PELEGON SCH1

PELEGON Shower Chair Model SCH1 Instruction Manual

Your guide to safe assembly, operation, and maintenance.

Introduction

Welcome to your new PELEGON Shower Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your shower chair. Please read it thoroughly before use to ensure proper functionality and user safety.

Important Safety Information

Adhering to these safety guidelines is crucial for preventing injury and ensuring the longevity of your shower chair.

- Always ensure all legs are evenly adjusted and securely locked with the spring-loaded pins fully engaged before each use.
- Verify that the non-slip rubber tips are clean and free of debris to maintain maximum grip on wet surfaces.
- Do not exceed the maximum weight capacity of 450 lbs (204 kg).
- Regularly inspect the chair for any signs of wear, damage, or loose components. Discontinue use immediately if any damage is found and contact customer support.
- Use caution when transferring on and off the chair. Utilize the padded armrests for stable support.
- Ensure the shower area is well-lit and clear of obstacles to prevent accidental falls.
- This chair is designed for use in a shower or bathtub. Do not use it for purposes other than its intended use.

Package Contents

Please verify that all components are present and undamaged before beginning assembly.

- Shower Seat with Backrest (1)
- Padded Armrests (2)
- Legs with adjustable height pins and non-slip tips (4)
- Crossbars (2)
- Hand-tightening screws/knobs (various sizes, including spares)
- Instruction Manual (1)

Setup and Assembly

The PELEGON Shower Chair is designed for tool-free assembly. Follow these steps carefully for a secure setup.

Image: Tool-free assembly of the shower chair.

Step-by-Step Assembly:

1. **Attach Legs to Seat Frame:** Insert each leg into the designated slots on the underside of the seat frame. Ensure the spring-loaded pins snap into place, securing the legs.
2. **Install Crossbars:** Attach the two crossbars between the legs. Loosely fasten the hand-tightening screws on all four ends of the crossbars. This allows for easier alignment.
3. **Secure Armrests:** Slide the padded armrests into the side openings of the seat frame. Ensure they are fully inserted and secured.
4. **Attach Backrest:** Insert the backrest into the rear slots of the seat frame.
5. **Final Tightening:** Once all components are in place, gradually tighten all hand-tightening screws on the crossbars and legs. Ensure all connections are firm and stable. Do not overtighten.

6. **Adjust Height:** Press the spring-loaded pins on each leg and slide the inner leg tube up or down to the desired height. Ensure all four legs are set to the same height and the pins are fully engaged in the adjustment holes.

For visual guidance, please refer to the official PELEGON assembly video below.

Operating Instructions

Height Adjustment:

The chair's height can be adjusted from 17 inches (minimum) to 21 inches (maximum) across 5 different levels to suit individual user needs.

1. Ensure the chair is empty and placed on a flat, stable surface before adjusting.
2. Locate the spring-loaded pins on each leg.
3. Press the pin on one leg and slide the inner leg tube to the desired height. Release the pin to lock it into the nearest adjustment hole.
4. Repeat this process for the remaining three legs, ensuring all legs are adjusted to the exact same height for optimal stability.
5. Before use, gently test the chair's stability by applying downward pressure to confirm it is securely set.

Using the Shower Chair:

- Position the shower chair securely in your shower stall or bathtub. Ensure all four non-slip tips are firmly on the surface.
- Use the padded armrests for stable support when sitting down or standing up.
- The quick-dry padded seat and backrest provide comfort during use.
- The drain holes in the seat allow water to pass through, preventing pooling and ensuring hygiene.

Maintenance

Regular cleaning and inspection will prolong the life of your shower chair and ensure continued safe use.

- **Cleaning:** After each use, rinse the chair with clean water to remove soap residue. Wipe down with a mild, non-abrasive cleaner and a soft cloth. Avoid harsh chemicals that may damage the materials.
- **Drying:** Allow the chair to air dry completely in a well-ventilated area to prevent mold and mildew growth. The quick-dry padded seat is designed to facilitate this process.
- **Inspection:** Periodically check all screws, pins, and connections to ensure they are tight and secure. Inspect the non-slip rubber tips for wear, cracks, or damage. Replace any worn or damaged parts immediately.
- **Storage:** Store the chair in a dry place when not in use for extended periods.

Troubleshooting

If you encounter any issues with your PELEGON Shower Chair, refer to the following common solutions:

Chair feels unstable:

- Ensure all four legs are adjusted to the exact same height and the spring-loaded pins are fully engaged in their respective adjustment holes.
- Verify that all crossbar screws are securely tightened.
- Check that the non-slip rubber tips are clean and making full, even contact with the shower or bathtub surface.
- Ensure the chair is placed on a flat, even surface within the shower or bathtub.

Difficulty with assembly:

- Refer to the "Setup and Assembly" section and the provided assembly video for detailed instructions.
- When attaching crossbars, it is recommended to loosely fasten all screws first, then gradually tighten them in rotation to ensure proper alignment and prevent cross-threading. Avoid forcing screws.

Specifications

Feature	Detail
Brand	PELEGON
Model Number	SCH1
Material	Aluminum
Color	Dark Blue
Maximum Weight Recommendation	450 Pounds (204 kg)
Adjustable Height Range	17 - 21 Inches
Seat Depth	13 Inches
Seat Interior Width	40 Centimeters (approx. 15.7 inches)
Item Weight	4.47 Kilograms (approx. 9.85 lbs)
GTIN (UPC)	850053523120
