Vikye Translator Earbuds 5.3 User Manual

Model: TM10 (Vikyesqpumfo10z-11)

INTRODUCTION

The Vikye Translator Earbuds 5.3 are designed to facilitate real-time communication across language barriers. These earbuds support online translation in over 144 languages and offer multiple operational modes for various scenarios. Beyond translation, they function as standard Bluetooth earbuds for music, calls, and gaming, compatible with Android, iOS, and Windows systems.

PACKAGE CONTENTS

Before proceeding, please ensure all items are present in the package:

- Vikye Translator Earbuds (Left and Right)
- Charging Bay
- USB Charging Cable
- User Manual (this document)

SETUP AND INITIAL USE

Follow these steps to set up your translator earbuds for the first time:

1. **Charge the Earbuds:** Place both earbuds into the charging bay. Connect the charging bay to a power source using the provided USB cable. Ensure the earbuds and charging bay are fully charged before first use. The charging bay has a built-in 250mAh lithium-ion battery, and each earbud has a 30mAh battery.
2. **Download the Application:** Locate the QR code or instructions in the physical manual to download the dedicated translation application on your smartphone (compatible with Android, iOS, and Windows systems).
3. **Pair with Your Device:**
 - Open the charging bay lid. The earbuds will automatically enter pairing mode.
 - On your smartphone, enable Bluetooth and search for available devices.
 - Select "TM10" (or similar name) from the list of Bluetooth devices to pair. A successful connection will be indicated by an audio prompt from the earbuds.
4. **Configure the App:** Open the downloaded translation application. Follow the in-app instructions to select your source language and the target language for translation.

OPERATING MODES FOR TRANSLATION

The earbuds offer three distinct translation modes to suit different communication scenarios:

1. Touch Mode

In Touch Mode, two individuals each wear one earbud. To translate, one person speaks while the other listens. The speaker then taps or double-taps their earbud to initiate real-time translation of their speech, which is then played through the other person's earbud. This mode is ideal for direct, interactive conversations.

Image: Individuals engaging in conversation, illustrating the use of translator earbuds for seamless cross-language interaction.

2. External Mode

External Mode is designed for situations where only one person wears an earbud, and the other person uses the connected mobile phone. The earbud wearer speaks, and their speech is translated and played aloud through the phone's speaker. Conversely, the person holding the phone speaks into the phone's microphone, and their speech is translated and played through the earbud. This mode is useful for quick interactions or when sharing the translation experience with someone not wearing an earbud.

3. Free Mode

Free Mode allows two people, each wearing an earbud, to engage in a more fluid conversation. The earbuds continuously translate speech in real-time as both individuals speak, with a translation speed of approximately 0.2 seconds. This mode provides the most natural conversational flow, making it suitable for extended dialogues.

Strong Battery Life

24 Hours Continuous Power Supply

High-density lithium battery and large-capacity battery compartment eliminate frequent charging.

MULTIPURPOSE FUNCTIONALITY

Beyond their primary translation function, the Vikye Translator Earbuds can be used as standard Bluetooth earbuds for various audio activities:

- **Music Playback:** Enjoy high-quality stereo audio for your music.
- **Phone Calls:** Make and receive calls with clear audio.
- **Gaming:** Experience immersive sound during gameplay.

The earbuds support both single-ear and double-ear play formats.

CARE AND MAINTENANCE

Proper care will extend the lifespan of your translator earbuds:

- **Cleaning:** Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or immerse in water.
- **Charging:** Always use the provided USB cable and a compatible power adapter. Avoid overcharging.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Store in a cool, dry place.
- **Avoid Extreme Conditions:** Do not expose the earbuds to extreme temperatures, humidity, or direct sunlight.

TROUBLESHOOTING

If you encounter issues with your earbuds, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
Earbuds not pairing	Low battery; Bluetooth off; Earbuds not in pairing mode; Interference.	Ensure earbuds are charged. Turn on Bluetooth on your device. Place earbuds in case, open lid to activate pairing. Move away from other wireless devices.
No sound during translation	App not configured correctly; Volume too low; Earbuds not properly connected.	Check app language settings. Increase device volume. Reconnect earbuds to the app.
Poor translation accuracy	Unclear speech; Background noise; Internet connection issues.	Speak clearly and at a moderate pace. Reduce background noise. Ensure stable internet connection for online translation.
Earbuds not charging	Cable or adapter faulty; Earbuds not seated correctly in case; Charging port dirty.	Try a different cable/adapter. Ensure earbuds are firmly seated. Clean charging contacts gently.

SPECIFICATIONS

Detailed technical specifications for the Vikye Translator Earbuds:

Feature	Detail
Model	TM10
Bluetooth Version	5.3
Translation Languages	144+ (Online)
