› Bealife Metal Garden Tool Shed User Manual (Model 20cc)

## Bealife 20cc

# Bealife Metal Garden Tool Shed User Manual

Model: 20cc

## INTRODUCTION AND SAFETY WARNINGS

---

This manual provides essential information for the safe assembly, operation, and maintenance of your Bealife Metal Garden Tool Shed, Model 20cc. Please read all instructions carefully before beginning assembly or using the shed.

**Safety Warning: This item requires assembly. Always follow the provided assembly instructions and take necessary safety precautions when handling parts. Wear appropriate personal protective equipment, such as gloves, to prevent injury.**

The Bealife Metal Garden Tool Shed is constructed from high-quality galvanized steel with a treated surface paint, offering excellent durability, corrosion resistance, and UV protection. Its robust design helps prevent the penetration of wind and rain, keeping stored items dry and secure.

## SETUP AND ASSEMBLY

---

Assembly is required for this product. Detailed step-by-step instructions, including diagrams and a parts list, are included in the product packaging. Ensure you have all necessary tools and assistance before starting.

**Important Note: This item is shipped in two distinct packages, which may arrive on different dates. Please ensure both packages have arrived before beginning assembly.**

**Veillez noter :** cet article sera expédié en **2 colis** distincts, qui peuvent arriver à des dates différentes

Choose a level and stable location for your shed. Ensure adequate clearance around the shed for assembly and future access. It is recommended to assemble the shed on a solid foundation, such as a concrete slab or a wooden deck, to enhance stability and longevity.

## OPERATING INSTRUCTIONS

The Bealife Metal Garden Tool Shed provides ample storage space for various outdoor items. Its hinged door design allows for a wide opening up to 180 degrees, facilitating easy access to stored contents.

Image: Interior storage capacity with shelves.

**Storage Capacity:** With approximate dimensions of 155 cm (width) x 87 cm (depth) x 180 cm (height) at the base, the shed offers sufficient room for large garden tools like lawnmowers, hedge trimmers, brooms, rakes, and smaller hand tools. Shelves can be added (if not included) to optimize vertical storage.

## MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Bealife Metal Garden Tool Shed.

- **Cleaning:** Clean the exterior surfaces periodically with a mild soap and water solution. Avoid abrasive cleaners or harsh chemicals that could damage the galvanized steel or painted finish.
- **Inspection:** Regularly inspect the shed for any signs of wear, loose fasteners, or damage. Tighten any loose screws or bolts as needed.
- **Ventilation:** The shed is designed with ventilation openings to ensure air circulation and prevent moisture buildup. Keep these openings clear of obstructions.
- **Corrosion Protection:** The galvanized steel and surface paint provide excellent corrosion resistance. If any scratches or chips occur, touch them up promptly with appropriate rust-inhibiting paint to prevent rust.
- **Weather Resistance:** The shed is water-resistant and UV-resistant. However, in extreme weather conditions, ensure the door is securely closed and locked to protect contents.

# Wasserdicht und UV-beständig

Das Rillen- und Gefälledesign ermöglicht ein schnelles Abfließen des Regens und verhindert die Ansammlung von Wasser.

## TROUBLESHOOTING

If you encounter any issues with your Bealife Metal Garden Tool Shed, consider the following common solutions:

- **Difficulty with Door Operation:** Check if the shed is assembled on a level surface. Uneven ground can cause the frame to twist, affecting door alignment. Ensure all fasteners are tightened correctly.
- **Water Leakage:** Verify that all panels are correctly installed and sealed according to the assembly instructions. Check for any damage to the roof or walls. Ensure the shed is placed on a well-drained area.
- **Rust Spots:** While the shed is galvanized and painted for corrosion resistance, prolonged exposure to moisture or damage to the coating can lead to rust. Clean the affected area, remove any loose rust, and apply a rust-inhibiting primer and paint.

For persistent issues or concerns not addressed here, please contact Bealife customer support.

## SPECIFICATIONS

Feature	Detail
Brand	Bealife
Model Number	20cc
Color	Brown
Material	Galvanized Steel (Alloy Steel Frame)
Product Dimensions (D x W x H)	34.25"D x 61.02"W x 70.87"H (approx. 87cm x 155cm x 180cm)
Item Weight	33 Kilograms
Floor Area	15330 Square Centimeters
Water Resistance Level	Water Resistant
Assembly Required	Yes
