Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Refer to the parts list in the included manual to identify each piece.
2. **Assemble Main Panels:** Connect the main horizontal panels using the provided dowels and cam locks. Ensure a secure fit.
3. **Install Vertical Dividers:** Attach the vertical divider panels for the bookcase sections.
4. **Secure Back Panels:** Fasten the back panels to the assembled structure.
5. **Integrate Charging Station:** Carefully place and secure the built-in charging station into its designated slot.
6. **Install LED Lights:** Adhere the LED light strips to the underside of the shelves as indicated in the manual. Connect the wiring to the controller.
7. **Attach Side Frames:** Secure the metal side frames to the main headboard structure.
8. **Final Connections:** Connect the LED light wiring to the power supply and ensure all connections are firm.

3. MAINTENANCE

To maintain the appearance and longevity of your AYEASY headboard, follow these simple care instructions:

- **Cleaning:** Wipe the headboard surfaces with a dry cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the engineered wood finish.
- **Dusting:** Regularly dust the shelves and surfaces to prevent buildup.
- **Electrical Components:** Ensure the charging station and LED light wiring are free from dust and debris. Do not attempt to repair electrical components yourself.

4. TROUBLESHOOTING

If you encounter any issues with your AYEASY headboard, please review the following common solutions:

- **Lights Not Working:** Check all electrical connections to ensure they are securely plugged in. Verify the power source is active.
- **Charging Station Not Functioning:** Confirm the headboard's main power cord is plugged into a working wall outlet. Test with a different device or cable to rule out device-specific issues.
- **Wobbling/Noise:** Ensure all screws and fasteners are tightened. Periodically check and re-tighten hardware to maintain stability.
