

BoxWave SlimKeys Bluetooth Keyboard

BoxWave SlimKeys Bluetooth Keyboard User Manual

Model: SlimKeys Bluetooth Keyboard

1. INTRODUCTION

Thank you for purchasing the BoxWave SlimKeys Bluetooth Keyboard. This portable, backlit keyboard is designed to enhance your typing experience across various devices, including tablets, smartphones, and computers. Its slim profile, customizable LED backlight, and reliable Bluetooth connectivity make it an ideal companion for productivity on the go. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance of your device.

3. SETUP GUIDE

3.1. Charging the Keyboard

Before first use, ensure the keyboard is fully charged. Connect the included charging cable to the keyboard's charging port and to a USB power source (e.g., computer USB port, USB wall adapter). The 'Charge' indicator light will illuminate during charging and turn off when fully charged.

Specialized Function Keys for Quick and Convenient Access

3.2. Powering On/Off

Locate the ON/OFF switch on the top right side of the keyboard. Slide the switch to the 'ON' position to power on the keyboard. The 'Power' indicator light will briefly illuminate. To conserve battery, slide the switch to 'OFF' when not in use.

3.3. Bluetooth Pairing

1. Ensure the keyboard is powered on.
2. Press the 'Connect' button located near the ON/OFF switch. The 'Connect' indicator light will start blinking, indicating the keyboard is in pairing mode.
3. On your device (tablet, smartphone, computer), go to the Bluetooth settings.
4. Enable Bluetooth and search for available devices.
5. Select 'BoxWave SlimKeys Keyboard' (or similar name) from the list of found devices.
6. If prompted, enter the pairing code displayed on your device's screen using the SlimKeys keyboard, then press Enter.
7. Once paired, the 'Connect' indicator light on the keyboard will stop blinking and remain solid, or turn off, depending on the model. Your keyboard is now ready for use.

Type Comfortably

SlimKeys connects seamlessly across
Android, Windows & iOS devices

4. OPERATING INSTRUCTIONS

4.1. Typing

Once successfully paired, you can use the SlimKeys keyboard for all your typing needs. The chiclet-style keys provide a comfortable and responsive typing experience.

4.2. Backlight Control

The keyboard features an integrated LED backlight with seven customizable colors. To control the backlight:

- Press the **Light Bulb** key (usually located near the right Ctrl key) to turn the backlight on or off.
- Press the **RGB** key (usually located next to the Light Bulb key) to cycle through the seven available backlight colors.

4.3. Specialized Function Keys

The SlimKeys keyboard includes a row of specialized function keys (F1-F12) that provide quick access to common commands. These functions may vary slightly depending on your operating system (Android, Windows, iOS). To use a function key, press the **Fn** key (usually located near the left Ctrl key) simultaneously with the desired function key.

Common Function Key Operations

Key Combination	Function
Fn + Esc (Home)	Go to Home screen
Fn + F1 (Search)	Open Search
Fn + F2 (Select All)	Select All text/items
Fn + F3 (Copy)	Copy selected content

Key Combination	Function
Fn + F4 (Paste)	Paste content
Fn + F5 (Cut)	Cut selected content
Fn + F6 (Skip Back)	Skip to previous track
Fn + F7 (Play/Pause)	Play or Pause media
Fn + F8 (Skip Forward)	Skip to next track
Fn + F9 (Volume Down)	Decrease volume
Fn + F10 (Volume Up)	Increase volume
Fn + F11 (Brightness Down)	Decrease screen brightness
Fn + F12 (Brightness Up)	Increase screen brightness
Fn + Delete (Lock)	Lock device screen

7 Backlight Colors

Express your style and brighten up your setup

5. MAINTENANCE

To ensure the longevity and optimal performance of your BoxWave SlimKeys Bluetooth Keyboard, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to wipe the surface of the keyboard. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Do not expose the keyboard to liquids. In case of accidental spills, immediately power off the keyboard and allow it to dry completely before reuse.
- **Handle with Care:** Avoid dropping the keyboard or subjecting it to strong impacts, which can damage internal components.

6. TROUBLESHOOTING

If you encounter issues with your BoxWave SlimKeys Bluetooth Keyboard, refer to the following common problems and solutions:

Troubleshooting Guide

Problem	Possible Cause	Solution
Keyboard does not power on.	Battery is depleted.	Charge the keyboard fully.
Cannot pair the keyboard with my device.	Bluetooth not enabled on device; keyboard not in pairing mode; interference.	Ensure Bluetooth is on. Press 'Connect' button on keyboard. Move closer to device. Remove previous pairings. Restart both devices.
Keyboard disconnects frequently.	Low battery; too far from device; interference.	Charge keyboard. Keep keyboard within 10 meters of device. Avoid strong electromagnetic interference.
Backlight is not working or stuck on one color.	Backlight off; low battery; software glitch.	Press the Light Bulb key. Charge the keyboard. Power cycle the keyboard (turn off, then on).
Keys are not responding.	Keyboard not paired; low battery; hardware issue.	Re-pair the keyboard. Charge the keyboard. If problem persists, contact customer support.

If the problem persists after trying these solutions, please contact BoxWave customer support for further assistance.
