WALI STT003D-B, STT007

WALI Monitor Stand & Desk Organizer User Manual

Models: STT003D-B, STT007

1. INTRODUCTION

Thank you for choosing the WALI Monitor Stand with Storage and Office Desk Organizer. This product is designed to elevate your monitor or laptop to an ergonomic viewing height while providing convenient storage solutions for your office essentials. Please read this manual carefully before using the product to ensure proper setup and operation.

2. SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the product:

- Do not exceed the maximum weight capacity of 44 lbs (20 kg).
- Ensure the monitor stand is placed on a stable, flat, and level surface to prevent tipping.
- Keep small parts away from children to avoid choking hazards.
- Avoid placing the stand in direct sunlight or near heat sources.
- Do not attempt to modify or disassemble the product beyond the instructions provided.

3. PACKAGE CONTENTS

Verify that all components are present and in good condition before assembly.

- Monitor Stand Platform (1)

- Adjustable Legs (4)
- Removable Storage Drawer (1)
- Side Storage Pockets (2) - *Applicable to Model STT007*

4. SETUP AND ASSEMBLY

The WALI Monitor Stand requires minimal assembly. Follow these steps to set up your stand:

4.1. Unpacking

1. Carefully remove all components from the packaging.
2. Inspect all parts for any signs of damage. If any parts are damaged or missing, do not proceed with assembly and contact WALI customer support.

4.2. Adjusting Height

The monitor stand features 3 levels of height adjustment to suit your ergonomic needs.

1. Identify the adjustable legs. Each leg has multiple holes for height adjustment.
2. To adjust the height, pull the leg downwards to extend it, or push it upwards to retract it, until the desired height is achieved. Ensure all four legs are set to the same height for stability. The available heights are approximately 4 inches, 4.8 inches, or 5.6 inches from the desk surface.
3. Once the desired height is set, ensure the leg is securely locked into place.

4.3. Inserting Drawer and Attaching Side Storage

1. For the removable drawer, simply slide it into the designated slot beneath the monitor stand platform until it is fully seated.

5. OPERATING INSTRUCTIONS

5.1. Ergonomic Positioning

Place your monitor or laptop on the stand's platform. Adjust the stand's height so that the top of your screen is at or slightly below eye level. This helps maintain a healthier sitting posture and reduces strain on your neck and back.

5.2. Utilizing Storage

Use the removable drawer to store smaller items such as pens, paper clips, USB drives, or sticky notes, keeping your desk tidy and organized. The side storage pockets (on model STT007) are ideal for quick access to frequently used items like cell phones, calculators, or small notebooks.

6. MAINTENANCE

To ensure the longevity and appearance of your WALI Monitor Stand, follow these simple maintenance tips:

- Clean the stand regularly with a soft, dry cloth.
- For stubborn marks, use a slightly damp cloth with mild soap, then wipe dry immediately.
- Avoid using abrasive cleaners or solvents, as they may damage the finish.
- Periodically check that the legs are securely locked at the desired height.

7. TROUBLESHOOTING

If you encounter any issues with your WALI Monitor Stand, refer to the following common problems and solutions:

Problem: The stand feels wobbly or unstable.

Solution:

- Ensure all four legs are adjusted to the same height and are securely locked into their positions.
- Verify that the stand is placed on a flat and level surface.
- Check that the weight placed on the stand does not exceed the maximum capacity of 44 lbs (20 kg).

Problem: The drawer is difficult to slide in or out.

Solution:

- Ensure the drawer is inserted correctly and is not obstructed by any items inside or around the stand.
- Check for any debris or foreign objects in the drawer's tracks.
