

ORICO B0CMCDC6VM

ORICO USB 3.0 Clamp Hub (5-in-1) Instruction Manual

Model: B0CMCDC6VM

1. INTRODUCTION

This manual provides comprehensive instructions for the ORICO 5-in-1 Clamp USB Hub 3.0. This device is designed to expand your computer's connectivity, offering convenient access to multiple USB-A and USB-C ports directly from your monitor or desk edge. Please read this manual thoroughly before use to ensure proper installation and operation.

2. PACKAGE CONTENTS

- ORICO USB C Hub x 1
- Instruction Manual x 1 (This document)
- 2-in-1 USB Data Cable (1M) x 1

3. PRODUCT FEATURES

- **USB-C Expander:** Provides 3 USB-A ports (5Gbps) and 1 USB-C port (5Gbps) for connecting various devices such as smartphones, external hard drives, flash drives, and keyboards. The interface spacing is widened for easier access.
- **New Clampable Hub Design:** Features an adjustable screw mechanism, allowing secure mounting on monitor screens or desk edges with thicknesses ranging from 0.19 to 1.1 inches (5-28mm). Soft silicone pads protect surfaces from scratches.
- **Extra Power Supply Port:** Includes an additional power supply port to ensure stable operation for connected devices, especially high-power devices. (Power adapter not included).
- **2-in-1 USB Cable:** The included USB cable offers both USB-A and USB-C connectivity, ensuring compatibility with a wide range of devices including Apple MacBook Pro, Mac Air, iMac, PS4 Pro, Surface Pro, and other computers and laptops.
- **Stable and Secure:** Constructed from premium aluminum alloy for durability and efficient heat dissipation.
- **Wide Compatibility:** Supports Windows 10/8/8.1/7/Vista/XP, Mac OS X, Linux, and Chrome OS. Plug & play functionality requires no additional drivers.

4. SETUP INSTRUCTIONS

4.1 Attaching the Hub to Your Desk or Monitor

1. **Identify a Suitable Location:** Choose a location on your desk or monitor edge that is between 0.19 and 1.1 inches (5-28mm) thick. Ensure the location allows for easy access to the hub's ports and cable routing.

2. **Position the Hub:** Place the hub on the edge, ensuring the silicone pads are in contact with the surface to prevent scratches.
3. **Tighten the Screw:** Gently turn the adjustable screw until the hub is firmly secured to the desk or monitor. Do not overtighten.

ORICO USB-C Clamp HUB

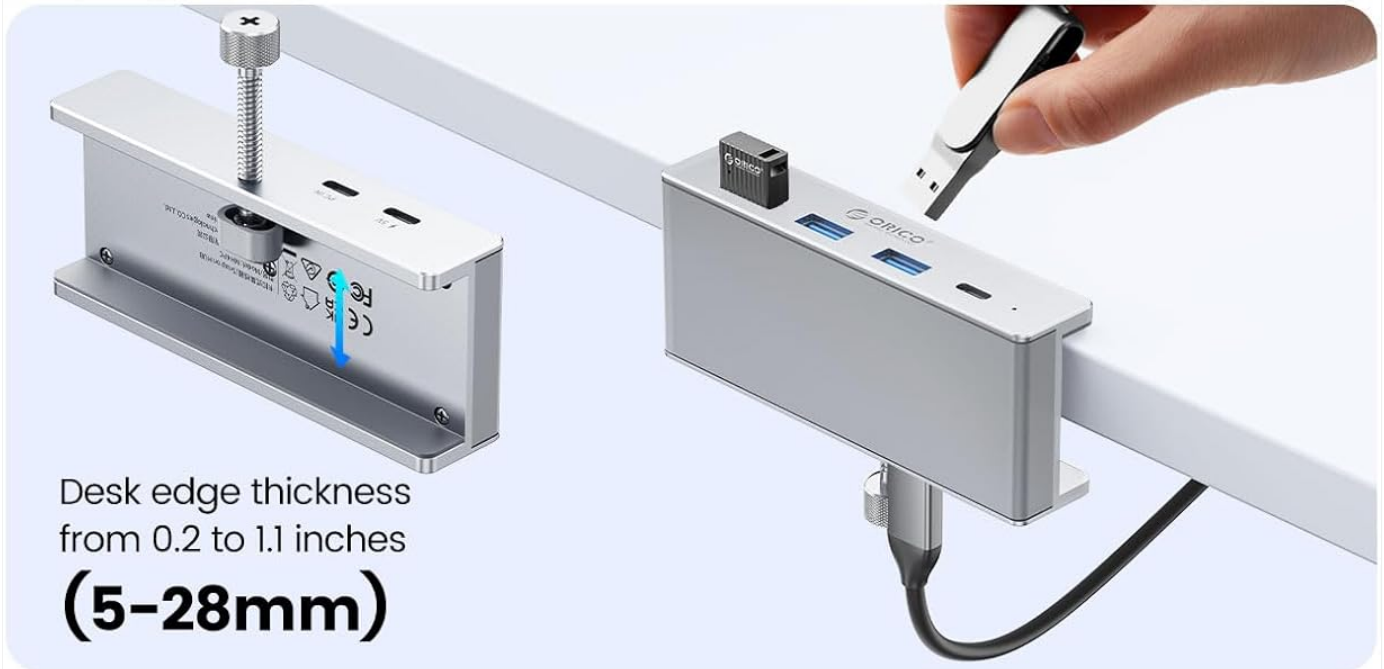

The clip can rotate to fit a screen with a certain curvature

The ORICO USB Hub securely clamped to the side of a monitor, providing easy access to its ports.

Easy Installation

(no extra tools or installation required)

Visual guide for installing the hub: find a suitable location and tighten the screw to fix the hub.

4.2 Connecting to Your Computer

1. **Use the 2-in-1 USB Cable:** The included cable features a reversible USB-C connector and a detachable USB-A adapter. Choose the appropriate connector for your computer's available port.
2. **Connect to PC IN Port:** Plug the USB-C end of the 2-in-1 cable into the "PC IN" port on the back of the ORICO USB Hub.
3. **Connect to Computer:** Plug the other end of the cable (USB-A or USB-C, depending on your adapter choice) into an available USB port on your computer.

The ORICO USB Hub and its versatile 2-in-1 USB cable, compatible with both USB-A and USB-C ports.

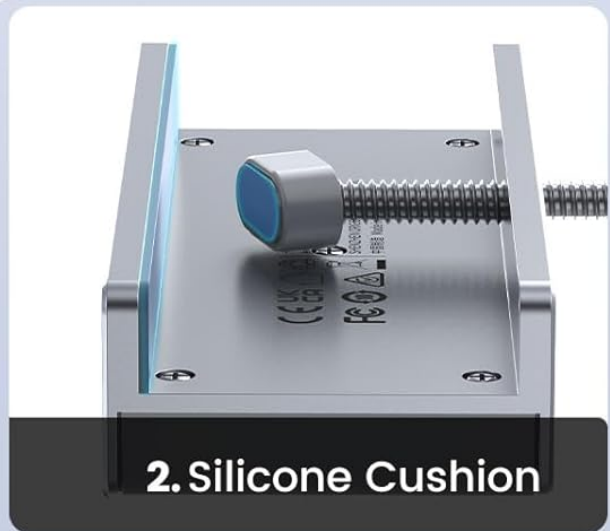

4.3 Optional Power Supply Connection

For stable operation with high-power devices (e.g., external hard drives), it is recommended to connect an external 5V power adapter (not included) to the "5V" port on the back of the hub.

Extra Power Supply Port(5V 3A)

1. Power Supply Port

2. Silicone Cushion

Detail of the hub's rear ports, including the optional 5V power input and the PC IN data port.

5. OPERATING INSTRUCTIONS

Once the ORICO USB Hub is securely attached and connected to your computer, it operates as a plug-and-play device. No additional drivers are required for most operating systems.

- **Connecting Devices:** Simply plug your USB-A or USB-C devices into the corresponding ports on the front of the hub.
- **Data Transfer:** The USB-A and USB-C data ports support speeds up to 5Gbps, allowing for fast file transfers.

- **Indicator Light:** A small LED indicator light on the hub will illuminate when the device is powered and connected correctly.

The hub's design ensures ports are easily accessible for connecting various USB devices.

5Gbps Data Transfer

10X Faster than
USB 2.0

USB 3.0

USB 2.0

The hub supports 5Gbps data transfer, significantly faster than USB 2.0.

6. MAINTENANCE

To ensure the longevity and optimal performance of your ORICO USB Hub, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the hub. Avoid using liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the hub in a cool, dry place away from direct sunlight and extreme temperatures.

- **Cable Care:** Avoid bending or crimping the data cable excessively to prevent internal damage.

7. TROUBLESHOOTING

- **Device Not Recognized:**
 - Ensure the 2-in-1 USB data cable is securely connected to both the hub's "PC IN" port and your computer's USB port.
 - Try connecting the hub to a different USB port on your computer.
 - If using high-power devices, ensure an external 5V power adapter is connected to the hub's "5V" port.
 - Restart your computer.
- **Slow Data Transfer:**
 - Verify that your computer's USB port supports USB 3.0 (often indicated by a blue interior).
 - Ensure the connected device (e.g., flash drive, external HDD) also supports USB 3.0 speeds.
 - Avoid connecting too many high-bandwidth devices simultaneously without an external power supply.
- **Hub Feels Warm:**
 - It is normal for the aluminum alloy casing to feel warm during operation, especially when multiple devices are connected or during heavy data transfer, due to its heat dissipation properties. If it becomes excessively hot, disconnect devices and contact support.

8. SPECIFICATIONS

Brand	ORICO
Model	B0CMCDC6VM
Color	Silver (Also available in Black)
Hardware Interface	USB, USB 3.0
Ports	3 x USB-A (5Gbps), 1 x USB-C (5Gbps), 1 x 5V Power Input (USB-C)
Special Features	Fast Data Transfer, Indicator Light, Plug and Play, Powered (optional external 5V)
Compatible Devices	Card Readers, Desktops, Laptops, Monitors, USB Flash Drives, various USB C Devices
Mounting Thickness	0.19 to 1.1 inches (5-28mm)
Cable Length	1 Meter (3.3 feet)
