Bburago 38083V

Bburago 1:43 Oracle Red Bull Racing RB19 (2023) Diecast Model Instruction Manual

Model: 38083V

Introduction Safety Information Setup Operating & Display Maintenance Troubleshooting Specifications Support

1. Introduction

This manual provides instructions for the Bburago 1:43 scale Oracle Red Bull Racing RB19 (2023) diecast model, featuring driver Max Verstappen #1. This highly detailed replica is designed for display and collection, capturing the essence of the Formula 1 car from the 2023 season.

The model is constructed from alloy diecast metal with plastic details and rubber tires, ensuring a realistic appearance. It is intended for enthusiasts and collectors aged 14 years and up.

2. Safety Information

Caution: Small Parts.

This product contains small parts which may pose a choking hazard. It is not suitable for children under 3 years of age. The manufacturer recommends this product for individuals aged 14 years and up.

Keep the model away from pets and young children to prevent accidental ingestion of small components.

3. Setup and Unboxing

Your Bburago RB19 diecast model comes securely packaged in a display case to protect it during transit. Follow these steps to unbox and prepare your model for display:

1. **Inspect Packaging:** Carefully examine the outer packaging for any signs of damage before opening.
2. **Open the Box:** Gently open the retail box. The model is typically secured within a clear acrylic display case.
3. **Remove from Case:** The model is usually attached to a baseplate inside the display case. To remove it, you may need to twist a locking mechanism on the underside of the baseplate or unscrew small fasteners. Handle the model by its base or main body, avoiding delicate parts like wings or mirrors.
4. **Placement:** Choose a stable, flat surface for display, away from direct sunlight, extreme temperatures, and high humidity.

Figure 2: The Bburago RB19 model as packaged in its retail display box.

The display case is designed to protect the model from dust and damage. It is recommended to keep the model within its case for long-term preservation.

4. Operating and Display

This Bburago diecast model is a static display item and is not designed for active play. Its wheels are fixed and do not rotate freely. The primary function of this model is for collection and visual appreciation.

4.1 Handling the Model

- Always handle the model with clean hands to avoid transferring oils or dirt.
- Lift the model by its main body or base, not by delicate components such as the front wing, rear wing, or mirrors.
- Avoid dropping the model or subjecting it to impacts, as this can cause damage to the paintwork or break small parts.

4.2 Display Recommendations

- Display the model in a location where it is safe from accidental knocks or falls.
- Consider using the provided display case to protect the model from dust and environmental factors.
- For optimal viewing, position the model where its intricate details and livery can be appreciated.

Figure 3d: Angled rear-left perspective of the RB19 model, detailing the sidepods and rear wheel.

5. Maintenance

Proper maintenance will help preserve the appearance and condition of your diecast model for years to come.

5.1 Cleaning

- **Dusting:** Regularly dust the model using a soft, dry brush or a microfiber cloth. For intricate areas, a soft artist's brush can be effective.
- **Fingerprints/Smudges:** If fingerprints or smudges appear, gently wipe them with a slightly damp, lint-free cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the paint or decals.
- **Display Case:** Clean the acrylic display case with a soft cloth and a mild glass cleaner or plastic cleaner. Avoid ammonia-based cleaners, which can damage acrylic.

5.2 Storage

- Store the model in its original display case or a similar protective enclosure to prevent dust accumulation and accidental damage.
- Keep the model away from direct sunlight, which can cause paint fading and material degradation over time.
- Avoid areas with extreme temperature fluctuations or high humidity, as these conditions can affect the model's materials.

6. Troubleshooting

While diecast models are generally robust for display, minor issues can sometimes occur.

6.1 Loose or Detached Small Parts

- If a small part (e.g., antenna, mirror) becomes loose or detaches, it can often be reattached using a small amount of model-specific adhesive. Apply adhesive sparingly with a toothpick.
- Ensure the part is correctly oriented before applying adhesive.
- If the part is broken or missing, contact the manufacturer's support for potential replacement options.

6.2 Paint or Decal Damage

- Minor paint chips or decal damage are typically difficult to repair without specialized tools and paints.
- To prevent further damage, avoid rubbing the affected area.

For any significant damage or manufacturing defects, refer to the "Support and Warranty" section.

7. Specifications

Feature	Detail
Model Name	Oracle Red Bull Racing RB19 (2023) w/Driver - Verstappen #1
Brand	Bburago
Model Number	38083V
Scale	1:43
