1. INTRODUCTION

This manual provides instructions for assembling and caring for your Trefl 13500 Piece Disney Golden Age Jigsaw Puzzle. This large-format puzzle features a collage of classic Disney movie posters, offering a challenging and rewarding experience for puzzle enthusiasts. The puzzle is manufactured with Unlimited Fit Technology and Trefl Prime quality, utilizing thick cardboard and FSC certified materials.

2. SETUP

2.1 Unpacking the Puzzle

Carefully open the puzzle box. Inside, you will find:

- 9 pouches, each containing approximately 1500 puzzle pieces. These pouches are marked with letters (A, B, C, D, E, F, G, H, I) to help organize the sections.
- A large poster of the completed puzzle image.
- Instructions for assembling the puzzles.

2.2 Preparing Your Workspace

Due to the large size of the finished puzzle (approximately 78.9 x 54.2 inches), ensure you have a sufficiently large, flat, and clean surface for assembly. A large table or multiple connected surfaces are recommended.

2.3 Sorting Pieces

Each of the 9 pouches contains pieces for a specific section of the overall puzzle. You can choose to:

- **Assemble each 1500-piece section individually:** This allows for a more manageable approach. The large poster can be used as a reference for each section.
- **Combine all pieces for a greater challenge:** If you prefer a more extensive challenge, you can mix all 13500 pieces together.

It is recommended to sort edge pieces first for each section or for the entire puzzle, depending on your chosen assembly method.

Image 2.2: The puzzle pieces are packaged in durable, biodegradable bags to keep them sorted.

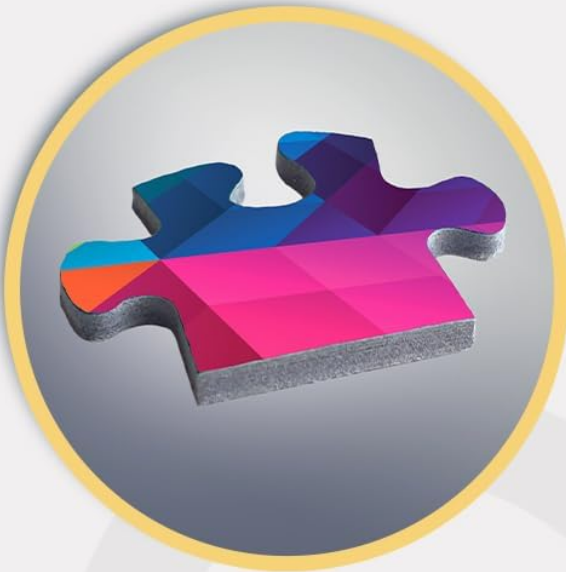

3. ASSEMBLY

3.1 General Assembly Tips

- Refer frequently to the included poster for guidance on the overall image and individual sections.
- The puzzle pieces feature a special irregular shape and are made from thick cardboard, ensuring a secure fit.
- The Unlimited Fit Technology allows for easy movement and rotation of assembled sections.

3.2 Assembling Individual Sections

If you chose to assemble the 9 sections separately, follow these steps:

1. Select one pouch (e.g., 'A') and empty its contents onto a designated area of your workspace.
2. Assemble the 1500 pieces to complete that section, using the corresponding part of the poster as a guide.
3. Repeat for each of the remaining 8 pouches (B through I).

3.3 Combining Sections into the Full Puzzle

Once all 9 individual sections are completed, you can combine them to form the full 13500-piece image. The sections are designed to interlock seamlessly. Refer to the full poster for the correct arrangement of sections (A-I).

4. MAINTENANCE

4.1 Cleaning

To clean the puzzle, gently wipe the surface with a dry, soft cloth. Avoid using water or chemical cleaners, as these can damage the puzzle pieces and the printed image.

4.2 Storage

If you wish to store the puzzle after assembly, consider using puzzle glue to permanently secure the pieces. Once glued, the puzzle can be framed or mounted. If storing unassembled, keep the pieces in their original pouches or other sealed containers to prevent loss and damage. Store in a cool, dry place away from direct sunlight.

5. TROUBLESHOOTING

5.1 Missing Pieces

In the rare event of a missing piece, first thoroughly check your workspace, under furniture, and within the packaging. If a piece is still missing, please contact Trefl customer support (see Section 7. Support) for assistance.

5.2 Difficulty Connecting Sections

Ensure that each individual section is correctly oriented according to the large poster. The Unlimited Fit Technology is designed for precise connections, but slight adjustments may be needed to align the larger sections perfectly.

6. SPECIFICATIONS

Feature	Detail
Product Name	Trefl 13500 Piece Disney Golden Age Jigsaw Puzzle
Model Number	81026
Number of Pieces	13500 (divided into 9 x 1500-piece sections)
