ASAKUKI AH002

ASAKUKI 3L Top Fill Cool Mist Humidifier User Manual

Model: AH002 | Brand: ASAKUKI

Introduction

Thank you for choosing the ASAKUKI 3L Top Fill Cool Mist Humidifier. This 3-in-1 device functions as a quiet air humidifier, an oil diffuser, and a night light, designed to enhance comfort and air quality in your home. With its large 3-liter water tank, it provides continuous mist for up to 30 hours on a low setting, helping to alleviate dry skin, congestion, and coughing. Its user-friendly design ensures easy refilling and cleaning, and the automatic shut-off feature provides safety for your family.

Important Safety Instructions

WARNING: To reduce the risk of fire, electric shock, or injury, read and save these instructions before using this appliance.

- Always place the humidifier on a firm, flat, water-resistant surface.
- Do not place the humidifier on carpet, near heat sources, or in direct sunlight.
- Do not add water or essential oils into the air outlet.
- Unplug the humidifier when not in use, before cleaning, or when refilling.
- Keep out of reach of children and pets.
- Do not place exposed scented pads on furniture.
- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent white dust.
- This appliance is for household use only.

Product Components

The ASAKUKI Humidifier comes with the following parts:

- Main Unit (Base with control knob and light button)
- Water Tank (Transparent upper section)

- Top Lid (With rotatable mist nozzle)
- Mist Tube (Internal, detachable for cleaning)
- Essential Oil Tray (Pull-out tray on the side)
- ASAKUKI Scented Pad (Lavender)
- Aroma Pads (3 pieces for essential oils)
- User Manual

Setup Guide

1. **Unpack:** Carefully remove all components from the packaging. Ensure all packing materials are removed from the unit.

Figure 2: Humidifier and included accessories upon unboxing.

2. **Place on a Stable Surface:** Position the humidifier on a flat, stable, and water-resistant surface away from direct sunlight or heat sources. Ensure it is at least 6 inches away from walls and furniture.

Figure 3: Proper placement of the humidifier in a room.

3. **Fill Water Tank:** Remove the top lid. Fill the water tank with clean, cool tap water. Do not exceed the maximum fill line indicated inside the tank. Avoid pouring water into the mist tube.

Figure 4: Easy top-fill design for convenient water replenishment.

4. **Add Essential Oils (Optional):** Pull out the essential oil tray located on the side of the base. Place one of the aroma pads or the lavender scented pad into the tray. Add a few drops of your preferred essential oil onto the pad. Slide the tray back into place.

Figure 5: Adding essential oils to the dedicated aroma tray.

5. **Replace Lid:** Securely place the top lid back onto the water tank.
6. **Plug In:** Connect the power cord to a suitable electrical outlet.

Operating Instructions

1. **Power On/Adjust Mist:** Turn the control knob clockwise from the "OFF" position to power on the humidifier and adjust the mist output from minimum to maximum.

Figure 6: Adjusting mist output using the control knob.

2. **Adjust Mist Direction:** Rotate the mist nozzle on the top lid 360 degrees to direct the mist flow as desired.

Figure 7: The 360-degree rotatable nozzle allows for flexible mist direction.

3. **Night Light Function:** Press the light button next to the control knob to turn the night light on or off.

Figure 8: The night light provides a soft glow for nighttime use.

4. **Automatic Shut-off:** The humidifier will automatically turn off when the water level is too low. Refill the tank to resume operation.

Maintenance and Care

Regular cleaning is essential to ensure optimal performance and hygiene of your humidifier. It is recommended to clean your humidifier every 3 days.

1. **Daily Maintenance:** Empty the water tank and wipe it dry with a clean cloth. If using essential oils, clean the aroma tray.
2. **Weekly Cleaning:**
    - Unplug the unit and remove the top lid.
    - Remove the detachable mist tube.
    - Clean the water tank and mist tube with a soft brush and mild detergent. Rinse thoroughly.
    - For mineral buildup, fill the base with a mixture of equal parts white vinegar and water. Let it soak for 30

minutes, then scrub with a brush and rinse.

- Wipe all surfaces dry before reassembling.

Figure 9: Detachable mist tube and wide opening for easy cleaning.

3. **Storage:** If not using for an extended period, clean and dry the unit completely before storing it in a cool, dry place.

Troubleshooting Guide

Problem	Possible Cause	Solution
No mist or low mist output	Low water level; Mineral buildup; Mist tube clogged.	Refill water tank; Clean the unit thoroughly; Check and clear mist tube.
Unusual odor	Stagnant water; Dirty water tank.	Empty and clean the water tank; Use fresh water daily.
White dust around humidifier	Hard water minerals.	Use distilled or demineralized water.

Problem	Possible Cause	Solution
Humidifier not turning on	Not plugged in; Water tank empty; Power outage.	Ensure power cord is securely plugged in; Refill water tank; Check power supply.
