Tkisko TO1

Tkisko TO1 Projector User Manual

Model: TO1 | Brand: Tkisko

1. INTRODUCTION

Thank you for choosing the Tkisko TO1 Projector. This projector is designed to deliver a superior visual experience with its native 1080p Full HD resolution, 4K support, and 700 ANSI lumens brightness. Featuring advanced connectivity options like 5G+2.4G Wi-Fi and Bluetooth 5.1, along with convenient electric focus and 4D/4P keystone correction, it's perfect for both indoor and outdoor entertainment.

2. PACKAGE CONTENTS

Please check the box for the following items:

- Tkisko TO1 Projector
- Remote Control
- Power Cable
- HDMI Cable
- AV Cable
- User Manual
- Portable Backpack

3. PRODUCT OVERVIEW

Familiarize yourself with the main components of your Tkisko TO1 Projector.

Figure 3.1: Tkisko TO1 Projector and included accessories.

The projector features a lens on the front, various input ports on the side/rear, and control buttons on the top. The remote control provides easy access to all functions, including electric focus and keystone correction.

4. SETUP GUIDE

4.1 Placement

Place the projector on a stable, flat surface. For optimal viewing, ensure the projection distance is approximately 3 meters (about 9.8 feet) to achieve the best effect on screen sizes ranging from 40 to 300 inches.

4.2 Power Connection

Connect the power cable to the projector's power input and then to a power outlet.

4.3 Initial Power On

Press the power button on the projector or remote control to turn on the device. The projector will display its initial screen.

4.4 Focus Adjustment

The Tkisko TO1 Projector features electric focus. Use the smart remote control to precisely adjust the focus until the image is clear and crisp. This eliminates the need for manual lens adjustments.

Figure 4.1: Adjusting focus using the smart remote control.

4.5 Keystone Correction

The projector supports 4D/4P keystone correction, allowing you to adjust all four corners of the image to achieve a perfectly rectangular projection, even if the projector is not perfectly aligned with the screen. Use the remote control for these adjustments.

5. OPERATING INSTRUCTIONS

5.1 Connectivity Options

The Tkisko TO1 Projector offers versatile connectivity:

- **Wi-Fi Connection:** Supports advanced 5G+2.4G Wi-Fi for fast and low-latency wireless screening from your iPhone, Android phone, MacBook, or Windows laptop.
- **Bluetooth Connection:** Features 5.1 bidirectional Bluetooth, allowing you to connect to external Bluetooth speakers for enhanced audio or use the projector as a Bluetooth speaker itself.
- **Wired Connections:** Equipped with HDMI, USB, AV, and a 3.5mm audio jack for connecting various devices such as TV sticks, PCs, gaming consoles, and more.

5.2 Zoom Function

The projector features a zoom function that allows you to reduce the image size from 100% to 50% without physically moving the projector. This is useful for fine-tuning the projection size to fit your screen or wall.

5.3 Image Quality

Experience sharp and vivid images with native 1080p Full HD resolution, 700 ANSI brightness, and a high contrast ratio of 20000:1. The projector supports 4K content for enhanced detail.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Tkisko TO1 Projector, follow these maintenance guidelines:

- **Cleaning the Lens:** Use a soft, lint-free cloth specifically designed for optical lenses. Do not use abrasive cleaners or cloths that could scratch the lens.
- **Dust Protection:** The projector features a fully sealed optical engine, which helps protect the lens from dust and scratches. However, regular cleaning of the exterior casing with a soft, dry cloth is recommended.
- **Ventilation:** Ensure the projector's ventilation openings are not blocked to prevent overheating.
- **Storage:** When not in use for extended periods, store the projector in its portable backpack in a cool, dry place.

7. TROUBLESHOOTING

If you encounter issues with your projector, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No image or distorted image	Incorrect focus, keystone settings, or input source.	Adjust electric focus and keystone correction. Verify the correct input source is selected.
No sound	Volume too low, incorrect audio output, or Bluetooth not connected.	Increase volume. Check audio settings. Ensure Bluetooth speaker is properly paired.
Wi-Fi/Bluetooth connectivity issues	Interference, incorrect password, or device compatibility.	Ensure devices are within range. Re-enter Wi-Fi password. Some streaming services may block screen mirroring due to DRM.
Projector overheating	Blocked ventilation.	Ensure vents are clear and the projector has adequate airflow.
Black spot on projection	Dust inside optical path or internal component issue.	If persistent, contact customer support for assistance.

8. SPECIFICATIONS
