1 Hora GAR158N

1 Hora 20000mAh Power Bank User Manual

Model: GAR158N

Brand: 1 Hora

INTRODUCTION

Thank you for choosing the 1 Hora 20000mAh Power Bank. This portable power solution is designed to provide reliable and fast charging for your electronic devices on the go. With its high capacity, multiple output ports, and built-in safety features, it ensures your devices stay powered throughout your travels and daily activities. This manual provides essential information on how to set up, operate, maintain, and troubleshoot your power bank.

PACKAGE CONTENTS

- 1 Hora 20000mAh Power Bank (Model: GAR158N)
- USB-C to USB-C Cable (30 cm)

PRODUCT FEATURES

- **High Capacity:** 20000mAh (74Wh) provides multiple charges for smartphones, tablets, and other devices.
- **Fast Charging:** Up to 22.5W output with support for multiple fast charging protocols (PD3.0, QC2.0/3.0, AFC, FCP).
- **Multiple Ports:** Equipped with two USB-C ports (input/output) and one USB-A port, allowing simultaneous charging of up to three devices.
- **Smart USB-C Port:** One USB-C port functions as both input and output for versatile charging.
- **Digital LED Display:** Clearly shows the remaining battery percentage.
- **Built-in Flashlight:** Integrated strong light flashlight for convenience in low-light conditions.
- **Advanced Safety Protection:** Intelligent chip provides multi-level protection against short circuits, overcurrent, overvoltage, and overheating.

SETUP

Initial Charging of the Power Bank

Before first use, it is recommended to fully charge your 1 Hora Power Bank. This ensures optimal performance and battery longevity.

1. Connect the included USB-C to USB-C cable to one of the USB-C ports on the power bank (marked "OUT/IN" or "IN").
2. Connect the other end of the cable to a compatible USB wall charger (not included). For fastest charging, use a charger that supports PD (Power Delivery) or QC (Quick Charge) protocols.
3. The digital LED display will show the charging progress, indicating the battery percentage.
4. Once the display shows "100%", the power bank is fully charged and ready for use.

Note: A full charge may take several hours due to the large 20000mAh capacity.

Pantalla LED Digital

Conozca claramente la batería y diga adiós a la ansiedad por la batería.

OPERATING INSTRUCTIONS

Charging Your Devices

The 1 Hora Power Bank can charge up to three devices simultaneously using its various output ports.

1. Identify the correct charging cable for your device (USB-A to Lightning, USB-A to USB-C, USB-C to USB-C, etc.).
2. Connect one end of your device's charging cable to the appropriate output port on the power bank (USB-A or USB-C).
3. Connect the other end of the cable to your device.
4. The power bank will automatically begin charging your device. The digital display will show the power bank's remaining charge.

Compatibility: This power bank is compatible with a wide range of devices, including iPhones, Samsung phones, Xiaomi phones, iPads, AirPods, Huawei devices, Nintendo Switch, cameras, projectors, and other electronic devices.

Using the Flashlight

The power bank features a built-in strong light flashlight for added utility.

- To turn on the flashlight, press and hold the power button for approximately 2-3 seconds.
- To turn off the flashlight, press and hold the power button again for 2-3 seconds.

MAINTENANCE

Proper care and maintenance will extend the lifespan of your 1 Hora Power Bank.

- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Do not use liquid cleaners or abrasive materials.
- **Charging Cycle:** For optimal battery health, fully charge and discharge the power bank at least once every three months if not in regular use.
- **Avoid Drops:** Protect the device from drops and impacts, which can damage internal components.
- **Water Exposure:** Keep the power bank away from water and high humidity. It is not waterproof.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging	◦ Loose cable connection. ◦ Faulty charging cable or adapter. ◦ Power bank battery completely depleted.	◦ Ensure all connections are secure. ◦ Try a different USB-C cable and/or wall adapter. ◦ Allow the power bank to charge for a longer period, even if the display doesn't immediately light up.
Device not charging from power bank	◦ Power bank battery is low or empty. ◦ Loose cable connection. ◦ Incompatible charging cable. ◦ Device charging port issue.	◦ Recharge the power bank. ◦ Ensure cable is firmly connected to both power bank and device. ◦ Try a different charging cable. ◦ Test charging your device with another power source.
Flashlight not working	◦ Incorrect operation. ◦ Power bank battery is too low.	◦ Press and hold the power button for 2-3 seconds to activate/deactivate. ◦ Charge the power bank.
Slow charging	◦ Using a non-fast charging cable or adapter. ◦ Device does not support fast charging. ◦ Charging multiple devices simultaneously.	◦ Ensure you are using a fast-charging compatible cable and wall adapter. ◦ Check your device's specifications for fast charging support. ◦ Charging fewer devices may increase charging speed for individual devices.

SPECIFICATIONS

Feature	Detail
