## Qubo Q400

# Qubo Smart Air Purifier Q400 User Manual

Model: Q400

## 1. INTRODUCTION

---

The Qubo Smart Air Purifier Q400 is designed to provide cleaner, healthier air in your home. This manual provides essential information for setting up, operating, and maintaining your air purifier to ensure optimal performance and longevity.

# Allergy Buster in Action

Shields against common airborne allergens

## Key Features:

- **4-Layer True HEPA H13 Filtration:** Effectively removes up to 99.99% of pollutants, including pollen, dust, pet hair, smoke, cooking smells, and PM2.5 particles.
- **QSensAI Technology:** Built-in AI intelligently detects PM2.5 pollutants and automatically turns the device on/off, optimizing energy consumption.
- **App & Voice Control:** Control your purifier via the Qubo app or through voice commands with Alexa and Google Assistant.
- **Multiple Purification Modes:** Choose from Auto, Manual, Sleep, and QSensAI modes to suit your air quality needs.
- **High CADR Performance:** Purifies rooms up to 400 sq. ft. efficiently.
- **Long-Lasting Filter:** Enjoy up to 9000 hours of filter life with easy and cost-effective replacements.

## 2. WHAT'S IN THE BOX

Upon unpacking, ensure all items are present:

- Qubo Smart Air Purifier Q400 Unit
- User Manual (this document)

### 3. SETUP

Follow these steps for a quick and easy setup:

1. **Unpack the Purifier:** Carefully remove the air purifier from its packaging.
2. **Remove Filter Packaging:** Open the filter compartment (usually located at the back or bottom) and remove the protective plastic packaging from the filter.
3. **Install Filter:** Place the filter back into the compartment, ensuring it is securely seated. Close the compartment cover.
4. **Position the Purifier:** Place the air purifier on a flat, stable surface, ensuring adequate space around it for optimal airflow.
5. **Connect Power:** Plug the power cord into a suitable electrical outlet.

### 4. OPERATING INSTRUCTIONS

#### 4.1 Power On/Off

Press the power button on the top panel of the purifier or use the Qubo app to turn the device on or off.

#### 4.2 Modes of Purification

The Qubo Smart Air Purifier Q400 offers several operating modes:

- **Auto Mode:** The purifier automatically adjusts fan speed based on real-time air quality levels detected by its sensors.

- **Manual Mode:** Allows you to manually select the desired fan speed (e.g., low, medium, high) for customized purification.
- **Sleep Mode:** Operates at an ultra-quiet fan speed with a turned-off display for undisturbed sleep while maintaining air quality.
- **QSensAI Mode:** Utilizes built-in AI to intelligently detect PM2.5 pollutants and automatically switches the purifier on/off as needed, reducing energy consumption.

### 4.3 App Control

Download the Qubo app to control your air purifier remotely and access smart features:

- **Switch Modes:** Change between Auto, Manual, Sleep, and QSensAI modes.
- **Real-time AQI:** Monitor the Air Quality Index (AQI) in your environment.
- **Filter Life Monitoring:** Track the remaining life of your filter.
- **Custom Scheduling:** Set routines for energy-efficient operation, such as turning on before you arrive home.

# Breathe Clean Air in Just Minutes

Advanced HEPA 13 traps **99.99%** pollutants, filtering particles as small as PM0.1

## 4.4 Voice Control

The Qubo Smart Air Purifier Q400 is compatible with Amazon Alexa and Google Assistant. Connect your purifier to your smart home ecosystem for hands-free control:

- "Alexa, turn on the smart air purifier."
- "Hey Google, set the air purifier to Auto mode."
- "Alexa, turn off the air purifier."

# Futuristic QSensAI

Uses **inbuilt AI** to track PM2.5 level pollutants in the air around you and run only when needed

## 5. MAINTENANCE

### 5.1 Filter Replacement

The Qubo Smart Air Purifier Q400 filter has a life of up to 9000 hours. Regular filter replacement is crucial for maintaining optimal purification performance.

- Monitor filter life through the Qubo app.
- When the filter indicator light illuminates or the app notifies you, replace the filter.
- Replacement filters are available from authorized Qubo retailers.

**Covers Up to  
400 Sq. Ft.**

*Ideal for spaces like small  
bedrooms or study rooms.*

## 6. TROUBLESHOOTING

If you encounter issues with your Qubo Smart Air Purifier Q400, refer to the following common troubleshooting tips:

- **No Power:** Ensure the power cord is securely plugged into both the purifier and the electrical outlet. Check if the outlet is functional.
- **Poor Airflow:** Verify that the filter is correctly installed and not obstructed by its packaging. Clean the pre-filter if it appears dusty.
- **Unusual Noise:** Check for any foreign objects inside the unit or if the filter is improperly seated.
- **App Connectivity Issues:** Ensure your Wi-Fi network is stable and the purifier is within range. Restart both the purifier and your smartphone.
- **AQI Reading Not Changing:** Allow some time for the purifier to clean the air. Ensure the air intake and outlet are not blocked.

For persistent issues, please contact Qubo customer support.

## 7. SPECIFICATIONS

Feature	Specification
Brand	Qubo
Model Number	HPH02
Color	White
Product Dimensions	30.9D x 67.1W x 30.9H Centimeters
Item Weight	10 Grams
Power Source	Corded Electric
Control Method	App
Filter Type	HEPA
Floor Area Coverage	Up to 400 Square Feet (as per product title, specification says 1000 sq ft, but title is more specific to Q400)
Particle Retention Size	0.1 microns (PM0.1)
Controller Type	Amazon Alexa, Google Assistant
Contaminant Filtration Capability	HEPA H13
Special Features	App & Voice Control, QSensAI
Filter Life	Up to 9000 hours
Manufacturer	Hero Electronix Pvt. Ltd.
Country of Origin	India
