

Fire-Boltt Rise BSW069

Fire-Boltt Rise Smart Watch User Manual

Model: Rise BSW069

INTRODUCTION

This manual provides essential instructions for setting up, operating, and maintaining your Fire-Boltt Rise Smart Watch. Please read this manual thoroughly before using the device to ensure proper function and longevity.

1. SETUP GUIDE

1.1 Unboxing and Initial Inspection

Upon opening the package, verify that all components are present and undamaged. The box contents should include:

- 1 Fire-Boltt Rise Smart Watch
- 1 Charging Cable
- 1 User Manual (this document)
- 1 Warranty Card

1.2 Charging the Smart Watch

Before first use, fully charge your smart watch. Connect the provided charging cable to the charging port on the back of the watch and to a standard USB power adapter (not included). A full charge typically takes approximately 2 hours.

Image: The Fire-Boltt Rise Smart Watch connected to its charging cable.

The watch has a battery capacity of 250mAh, providing an average battery life of up to 7 days under normal usage conditions, and up to 15 days in standby mode.

1.3 Pairing with Your Smartphone

1. Download the official Fire-Boltt application from your smartphone's app store (Android or iOS).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the Fire-Boltt app and follow the on-screen instructions to create an account or log in.
4. Select "Add Device" or a similar option within the app.
5. The app will search for available devices. Select "Fire-Boltt Rise" from the list.
6. Confirm the pairing request on both your watch and smartphone.

Once paired, the watch will synchronize time, date, and other settings with your phone. Ensure the app runs in the background for continuous data synchronization and notification delivery.

2. OPERATING INSTRUCTIONS

2.1 Basic Navigation

The Fire-Boltt Rise Smart Watch features a 1.85-inch HD touchscreen display and a rotating crown for navigation.

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and notifications. Tap to select items.
- **Rotating Crown:** Rotate the crown to scroll through lists or adjust settings. Press the crown to return to the home screen or confirm selections.

2.2 Bluetooth Calling

With the built-in microphone and speaker, you can make and receive calls directly from your watch when connected to your smartphone via Bluetooth.

- **Making Calls:** Access the dial pad or contacts list on your watch to initiate a call.
- **Receiving Calls:** When a call comes in, you can answer or reject it directly from the watch screen.

2.3 AI Voice Assistant

Activate the AI Voice Assistant on your watch to perform various tasks using voice commands. This feature requires your watch to be connected to your smartphone and its internet connection.

Image: The Fire-Boltt Rise Smart Watch displaying the AI voice assistant interface, ready for commands like "Hey Siri" or "Hey Google".

2.4 Health Monitoring

The watch provides comprehensive health tracking features:

- **Heart Rate Monitoring:** Continuously tracks your heart rate throughout the day.
- **SpO2 Monitoring:** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Monitors your sleep patterns, including restful and light sleep durations.
- **Sedentary Reminders:** Alerts you to move after periods of inactivity.
- **Step Tracker:** Counts your daily steps, distance, and estimated calories burned.

2.6 Smart Features

The Fire-Boltt Rise Smart Watch integrates several smart features for daily convenience:

- **Notifications:** Receive alerts for calls, messages, and social media directly on your wrist.
- **Music Control:** Play, pause, skip tracks, and adjust volume for music playing on your phone.
- **Camera Control:** Use your watch as a remote shutter for your phone's camera.
- **Weather Updates:** Get real-time weather information.
- **Games:** Enjoy pre-installed mini-games.
- **Find Phone:** Locate your paired smartphone by making it ring.
- **Multiple Watch Faces & UI Styles:** Customize the watch face and menu layout to suit your preference.

3. MAINTENANCE

3.1 Cleaning Your Smart Watch

Regularly clean your watch to maintain its appearance and functionality. Use a soft, lint-free cloth to wipe the screen and body. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

3.2 Water Resistance (IP67)

The Fire-Boltt Rise Smart Watch is IP67 water-resistant, meaning it is protected against dust and can withstand immersion in water up to 1 meter for up to 30 minutes. It is suitable for daily use and light water exposure like hand washing or rain. However, it is **not recommended** for swimming, showering with hot water, or diving, as steam and high-pressure water jets can compromise the seals.

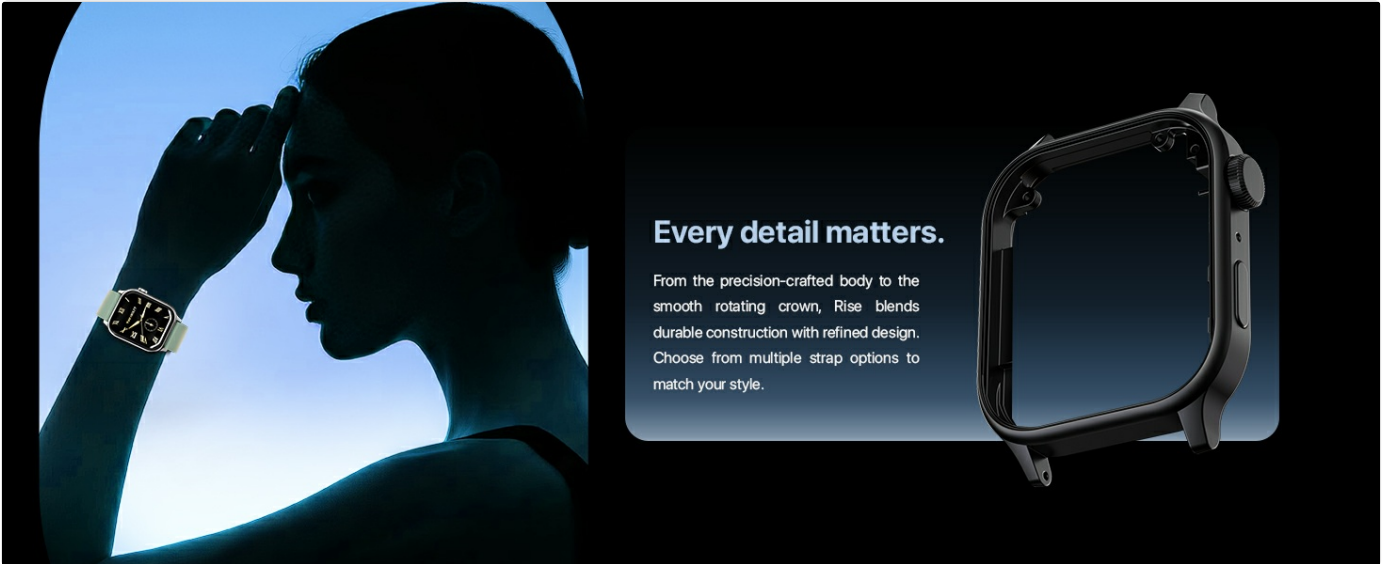

Image: The Fire-Boltt Rise Smart Watch shown with water splashes, illustrating its IP67 water resistance.

3.3 Battery Care

- Avoid completely draining the battery frequently.
- Charge the watch using only the provided cable.
- Do not expose the watch to extreme temperatures, as this can affect battery life.

4. TROUBLESHOOTING

4.1 Common Issues and Solutions

Issue	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect to the charger for at least 30 minutes.
Cannot pair with smartphone	Check if Bluetooth is enabled on your phone. Restart both the watch and phone. Ensure the Fire-Boltt app is updated. Forget the device in your phone's Bluetooth settings and try pairing again.
Inaccurate health readings (HR, SpO2)	Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Keep the sensor clean. Remain still during measurements. Note that these are not medical devices.
Notifications not appearing	Verify Bluetooth connection. Check notification permissions for the Fire-Boltt app on your phone. Ensure notifications are enabled within the app settings.

Issue	Possible Solution
Short battery life	Reduce screen brightness, disable continuous heart rate monitoring if not needed, limit frequent notifications, and ensure the watch is fully charged.

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact customer support.

5. SPECIFICATIONS

Feature	Detail
