Trefl Marvel 9000-Piece Jigsaw Puzzle Prime - Across The Comic Universe Instruction Manual

Brand: Trefl | Model: 81022

1. INTRODUCTION

This instruction manual provides guidance for assembling your Trefl Marvel 9000-Piece Jigsaw Puzzle Prime. This large-format puzzle features the expansive Marvel Comic Universe, offering a challenging and rewarding experience for enthusiasts. The puzzle is designed with Trefl's Unlimited Fit Technology and made from thick, durable cardboard, ensuring a high-quality product.

The completed puzzle measures approximately 78.9 x 36.5 inches (198.6 x 92.8 cm). It is composed of six individual 1500-piece sections that can be combined to form the grand image or arranged in custom compositions.

2. PRODUCT CONTENTS

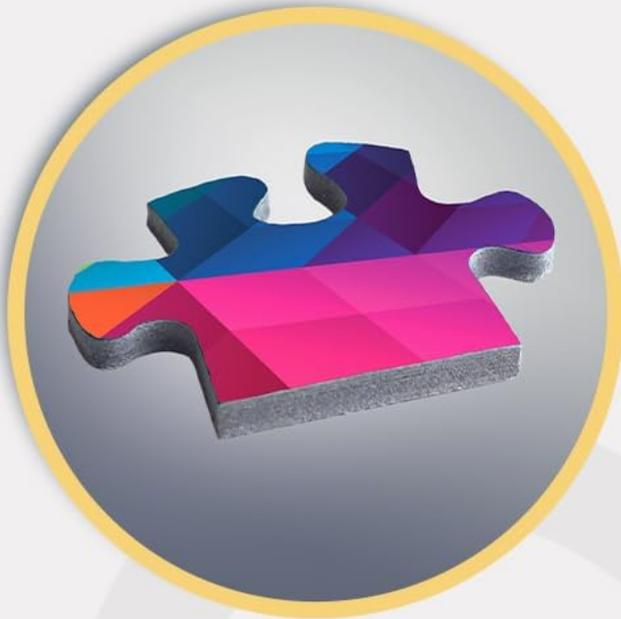

Your Trefl Marvel 9000-Piece Jigsaw Puzzle Prime package includes the following items:

- **Six (6) bags** containing approximately 1500 puzzle pieces each. These bags are marked with letters A, B, C, D, E, and F to facilitate assembly.
- One (1) large **poster** (26.6 x 17.8 inches) of the complete puzzle image, which serves as a helpful guide during assembly.
- One (1) **instruction leaflet** detailing the assembly process.

The puzzle pieces are made from thick cardboard and feature special irregular shapes, characteristic of Trefl Prime's Unlimited Fit Technology. The packaging has been improved with stronger, more durable materials to ensure pieces remain sorted and intact during transit.

3. SETUP AND PREPARATION

1. **Choose a Suitable Workspace:** Select a large, flat, and stable surface to assemble your puzzle. Given the final dimensions of 78.9 x 36.5 inches, ensure you have ample space.
2. **Unpack the Contents:** Carefully open the puzzle box and remove the six bags of puzzle pieces, the large poster, and the instruction leaflet.
3. **Review the Poster:** Unfold the included poster. This poster displays the full image of the puzzle and is crucial for

guiding your assembly.

4. **Sort Pieces (Optional but Recommended):** You may choose to sort the pieces from each bag (A-F) separately, or combine them if you prefer a greater challenge. Sorting by color, pattern, or edge pieces can significantly aid the assembly process.

4. ASSEMBLY INSTRUCTIONS

The Trefl Marvel 9000-Piece Jigsaw Puzzle Prime is designed for flexible assembly. It consists of six 1500-piece puzzles that can be assembled individually and then combined into one large image, or you can create your own unique collage.

Step-by-Step Assembly:

1. **Assemble Individual Sections:** Each of the six bags (A, B, C, D, E, F) contains 1500 pieces that form a distinct

section of the overall image. Begin by assembling each 1500-piece puzzle separately. Refer to the poster for the layout of these sections.

- 2. Prepare for Joining:** Once all six 1500-piece sections are completed, you will notice that some pieces along the edges of these sections are designed to be removed. These are the "outer edges" that allow the sections to interlock seamlessly. Carefully remove these designated edge pieces from the sides where sections will connect.
- 3. Join the Sections:** Arrange the completed 1500-piece puzzles according to the layout shown on the poster (e.g., A-B-C on the top row, D-E-F on the bottom row). Then, using the Unlimited Fit Technology, interlock the prepared edges of the sections. The pieces are designed to fit together perfectly, creating a single, cohesive 9000-piece image.
- 4. Custom Compositions:** If you prefer, you can also combine these 1500-piece puzzles with other puzzles from the Trefl Prime 1500 UFT series to create a unique, personalized collage.

Key Features for Assembly:

- **Unlimited Fit Technology (UFT):** This technology ensures that pieces fit together perfectly, allowing for easy assembly and the ability to move or roll up sections of the puzzle without it falling apart.
- **Special Irregular Shapes:** The unique shapes of the puzzle pieces add to the challenge and enjoyment of the assembly process.
- **Thick Cardboard:** The use of thick cardboard provides durability and a satisfying feel during assembly.
