Kono K2091L

Kono K2091L Hardshell Suitcase (Medium 24 Inch) User Manual

Model: K2091L | Brand: Kono

1. INTRODUCTION

Thank you for choosing the Kono K2091L Hardshell Suitcase. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new luggage. Please read these instructions carefully before first use and retain them for future reference.

Image 1.1: The Kono K2091L Medium 24 Inch Hardshell Suitcase.

2. PRODUCT FEATURES

- **Durable Material:** Constructed from high-quality polypropylene (PP) for strength and durability.
- **TSA Combination Lock:** Integrated lock for enhanced security during travel.
- **360° Spinner Wheels:** Four multi-directional wheels for smooth and silent maneuverability.
- **Adjustable Handle:** Three-position retractable aluminum handle.

- **Spacious Interior:** Two main compartments, one with a full zipper and mesh pocket, the other with luggage straps.
- **Comfortable Handles:** Top and side carry handles for easy lifting.

3. SETUP

3.1 Setting the TSA Combination Lock

Your Kono suitcase is equipped with a TSA-approved combination lock. The initial password is set to **0-0-0**. Follow these steps to set your personal combination:

1. Ensure the lock is set to the initial combination (0-0-0) and push the button to unlock the zippers.
2. Locate the small reset button (usually a small hole) on the side of the lock. Use a pen or a pointed object to press and hold this button until you hear a click.
3. While holding the reset button, rotate the dials to your desired three-digit combination.
4. Release the reset button. Your new combination is now set. Test it by scrambling the numbers and then entering your new combination to open the lock.

Important: Remember your combination. There is no master key for personal combinations, and Kono cannot assist in opening your lock if the combination is forgotten.

SIZE GUIDELINES

Image 3.1: Instructions for setting the TSA combination lock.

4. OPERATING INSTRUCTIONS

4.1 Using the Retractable Handle

To extend the handle, press the button located on the top of the handle and pull upwards. The handle can be adjusted to three different height positions. To retract, press the button and push the handle downwards until it is fully nested.

Image 4.1: The adjustable retractable handle.

4.2 Maneuvering with Spinner Wheels

Your suitcase features four 360° multi-directional spinner wheels designed for smooth and effortless movement. You can push, pull, or roll the suitcase alongside you, adapting to various surfaces.

360° SILENT SPINNER WHEELS

Easy to adapt to various road surfaces.

Wear-resistant, smooth and labour-saving to free your hands.

4.3 Packing Your Suitcase

The interior of your Kono suitcase is designed for organized packing:

- One compartment is fully zippered, featuring a mesh pocket for smaller items or items requiring separation.
- The other compartment includes adjustable luggage straps to secure your belongings and prevent shifting during transit.

SCIENTIFIC AND RATIONAL INTERIOR DESIGN CAN ACCOMMODATE MORE

5. MAINTENANCE

5.1 Cleaning the Exterior

To clean the polypropylene hardshell, wipe with a soft cloth dampened with mild soap and water. Avoid abrasive cleaners or solvents, as these can damage the surface. Dry thoroughly after cleaning.

5.2 Wheel and Zipper Care

- **Wheels:** Periodically check the wheels for debris (hair, lint, dirt) and remove them to ensure smooth rolling. If wheels become stiff, a small amount of silicone-based lubricant can be applied to the axle.
- **Zippers:** Keep zippers clean and free of obstructions. If a zipper becomes stiff, apply a small amount of zipper lubricant or wax. Avoid forcing stuck zippers.

6. TROUBLESHOOTING

- **Lock Not Opening:** Ensure you are using the correct combination. If you forgot your combination, refer to section 3.1 for resetting instructions (if applicable, for TSA locks, only TSA agents can open without the code). If the lock mechanism is jammed, do not force it.
- **Stiff or Stuck Wheels:** Check for debris caught in the wheel mechanism. Clean thoroughly. If the issue persists, apply a silicone lubricant.
- **Zipper Issues:** If a zipper is difficult to move, check for fabric caught in the teeth. Gently pull the fabric free. Apply zipper lubricant if needed. Avoid excessive force, which can damage the zipper.
- **Handle Not Extending/Retracting Smoothly:** Check for any obstructions in the handle mechanism. Ensure the release button is fully pressed. If bent or damaged, avoid forcing it to prevent further damage.

7. SPECIFICATIONS

Feature	Detail
Model Number	K2091L
Size	Medium 24 Inch
Dimensions (All Parts)	65 x 44 x 27 cm
Dimensions (Body)	58 x 42 x 27 cm

8. WARRANTY AND SUPPORT

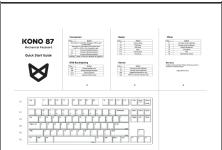

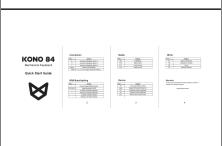

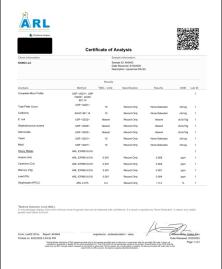

8.1 Warranty Information

Your Kono K2091L Hardshell Suitcase comes with a **2-year warranty** from the date of purchase. This warranty covers manufacturing defects in materials and workmanship. It does not cover damage caused by misuse, neglect, accidents, abrasion, exposure to extreme temperatures, solvents, acids, normal wear and tear, or transport damage (e.g., by airlines). For claims related to transport damage, please contact the carrier directly.

8.2 Customer Support

For warranty claims, technical assistance, or any questions regarding your Kono suitcase, please contact Kono customer service through the retailer where the product was purchased. Please have your proof of purchase and model number (K2091L) ready when contacting support.
