Newbealer NB318A-Brown

Newbealer 2In1 Pro Steam Station Iron User Manual

Model: NB318A-Brown

Brand: Newbealer

1. INTRODUCTION

Thank you for choosing the Newbealer 2In1 Pro Steam Station Iron. This innovative appliance combines the power of a steam station with the convenience of a handheld iron, offering versatile garment care for all your needs. With its advanced features and user-friendly design, achieving wrinkle-free clothes has never been easier.

Please read this manual thoroughly before first use to ensure safe and optimal operation. Keep this manual for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

- Always use distilled water to prevent mineral buildup and prolong the life of the appliance.
- Do not immerse the appliance in water or other liquids.
- Ensure the power cord is not damaged and is kept away from hot surfaces.
- Keep out of reach of children and pets.
- The appliance features a 10-minute auto standby and auto-off function for safety.
- Utilize the Safety Lock and Anti-scald Base for secure operation.
- Always unplug the appliance when not in use or before cleaning.
- Do not touch the hot soleplate or steam directly during operation.

3. PACKAGE CONTENTS

Your Newbealer 2In1 Pro Steam Station Iron package includes:

- Newbealer 2In1 Pro Steam Station Iron Unit
- Detachable 1.2L Water Tank
- Silicone Funnel
- Wall Mount Kit (screws and plugs)
- User Manual (this document)

5. INITIAL SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Choose Placement:** The unit can be hung on a clothes rod using its flexible hook, mounted on a wall using the provided kit, or placed flat on a stable surface.
3. **Fill Water Tank:** Detach the 1.2L water tank by pressing the release button. Open the filler cap and use the silicone funnel to fill the tank with distilled water. Close the cap securely and reattach the tank to the main unit until it clicks into place.
4. **Connect Power:** Plug the power cord into a standard 120V electrical outlet.

6. OPERATING INSTRUCTIONS

6.1 Power On and Heating

Press the Power Button on the main unit. The smart LED screen on the handheld unit will illuminate. The iron heats up in approximately 30 seconds. The indicator light will change when it's ready for use.

6.2 Selecting Steam/Dry Modes

The handheld unit features a smart LED screen with touch controls for different modes:

- **Steam & Dry Switch Button:** Toggle between steam and dry ironing modes.
- **Material Selection (M Button):** Press the 'M' button to cycle through different fabric settings: Polyester (Poly), Wool, and Cotton. Each setting provides an optimized steam level and temperature (212°F-338°F).
- **Steam Output:** The appliance delivers up to 40g/min of continuous steam output with 3 adjustable steam levels.

6.3 Ironing Techniques

The 2-in-1 design allows for both vertical and horizontal ironing with 360° anti-drip functionality.

- **Vertical Steaming:** For hanging garments, hold the handheld unit vertically and press the steam button. The 90° rotatable head provides flexibility.
- **Horizontal Ironing:** For flat surfaces, place the handheld unit horizontally on the garment and glide it smoothly.

6.4 Official Product Video

Official Product Video: Demonstrates the features and usage of the Newbealer 2In1 Pro Steam Station Iron, including its versatile ironing capabilities and innovative design.

7. MAINTENANCE AND CARE

- **Self-Cleaning:** The appliance features a One-Step Self-Cleaning function to minimize residue and prolong its lifespan. Refer to the LED screen for activation.
- **Advanced Tank Filter:** The built-in filter effectively removes impurities from the water, ensuring cleaner steam and optimal performance.
- **Storage:** After use, ensure the appliance is cool and empty the water tank. Store it in a dry place, either mounted on the wall, hung on a rod, or placed flat.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No steam output	Water tank empty; Appliance not heated; Steam button not pressed.	Fill water tank; Wait for 30s heat-up; Press steam button.
Water leakage	Water tank not properly installed; Using non-distilled water.	Ensure tank is clicked into place; Use distilled water only.
Appliance not turning on	Not plugged in; Power button not pressed.	Check power connection; Press power button.
Wrinkles not removed	Incorrect fabric mode; Insufficient steam.	Select appropriate fabric mode; Ensure sufficient steam output.
