BoostArea B1367

BoostArea Arc Floor Lamp User Manual

Model: B1367

PRODUCT OVERVIEW

The BoostArea Arc Floor Lamp (Model B1367) is a modern lighting solution designed for various indoor spaces such as living rooms, bedrooms, study rooms, and offices. It features advanced dimming capabilities, versatile control options, and a durable, eye-caring design.

Figure 1: BoostArea Arc Floor Lamp with remote control.

Key Features:

- **Stepless Dimmable Brightness & Color Temperature:** Adjust brightness from 10% to 100% and color temperature from 2700K (warm white) to 6500K (cool white) to suit any mood or activity.
- **Remote Control & Foot Switch:** Conveniently control the lamp from a distance with the included magnetic remote or use the integrated foot switch for quick on/off operation.
- **Natural Linen Lampshade:** Features a double-layered, crisp beige natural linen lampshade with premium PVC lining, designed to soften light and minimize eye strain.
- **Easy Assembly:** Designed for quick and tool-free assembly, typically completed within 5 minutes.
- **Sturdy and Stable Design:** Equipped with a weighted base (6.6 LB) and UL 8° Stability certification for enhanced safety.

SETUP AND ASSEMBLY

The BoostArea Arc Floor Lamp is designed for quick and straightforward assembly, requiring no additional tools. Please follow these steps carefully:

1. **Install the Lampshade:** Form the flat lampshade strip into a cylinder and secure it with the Velcro

strip. Attach it to the circular hoops using the provided clips. Ensure the top ring is oriented correctly (indent down).

2. **Assemble the Pole:** Screw all the pole tubes together from top to bottom. Ensure connections are secure but do not overtighten. Gently pull the power cord from the bottom to take up any excess slack as you assemble the pole sections.
3. **Insert Assembled Tubes into Base:** Securely screw the assembled pole into the sturdy lamp base.
4. **Unscrew Socket Ring:** Unscrew the socket ring from the lampholder.
5. **Install Lampshade onto Lampholder:** Place the assembled lampshade onto the lampholder and screw the socket ring back on to secure the lampshade.
6. **Install LED Bulb:** Screw the included 10W/1200LM dimmable E26 LED bulb into the lampholder. Ensure it is an E26 LED dimming bulb, with a maximum wattage of 60W.

OPERATING INSTRUCTIONS

Your BoostArea Arc Floor Lamp offers multiple ways to control its lighting to create the perfect ambiance.

Remote Control Functions:

The included magnetic remote control allows for convenient adjustment of the lamp's settings from up to 16.5 feet away. The remote can be magnetically attached to the lamp pole for easy storage.

Figure 3: Remote control layout and functions.

- **On/Off/Matching:** Power the lamp on or off. Use for pairing the remote if needed.
- **Brightness Adjustment:** Use the '+' and '-' buttons to steplessly adjust brightness from 10% to 100%.
- **Color Temperature Adjustment:** Use the 'K' button to cycle through color temperatures (2700K Warm White, 4000K Neutral Light, 5000K Daylight, 6500K Cool White). Use the '+' and '-' buttons around the sun icon to fine-tune the color temperature.
- **Preset Modes:**
 - **Sleeping Mode (Moon icon):** Provides a soft, low light suitable for winding down.
 - **Nursery Mode (Baby Bottle icon):** Gentle illumination for baby care.
 - **Reading Mode (Book icon):** Optimized brightness and color for comfortable reading.
 - **Working Mode (Computer icon):** Bright, clear light for tasks and computer use.

Each preset mode can be further adjusted for brightness and color temperature to personalize your experience.

- **1 Hour Timing:** Activates a 1-hour timer for automatic shut-off.

Foot Switch:

For quick and easy operation, the lamp includes a foot switch on the power cord. Simply tap it with your foot to turn the lamp on or off.

Adjustable Lamp Head:

The lamp head is designed to be flexible, allowing you to adjust its angle to direct light precisely where needed. This feature is useful for various activities like reading or working.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your BoostArea Arc Floor Lamp.

- **Lampshade Cleaning:** The natural linen lampshade with PVC lining is easy to clean. Wipe the outer linen with a damp cloth. The inner PVC is waterproof and oil-resistant, allowing for easy wiping.
- **Bulb Replacement:** If the included LED bulb needs replacement, ensure you use an E26 LED dimming bulb. The maximum compatible wattage is 60 Watts. Always unplug the lamp before replacing the bulb.
- **General Cleaning:** For the metal parts, wipe with a soft, dry cloth. Avoid using abrasive cleaners or solvents.

TROUBLESHOOTING

If you encounter any issues with your BoostArea Arc Floor Lamp, please refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Lamp does not turn on.	No power, loose connection, faulty bulb, remote battery dead.	Ensure the power cord is securely plugged into a working outlet. Check all pole connections for tightness. Verify the bulb is screwed in correctly. Replace remote batteries if necessary.
Remote control not working.	Dead batteries, remote not paired, interference.	Replace the remote control batteries. Try re-pairing the remote with the lamp (refer to remote control instructions if provided separately). Ensure no obstructions are blocking the signal.
Lamp is unstable or leans.	Improper assembly, uneven surface.	Disassemble and reassemble the pole sections, ensuring they are screwed together straight and tightly. Verify the lamp is placed on a flat, stable surface.
Lampshade appears crooked or misshapen.	Incorrect assembly of lampshade.	Ensure the lampshade's circular hoops are not bent and are properly attached to the fabric. Re-adjust the clips and Velcro if needed.

SPECIFICATIONS

Feature	Detail
Model Number	B1367
Product Dimensions	10"D x 10"W x 64"H
Item Weight	6.3 Pounds
Brand	BoostArea
Color	White
Material	Metal
Finish Type	Matte
Shade Material	Linen
Bulb Base	E26
Maximum Compatible Wattage	60 Watts
Light Source Type	LED
Color Temperature Range	2700K-6500K
Control Method	Remote Control, Foot Switch
Power Source	Corded Electric
Indoor/Outdoor Usage	Indoor
Included Components	Bulb, Remote Control
