3. INSTALLATION

For a clean and scratch-free experience, a protective film is applied to both the inner and outer surfaces of the case's back panel. Please remove these films before installing the case on your device.

1. Locate the 'Remove Protective Film' labels on the back of the case.
2. Carefully peel off both the inner and outer protective films.
3. Align your Galaxy S24 with the case, ensuring the camera cutouts and ports match.
4. Gently press your phone into the case, starting from one corner and working your way around until the phone is fully seated. The flexible TPU sides make installation easy.

5. CARE AND MAINTENANCE

To maintain the appearance and protective qualities of your Spigen case, follow these guidelines:

- Clean the case regularly with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the case material or print.
- Keep the case away from extreme temperatures and direct sunlight for prolonged periods to prevent discoloration or material degradation.
- Periodically remove the case and clean your phone to prevent dust and debris buildup that could cause scratches.

6. TROUBLESHOOTING

6.1. Case Does Not Fit

Ensure you have the correct model of the Spigen Ultra Hybrid Zero One case for your specific Samsung Galaxy S24. This case is designed exclusively for the standard Galaxy S24 model and will not fit the S24+ or S24 Ultra.

6.2. Difficulty Pressing Buttons

The case is designed with precise cutouts to maintain the original tactile feel of the buttons. If you experience difficulty, ensure the case is correctly installed and fully seated around your device. Remove and re-install the case if necessary.

6.3. Wireless Charging Issues

Verify that your wireless charger is compatible with your Galaxy S24 and is functioning correctly. Ensure there are no foreign objects between the phone and the charger. The case itself is designed to be thin enough not to interfere with wireless charging.
