SAFETY INFORMATION

Please read and follow these safety instructions carefully before installation and use:

- Ensure power is turned off at the switch before installing or removing the bulb.
- Do not use with dimmers other than those controlled by the Surplife App or compatible smart home systems.
- Suitable for indoor use only.
- Avoid exposing the bulb to water or moisture.
- Do not disassemble or modify the bulb.
- Keep out of reach of children.

Feature	Description
Brand	Nowepai
Model Number	ZJ-WFBK-RGBWW
Light Type	LED
Special Features	2700~6500K, Color Changing, Dimmable by App, Tunable White, Voice Control, Works w/Alexa Google Assistant

Wattage	9 watts (80W Incandescent Equivalent)
Bulb Shape Size	A19
Bulb Base	E26
Brightness	800 Lumens
Light Color	RGBTW (Red, Green, Blue, Tunable White)
Voltage	110 Volts (AC)
Average Life	20000 Hours
Control Method	App
Material	Aluminum

SETUP

1. Physical Installation

1. Ensure the power to the light fixture is turned off at the switch.
2. Carefully screw the Nowepai Smart Light Bulb into a standard E26 socket.
3. Turn on the power to the light fixture. The bulb should flash, indicating it's in pairing mode.

2. App Download and Device Connection

To control your smart light bulbs, download the **Surplife App** from your mobile phone's app store.

Your browser does not support the video tag.

Video: Instructions on how to connect the smart light bulbs to your Wi-Fi network using the Surplife App. This involves opening the app, enabling Wi-Fi and Bluetooth on your phone, searching for devices, and selecting your Wi-Fi network.

3. Resetting the Device

If you need to reset your smart light bulb, follow these steps:

OPERATING INSTRUCTIONS

1. Smart App Control (Surplife App)

The Surplife App allows comprehensive control over your smart light bulbs:

- **Color Changing & Tunable White:** Choose from 16 million colors and adjust white light from 2700K (warm) to 6500K (cool).

- **Dimming:** Adjust brightness levels as needed.
- **Preset Scenes:** Utilize over 50 DIY scenes for various moods and activities (e.g., Night, Work, Party, Relax).
- **Music Sync:** Synchronize your lights with music for dynamic effects.
- **Group Control:** Control multiple bulbs simultaneously or individually.

Video: Instructions on how to set up Siri Shortcuts for controlling your smart light bulbs. This involves creating custom scenes in the Surplife App and assigning simple voice commands via Siri Shortcuts.

3. Smart Schedules & Automations

Automate your lighting to fit your daily routine.

- **Go to Sleep:** Gradually dim lights as you prepare for sleep.
- **Wake Up with Light:** Slowly brighten lights in the morning for a gentle wake-up.
- **Sunrise/Sunset:** Automatically adjust lights based on local sunrise and sunset times.
- **Coming Home/Leaving Home:** Set lights to turn on when you arrive or off when you leave.

Smart Schedules

Easy to create routines to automate your home

Video: A guide on how to set up a device schedule within the Surplife App, allowing you to program specific times for lights to turn on/off or change effects.

4. Group Control

Manage multiple smart bulbs efficiently by grouping them together.

Group Control with One Command

Remotely control your lights anywhere you are

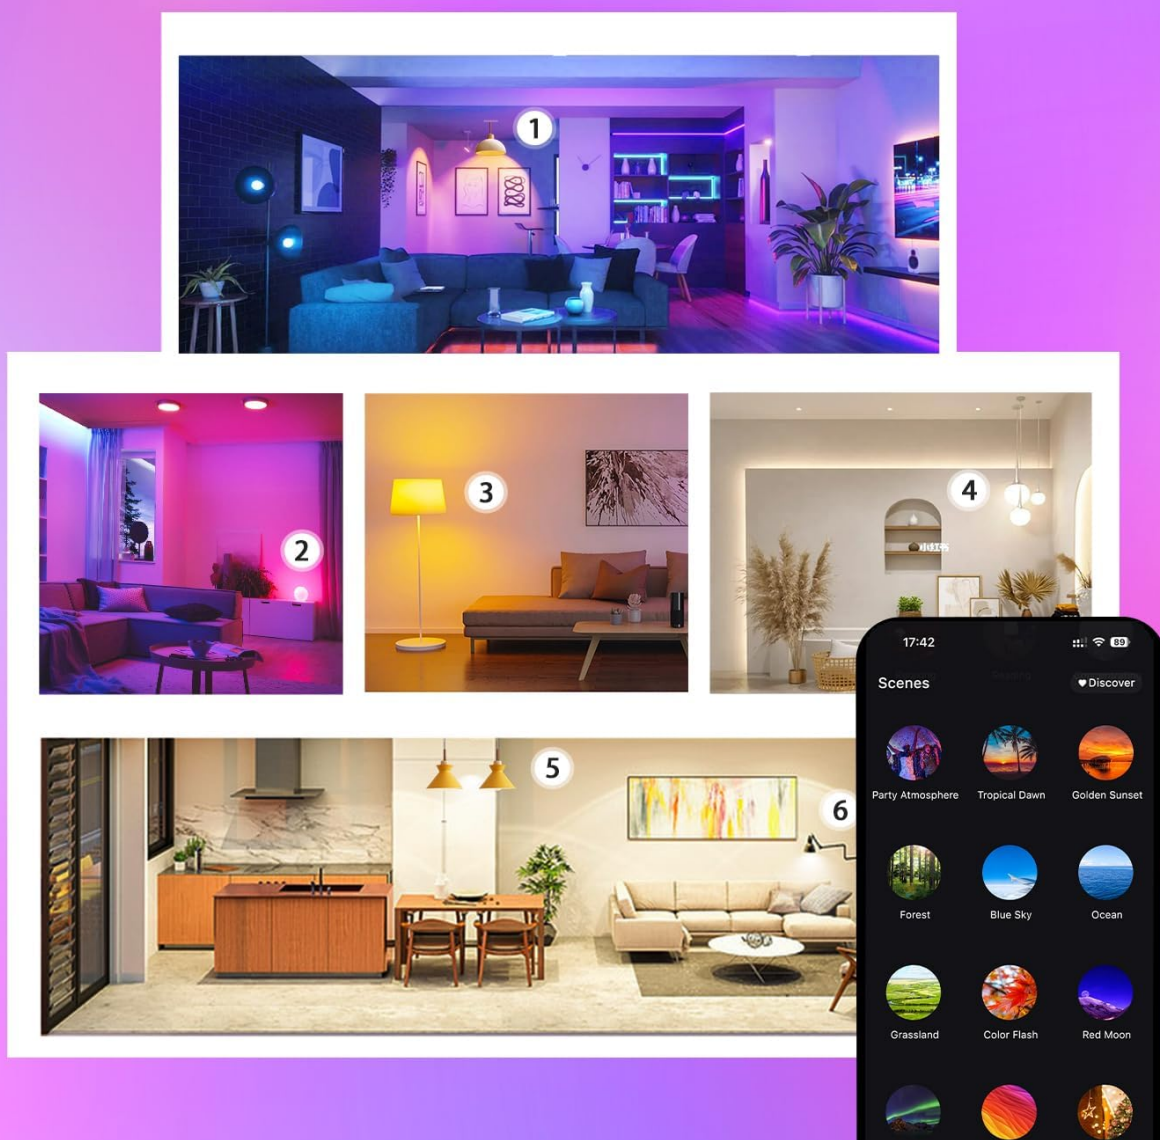

Image: The Surplife app interface demonstrating group control, allowing users to manage multiple lights across different rooms and apply various preset scenes like 'Party Atmosphere' or 'Blue Sky'.

MAINTENANCE

- To clean the bulb, ensure power is off and wipe with a soft, dry cloth.
- Do not use liquid or abrasive cleaners.
- Store in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

1. Device Not Connecting to Wi-Fi

- Ensure your Wi-Fi network is 2.4GHz. These bulbs do not support 5GHz networks.
- Make sure your mobile phone's Wi-Fi and Bluetooth are enabled during the pairing process.
- Keep your phone close to the bulb and router during setup.

- Try resetting the bulb (refer to the "Resetting the Device" section).

2. Voice Control Not Working

- Verify that the device is online in the Surplife App. Access device information to check its cloud status.
- Ensure the device name you are using in your voice command matches the name in the Alexa/Google Home App.
- Confirm that your Amazon or Google account is correctly linked to the Surplife App.

Your browser does not support the video tag.">

Video: This video, also used in the voice control section, can be referenced here to ensure correct Alexa connection and device naming for troubleshooting voice control issues.

3. Timing Function Disabled (Bluetooth Mode)

- If the device is in Bluetooth mode and powered on again, the timing function may be disabled.
- Restart the Surplife App for time synchronization to re-enable the timing function.

WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the contact details provided with your product packaging or visit the official Nowepai website. Ensure you have your purchase receipt and product model number (ZJ-WFBK-RGBWW) ready when contacting support.
