

GAOMON PB-074

GAOMON PB-074 Coffee Bar Cabinet User Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your GAOMON PB-074 Coffee Bar Cabinet. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This cabinet is designed to offer versatile storage and display solutions for your kitchen, dining area, or living space.

SAFETY INFORMATION

- Exercise caution when handling heavy parts during assembly. It is recommended to assemble with two people.
- Do not exceed the weight limit of **150 lbs (68 kg)** for the tabletop. Overloading can cause structural damage or injury.
- Be aware of potential pinch points on drawers and doors during operation. Keep fingers clear.
- Use appropriate safety gear, such as gloves, when assembling the cabinet to prevent minor injuries.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Place the cabinet on a flat, stable, and level surface to prevent tipping.
- Keep small parts and hardware away from children and pets to avoid choking hazards.

PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer service.

- Cabinet Panels (Top, Bottom, Sides, Back, Shelves, Drawer Fronts, Door Panels)
- Hardware Pack (Screws, Dowels, Cam Locks, Hinges, Drawer Slides, Handles/Knobs)

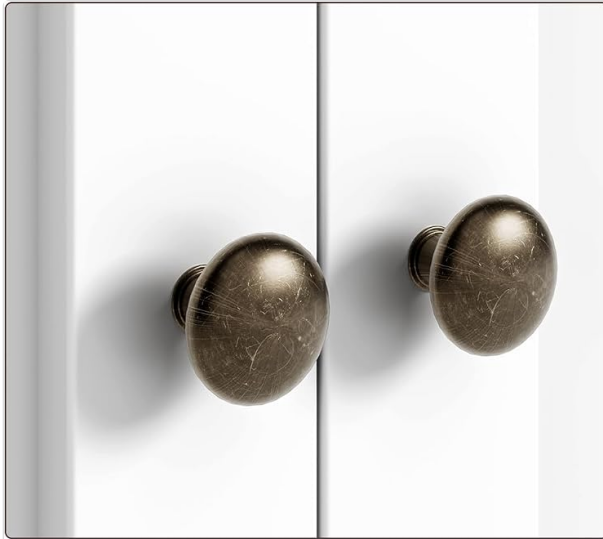

- Adjustable Shelf Pins
- Assembly Instructions Manual

ASSEMBLY INSTRUCTIONS

The GAOMON PB-074 cabinet requires assembly. It comes with clear, numbered instructions and corresponding pieces for straightforward assembly. Please follow the included step-by-step guide carefully. A Phillips head screwdriver and a hammer (not included) may be required.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all panels and hardware. Match them with the parts list in your separate assembly guide.
2. **Assemble the Base:** Attach the side panels to the bottom panel using the provided dowels and cam locks.
3. **Install Back Panel:** Secure the back panel to the assembled frame.
4. **Assemble Drawers:** Construct the two drawers by attaching the sides, back, and bottom to the drawer fronts. Install the drawer slides onto the drawer boxes and the cabinet frame.
5. **Attach Top Panel:** Secure the top panel to the main cabinet structure.
6. **Install Doors:** Attach the hinges to the door panels and then mount the doors to the cabinet frame. Adjust hinges for proper alignment.
7. **Insert Adjustable Shelf:** Place the shelf pins into the desired holes within the cabinet compartment and rest the adjustable shelf on top.
8. **Attach Handles/Knobs:** Secure the decorative handles to the drawer fronts and door panels.

Customize the storage space you need

The GAOMON PB-074 Coffee Bar Cabinet is designed for versatile use and efficient storage.

- **Ample Storage Space:** Utilize the wide tabletop for appliances like microwaves, toasters, or coffee makers. The two smooth-gliding drawers are ideal for smaller items such as coffee pods, utensils, or seasonings.
- **Adjustable Shelf:** The double-door cabinet features an adjustable shelf, allowing you to customize the internal storage height to accommodate various items, from tall bottles to stacks of dishes.
- **Multi-functional Design:** This cabinet can serve various purposes beyond a coffee bar. It functions effectively as a buffet sideboard in a dining room, a console table in a hallway, or a floor cabinet for toiletries in a bathroom.

Ample Storage Space

Keep your dining essentials and coffee supplies organized and easily accessible.

MAINTENANCE

- **Cleaning:** Clean the engineered wood cabinet with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish.
- **Spills:** Wipe up spills immediately to prevent staining or water damage.
- **Hardware Check:** Periodically check all screws, bolts, and fasteners to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the finish.
- **Heat Protection:** Use coasters or protective pads under hot items placed on the tabletop to prevent heat damage.

TROUBLESHOOTING

Common Issues and Solutions:

- **Cabinet is Wobbly:**
Solution: Ensure all cam locks and screws are fully tightened. Verify the cabinet is on a level surface. Adjust leg levelers if applicable (not explicitly stated for this model, but a common furniture feature).
- **Drawers Do Not Slide Smoothly:**
Solution: Check that the drawer slides are correctly installed and aligned on both the drawer box and the cabinet frame. Ensure no debris is obstructing the slides. Lubricate slides with a silicone-based spray if necessary.
- **Doors Are Misaligned or Do Not Close Properly:**
Solution: Adjust the hinges. Most cabinet hinges have screws for vertical, horizontal, and depth adjustments. Refer to your specific hinge instructions for detailed adjustment procedures. Ensure the cabinet itself is level.
- **Missing Hardware or Damaged Parts:**
Solution: Do not proceed with assembly. Contact GAOMON customer service immediately with your product model number and a description of the missing or damaged parts.
