# ODK L-Shaped Desk User Manual

Model: B01011227 | Brand: ODK

## INTRODUCTION

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your ODK L-Shaped Desk. Please read this manual carefully before beginning assembly or use to ensure proper setup and safe operation.

## SAFETY PRECAUTIONS

---

- For ease and safety, two people are recommended for assembly.
- Ensure all parts are included and in good condition before starting assembly.
- Do not overtighten screws during assembly to avoid damaging components.
- Keep small parts away from children to prevent choking hazards.
- Place the desk on a flat, stable surface.
- Do not overload the desk or shelves.
- Ensure power cables are properly routed to avoid tripping hazards.

## PACKAGE CONTENTS

---

Please verify that all components listed below are present and undamaged before proceeding with assembly. Refer to the included parts list for detailed identification.

### Step-by-Step Assembly

#### 1. Install Adjustable Foot Pads

Attach the adjustable foot pads to the base of the desk frame components. These pads help stabilize the desk on uneven surfaces.

## MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or water damage to the MDF board.
- **Stability:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain desk stability.
- **Heat:** Avoid placing hot items directly on the desk surface. Use coasters or protective pads.
- **Sunlight:** Prolonged exposure to direct sunlight may cause fading or discoloration.

## TROUBLESHOOTING

### Desk Wobbles After Assembly

- **Check Foot Pads:** Ensure all adjustable foot pads are properly installed and adjusted to compensate for uneven flooring.
- **Tighten Screws:** Re-check all assembly screws, especially those connecting the main frame components and desktop panels. Tighten any loose screws.
- **Level Surface:** Verify that the desk is placed on a flat and level surface.

### Power Outlets/USB Ports Not Working

- **Power Connection:** Ensure the desk's power cable is securely plugged into a functional wall outlet.
- **Internal Connection:** Verify that the integrated power strip is correctly installed and its internal connection to the main cable is secure.
- **Overload:** Avoid plugging in too many high-power devices simultaneously, which could trip a circuit breaker.

### Drawers Do Not Slide Smoothly

- **Proper Assembly:** Ensure the fabric drawers are fully expanded and the bottom shelf is correctly inserted.
- **Obstructions:** Check for any obstructions within the drawer slots.
- **Alignment:** Verify that the drawer handles are securely attached and not causing misalignment.
