Important Safety Information

WARNING: This product requires assembly. Always follow the provided instructions carefully. Do not exceed the maximum weight limit of 150 lbs on the tabletop. Be cautious of pinch points during assembly and when operating the sliding doors and drawers. For optimal safety and ease of assembly, it is recommended to have two people for the assembly process and when moving the cabinet.

Components List

Before beginning assembly, ensure all parts are present and undamaged. Refer to the included assembly manual for a detailed list of components and hardware. Key components include:

- Cabinet Top (1" thick tabletop)
- Side Panels with adjustable shelf supports
- Back Material (Engineered Wood)

- Sliding Barn Doors (2) with metal hardware
- Drawers (4) with smooth-glide mechanisms
- Legs/Base supports
- Assembly Hardware (screws, cam locks, etc.)

If any parts are missing or damaged, please contact our dedicated support team for assistance.

Setup and Assembly

Assembly of your T4TREAM cabinet is designed to be straightforward with clear instructions and labeled parts. Follow the step-by-step guide provided in your package. A second person is recommended for a smoother assembly process, especially when handling larger components like the tabletop and side panels.

1. **Unpack and Organize:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the provided list.
2. **Assemble the Base Frame:** Connect the bottom and side panels according to the diagrams. Ensure all connections are secure.
3. **Install Drawer Slides:** Attach the drawer slides to the cabinet frame and the drawer boxes. Ensure they are level and aligned for smooth operation.
4. **Assemble Drawers:** Construct the four drawers. Attach the handles securely.
5. **Attach Back Panel:** Secure the engineered wood back panel to the assembled frame.
6. **Place Top Panel:** Carefully align and secure the 1-inch thick tabletop to the main cabinet structure.
7. **Install Sliding Door Hardware:** Attach the barn door track and hangers to the top of the cabinet.
8. **Hang Barn Doors:** Carefully hang the two barn doors onto the track. Ensure they slide smoothly.
9. **Insert Adjustable Shelves:** Place the adjustable shelves into the side cabinets at your desired height.

Operating Instructions

Your T4TREAM cabinet is designed for ease of use and versatile storage.

- **Sliding Barn Doors:** The two barn doors operate on a smooth-gliding track, allowing you to easily access the contents of the side cabinets. Simply push the door gently along the track to open or close.
- **Adjustable Shelves:** Each deep side cabinet features an adjustable shelf. To reposition a shelf, remove all items, lift the shelf, and place it on the desired support pegs. This allows for flexible storage of items of various sizes.
- **Drawers:** The four smooth-glide drawers are perfect for organizing smaller items like tableware, linens, or personal belongings. Pull the handles gently to open and push to close.

Figure 4: The spacious tabletop can accommodate various appliances, while the drawers provide ample space for organizing kitchen essentials.

Maintenance and Care

To ensure the longevity and appearance of your T4TREAM Farmhouse Sideboard Buffet Cabinet, follow these simple care guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Promptly wipe up any spills to prevent staining or water damage, especially on the wood tabletop.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Use coasters or protective pads under hot dishes or drinks. Protect from excessive moisture.
- **Sunlight Exposure:** Prolonged exposure to direct sunlight may cause fading or discoloration. Position the cabinet away from direct sunlight if possible.
- **Hardware:** Periodically check and tighten all screws and hardware to ensure stability.

Troubleshooting

If you encounter any issues with your T4TREAM cabinet, please refer to the following common solutions:

Problem	Possible Cause	Solution
Sliding doors do not move smoothly or get stuck.	Track obstruction, misaligned doors, or loose hardware.	Check the track for debris and clean if necessary. Ensure the doors are properly aligned on the track. Tighten any loose screws on the hangers or track.
Drawers are difficult to open or close.	Misaligned drawer slides, overloaded drawer, or debris in the slides.	Ensure drawer slides are correctly installed and aligned. Reduce the weight in the drawer. Clean the drawer slides.
Cabinet feels unstable or wobbly.	Loose assembly hardware or uneven floor.	Check and tighten all assembly screws. Use furniture levelers or shims under the legs to stabilize on uneven surfaces.
Missing or damaged parts upon delivery.	Shipping damage or packaging error.	Contact T4TREAM customer support immediately with your order details for replacement parts.

If the issue persists after attempting these solutions, please contact our customer support for further assistance.
