6. MAINTENANCE

To ensure the longevity of your construction toy, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the toy with a soft, dry cloth to remove dust. For more thorough cleaning, use a slightly damp cloth with mild soap and water, then dry completely. Do not submerge in water.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. The Poké Ball can be used for storing the Jigglypuff pieces when disassembled.
- **Handling:** Avoid excessive force when connecting or disconnecting pieces to prevent damage.

7. TROUBLESHOOTING

If you encounter any issues with your MEGA Pokémon Construction Toy, refer to the following common solutions:

- **Difficulty Connecting Pieces:** Ensure pieces are aligned correctly. Apply gentle, even pressure. Avoid forcing pieces together, as this can cause damage.
- **Loose Connections:** If pieces do not stay together firmly, double-check the alignment and ensure no foreign objects are obstructing the connection points.
- **Missing Pieces:** Carefully check the packaging and play area. If a piece is genuinely missing, contact customer support (see Section 9).
- **Damaged Pieces:** If any piece is damaged upon opening or during assembly, discontinue use of that piece and contact customer support for a replacement.
