SMALLRIG 4392

SmallRig Dual Handheld Phone Cage Kit for iPhone 15 Pro Max

Model: 4392

INTRODUCTION

The SmallRig Dual Handheld Phone Cage Kit (Model 4392) is designed to enhance your mobile video recording experience with the iPhone 15 Pro Max. This kit provides a stable platform for capturing high-quality video and offers extensive mounting options for various accessories. Its quick-release design allows for seamless transitions between horizontal and vertical shooting orientations.

WHAT'S IN THE BOX

- Phone Cage (for iPhone 15 Pro Max) x 1
- Wireless Quick Release Side Handle (ID: 4402) x 1
- Quick Release Side Handle (ID: 4403) x 1
- Spare Screw x 3
- User Manual

PRODUCT OVERVIEW

The phone cage features a robust aluminum alloy construction with a hollow design to maintain access to all phone functions. It integrates a new quick-release ecosystem for handles and offers multiple mounting points for accessories.

Wireless Control Side Handle for Efficient "One-Click" Shooting

SETUP GUIDE

1. Installing the iPhone 15 Pro Max into the Cage:

1. Open the quick-release mechanism on the phone cage.
2. Carefully slide your iPhone 15 Pro Max into the cage, ensuring proper alignment with the camera lenses and ports.
3. Close the quick-release mechanism until it locks securely. The internal gaskets will provide a snug fit and protection.

Your browser does not support the video tag.

Video: A short demonstration of how to quickly and securely install the iPhone 15 Pro Max into the SmallRig phone cage and attach accessories like a light and microphone.

2. Attaching the Side Handles:

1. Identify the quick-release mounts on the sides of the phone cage.
2. Align the quick-release adapter on each side handle with the corresponding mount on the cage.
3. Push the handle firmly until it clicks into place. Ensure the lock switch is engaged for security.
4. The Wireless Quick Release Side Handle (ID: 4402) includes a removable wireless controller for one-click shooting.

New Quick Release Ecosystem, Tool-Free Installation

One Push from Shooting
