Note:

- *Please confirm your iPad model before ordering.
- *It is only compatible with the above models of iPad, not compatible with other devices or models.

This image illustrates the range of iPad models compatible with the Zyerch Stylus Pen, including specific generation numbers for iPad, iPad Air, iPad mini, and iPad Pro 11-inch and 12.9-inch models.

SETUP AND INITIAL USE

Powering On/Off

The Zyerch Stylus Pen does not use Bluetooth for basic functionality. To power on or off, simply press the top button of the stylus. A quick press is sufficient; there is no need to press and hold for several seconds.

 This stylus doesn't have Bluetooth. Single press the top button of the stylus to turn on/off easily without connecting Bluetooth. And you don't need to press and hold for 3 seconds. You can use it simply by pressing it quickly.

This image demonstrates how to power on or off the stylus pen by pressing the top button. The pen is shown in use, writing on an iPad screen.

How to use this iPad pencil?

Turn on and use directly

It can be magnetically fastened to the iPad for easy portability and storage the button is designed for ease of use and are the same as the pencil 1st saving power. And you don't need to press and hold for 3 seconds. **You can use it simply by pressing it quickly.**

If it doesn't work, please follow step 1 or step 2 below:

1. Go to Settings>Bluetooth>Turn off Bluetooth

2. Go to Settings>Bluetooth>Apple Pencil>Tap >Forget This Device

This diagram illustrates the simple power-on method by pressing the top of the stylus. It also includes visual steps for troubleshooting Bluetooth interference by turning off Bluetooth on the iPad or forgetting a previously paired Apple Pencil.

OPERATING INSTRUCTIONS

Palm Rejection

The stylus features palm rejection technology, allowing you to rest your hand comfortably on the iPad screen while writing or drawing without causing unintended marks or actions. This eliminates the need for special gloves.

High Precision & Palm Rejection

NO LAG,
NO SLIP/NO OFFSET

THE ACCURACY
IS DOWN TO THE PIKE!

This image shows a hand using the stylus on an iPad, with the palm resting on the screen, illustrating the palm rejection feature in action during note-taking or drawing.

Tilt Sensitivity

The stylus supports tilt sensitivity, enabling you to vary the thickness of lines by changing the angle at which you hold the pen against the screen. This feature is useful for sketching, shading, and creating dynamic strokes.

MULTIPLE CHARGING METHODS

This iPad pen has a Type-C port and comes with a USB-C charging cable, supporting charged by mobile power or laptop, etc. Same as apple pencil 1st generation & apple pencil 2nd generation.

Please note that this apple pencil alternative magnetic charging feature is only available for iPad Pro 12.9" 3rd/4th/5th, iPad Pro 11" 1st/2nd/3rd, iPad Air 4th/5th, iPad Mini 6th. And the iPad 10th doesn't have magnetic adsorption function, so this stylus can not be properly attached to the side.

This diagram visually explains the tilt sensitivity feature, showing how holding the stylus at different angles (15°, 30°, 60°) results in lines of varying thickness, enhancing creative control.

Magnetic Attachment

The stylus features a built-in magnet for convenient attachment to the side of compatible iPad models, including the iPad 10th Generation. This design aids in portability and helps prevent loss.

Magnetic Adsorption Design

More portable and easier to organize, no rolling and lost

This image shows the stylus pen magnetically adhering to the side of an iPad, demonstrating its magnetic adsorption design for easy storage and transport.

Note: Magnetic charging is only available for iPad Pro 12.9" (3rd/4th/5th Gen), iPad Pro 11" (1st/2nd/3rd Gen), iPad Air (4th/5th Gen), and iPad Mini 6th Gen. The iPad 10th Generation does not support magnetic charging, so this stylus cannot be charged via magnetic attachment on that specific model.

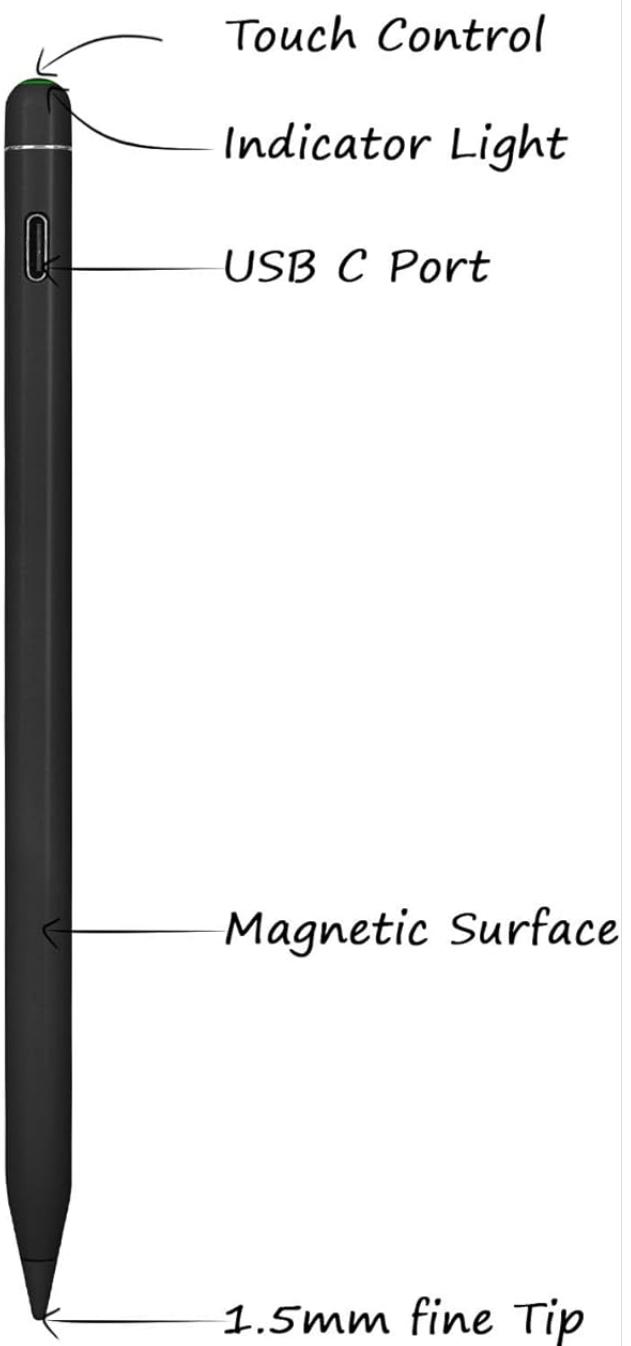

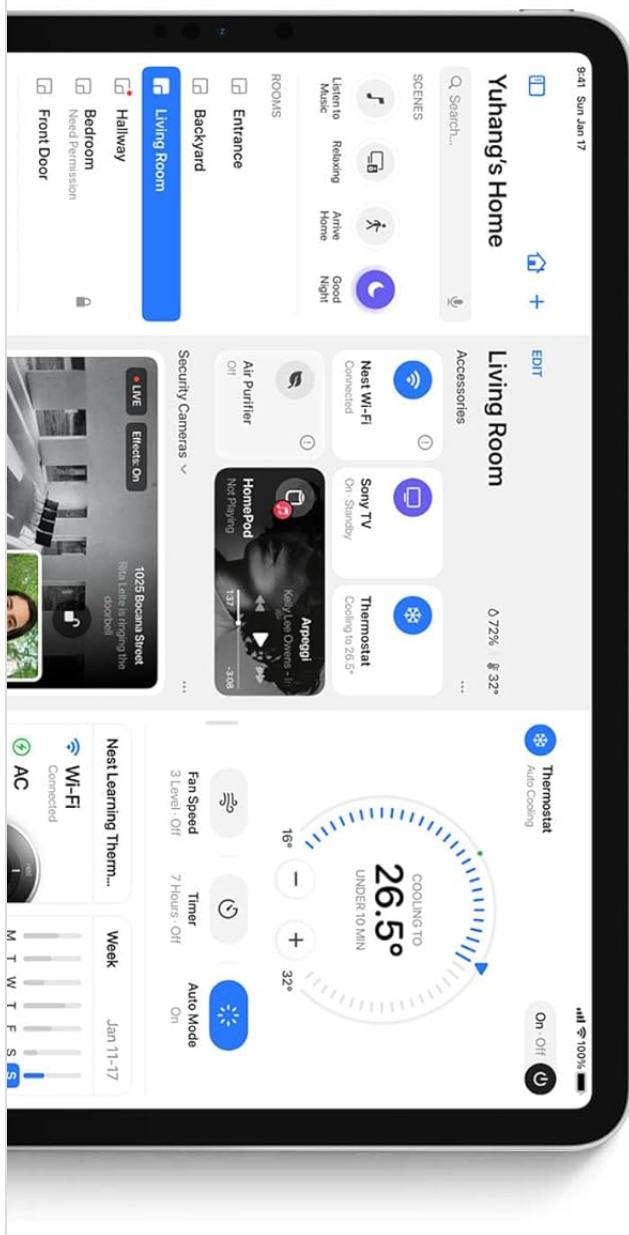

KEY FEATURES

- **High Precision:** The 1.5mm fine tip allows for detailed work without lag or skipping.

- **Palm Rejection:** Rest your hand on the screen naturally while writing or drawing.
- **Tilt Sensitivity:** Adjust line thickness by changing the pen's angle.
- **Magnetic Adsorption:** Attaches to compatible iPads for easy storage.
- **USB-C Charging:** Convenient charging via a USB-C port.
- **Long Battery Life:** Designed for extended use with efficient power management.

SMART TOUCH SWITCH

Touch the top of pen to TURN ON/OFF

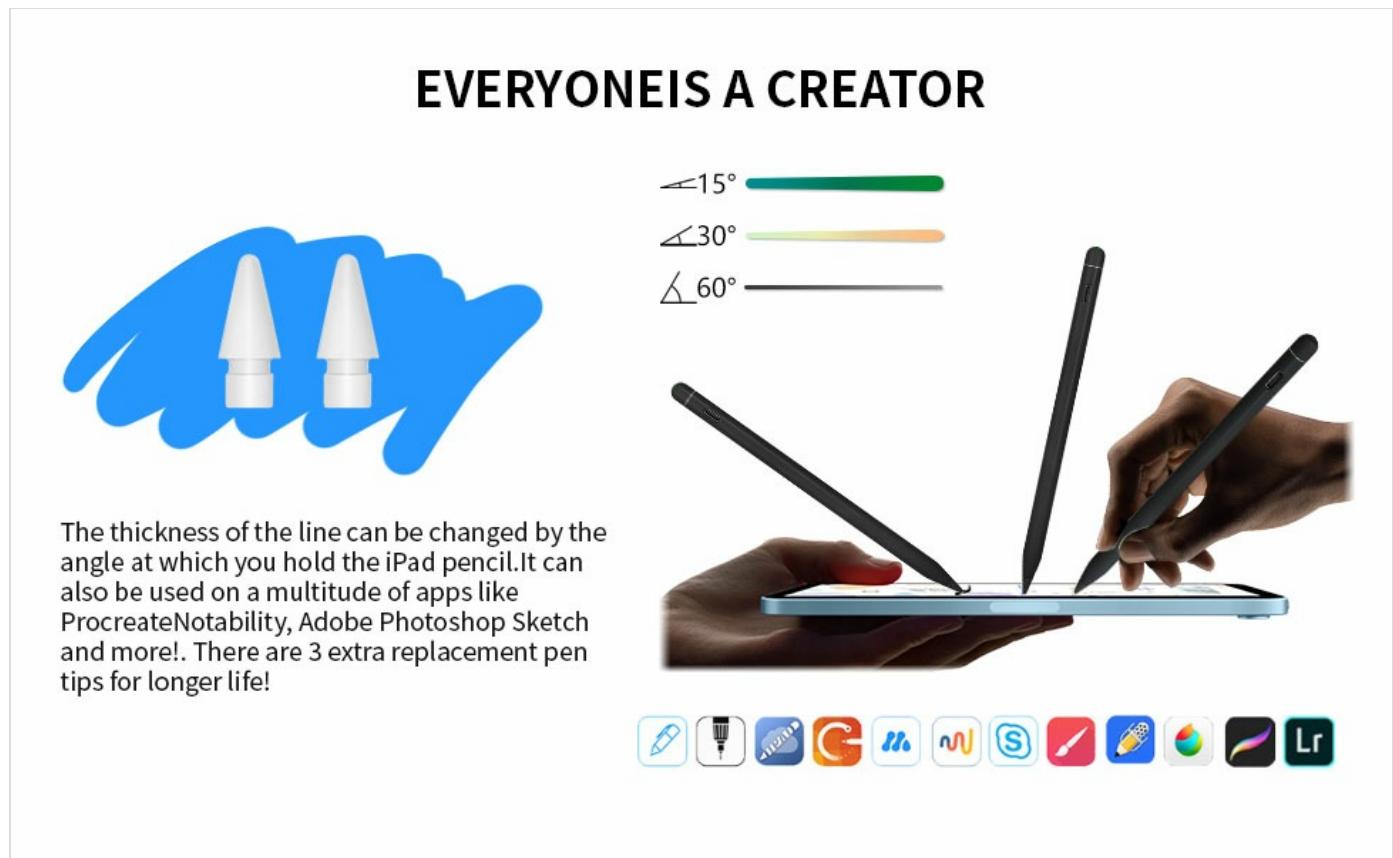

This diagram labels the key physical features of the stylus pen, including the touch control, indicator light, USB-C charging port, magnetic surface, and the 1.5mm fine tip.

CHARGING THE STYLUS PEN

The Zyerch Stylus Pen is equipped with a USB-C charging port. Use the provided USB-C cable to connect the stylus to a power source, such as a wall adapter, power bank, or computer USB port. The indicator light will show charging status.

- **Charging Time:** Approximately 40 minutes for a full charge.
- **Working Time:** Up to 9 hours of continuous use.
- **Standby Time:** Up to 365 days.
- **Auto-Sleep:** The pen will enter auto-sleep mode after 5 minutes of inactivity to conserve battery.

This image displays the stylus pen being charged via its USB-C port, alongside key battery performance metrics such as charging time, working time, standby time, and auto-sleep duration.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the stylus body. Avoid abrasive materials or harsh chemicals.
- **Tip Replacement:** The stylus comes with extra replacement tips. If the tip becomes worn or damaged, gently pull it out and insert a new one.
- **Storage:** Store the stylus in a cool, dry place. Utilize its magnetic attachment feature on your iPad for secure storage when not in use.

TROUBLESHOOTING

Stylus Not Working After Powering On

If the stylus does not function correctly after being turned on, it may be due to an active Bluetooth connection with an Apple Pencil or other stylus. Follow these steps:

1. **Turn off iPad Bluetooth:** Go to **Settings** > **Bluetooth** > Toggle **Bluetooth** to OFF.
2. **Forget Apple Pencil (if previously paired):** Go to **Settings** > **Bluetooth** > Locate **Apple Pencil** in "My Devices" > Tap the "**I**" icon next to it > Select "**Forget This Device**".

After performing these steps, try using the Zyerch Stylus Pen again. Ensure the stylus is adequately charged.
