX VP-110 player.

#### 3.1 Front Panel and Remote Control

**Image 1:** Front view of the QFX VP-110 DVD/CD Player alongside its remote control. The player features a disc tray, display, and control buttons. The remote control provides comprehensive functions for playback, menu navigation, and settings.

**Image 2:** An angled perspective of the QFX VP-110 DVD/CD Player, highlighting its compact design and front panel layout including the disc tray and display.

### 3.2 Rear Panel Connections

**Image 3:** The rear panel of the QFX VP-110 DVD/CD Player, displaying the HDMI output, composite video output, stereo audio outputs (RCA), and the AC power input. These ports are used for connecting the player to a television or audio system.

## 4. SETUP

Follow these steps to connect your DVD/CD player to your television and power source.

### 4.1 Connecting to a Television

1. **HDMI Connection (Recommended):** Connect one end of an HDMI cable (not included) to the **HD OUT** port on the rear of the player and the other end to an HDMI input on your television. Select the corresponding HDMI input on your TV.
2. **Composite Video Connection:** If your TV does not have an HDMI input, connect a composite video cable (yellow RCA) to the **VIDEO** output on the player and the corresponding video input on your TV. Connect the red and white RCA audio cables to the **R** (right) and **L** (left) audio outputs on the player and the corresponding audio inputs on your TV.

## 4.2 Power Connection

1. Plug the power cable into the **AC IN** port on the rear of the player.
2. Plug the other end of the power cable into a standard electrical outlet.

## 4.3 Remote Control Battery Installation

Open the battery compartment on the back of the remote control and insert two AAA batteries, ensuring correct polarity (+/-). Close the compartment securely.

# 5. OPERATING INSTRUCTIONS

---

## 5.1 Disc Playback (DVD/CD)

1. Turn on your television and the QFX VP-110 player. Select the correct input source on your TV.
2. Press the **OPEN/CLOSE** button on the player or remote control to open the disc tray.
3. Place a DVD or CD disc gently onto the disc tray with the label side facing up.
4. Press the **OPEN/CLOSE** button again to close the disc tray. The player will automatically begin playback or display a disc menu.
5. Use the remote control's navigation buttons (Up, Down, Left, Right) and **ENTER** button to navigate menus. Use **PLAY/PAUSE**, **STOP**, **FF** (Fast Forward), and **REW** (Rewind) for playback control.

## 5.2 CD Ripping to USB

The player allows you to convert audio tracks from a CD into MP3 files and save them to a USB drive.

1. Insert an audio CD into the disc tray.
2. Insert a USB flash drive into the USB port on the front of the player.
3. During CD playback, press the **RIP** button on the remote control (if available) or navigate through the on-screen menu to find the ripping function.
4. Follow the on-screen prompts to select tracks and start the ripping process.

## 5.3 FM Radio Operation

1. Press the **MODE** or **FUNCTION** button on the remote control to switch to FM radio mode.
2. Use the **TUNE+** and **TUNE-** buttons to manually tune to a station, or press **SCAN** to automatically search and save available stations.
3. Adjust the volume using the **VOL+** and **VOL-** buttons.

# 6. MAINTENANCE

---

Proper care ensures the longevity and optimal performance of your player.

- **Cleaning the Unit:** Wipe the exterior of the player with a soft, dry cloth. Do not use liquid cleaners or

abrasive materials.

- **Cleaning Discs:** Use a soft, lint-free cloth to wipe discs from the center outwards. Avoid touching the playback surface.
- **Ventilation:** Ensure the player has adequate ventilation. Do not block ventilation openings.
- **Storage:** Store the player in a cool, dry place away from direct sunlight and extreme temperatures.

## 7. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
No power	Power cable not connected; Power outlet faulty	Ensure power cable is securely connected. Try a different outlet.
No picture on TV	Incorrect TV input selected; Loose HDMI/AV cable	Select the correct HDMI or AV input on your TV. Check cable connections.
No sound	TV/player volume too low; Audio cables loose	Increase volume on TV and player. Check audio cable connections.
Disc not playing	Disc is dirty, scratched, or incompatible format	Clean the disc. Try a different disc. Ensure disc format is supported (DVD+/-R, DVD+/-RW, CD, CD-R, CD-RW).
Remote control not working	Batteries depleted or incorrectly inserted; Obstruction between remote and player	Replace batteries. Ensure correct polarity. Remove any obstructions.

## 8. SPECIFICATIONS
