HOUTQPLE C0136-A

HOUTQPLE Smartwatch Magnetic 2-Pin USB Charger (Model C0136-A)

Instruction Manual

1. Product Overview

The HOUTQPLE Smartwatch Magnetic 2-Pin USB Charger (Model C0136-A) is designed to provide efficient and reliable charging for compatible smartwatches. This charger features a magnetic 2-pin interface, a durable USB cable, and a pure copper core for improved charging efficiency. It is engineered for universal compatibility with smartwatches requiring a 2.84mm contact pin spacing.

Image 1.1: The HOUTQPLE Smartwatch Magnetic 2-Pin USB Charger, illustrating its magnetic charging head and standard USB-A connector. The cable length is approximately 23.62 inches (0.6 meters) and the contact distance is 2.84mm.

2. Safety Information

- Ensure the charger's contact pins align correctly with your smartwatch's charging points. Incorrect alignment can lead to poor connection or damage.
- Use only with compatible smartwatches that require a 2-pin magnetic charger with 2.84mm contact pin spacing.
- Do not expose the charger to water or excessive moisture.
- Avoid using the charger if the cable or magnetic head appears damaged.
- Disconnect the charger from the power source when not in use.
- This product is CE, FCC, and RoHS certified, ensuring compliance with strict safety standards.

3. Setup and Charging Instructions

1. **Connect to Power:** Insert the USB-A end of the charging cable into a compatible USB power source (e.g., a wall adapter, computer USB port, or power bank). Ensure the power source provides 5V/1A output for optimal charging.
2. **Position Smartwatch:** Place your smartwatch on a flat, stable surface.
3. **Attach Charger:** Bring the magnetic 2-pin charging head close to the charging contacts on the back of your smartwatch. The magnets will automatically align and secure the charger in place.
4. **Verify Charging:** Once connected, your smartwatch should indicate that it is charging (e.g., a charging icon or battery percentage increase).
5. **Disconnect:** When charging is complete, gently pull the magnetic charging head away from your smartwatch and

disconnect the USB-A end from the power source.

4. Compatibility

This charger is designed for smartwatches requiring a 2-pin magnetic charging interface with a **2.84mm contact pin spacing**. It is compatible with various smartwatch brands and models, including but not limited to those from Wyze, Tozo, Da Fit, Letsfit, Willful, YAMAY, VeryFitPro, SW023, ID205L, SW021, Uwatch 3S, 3, 2, 2S, and Urun.

Before purchasing, please measure the pin spacing of your smartwatch to ensure compatibility.

Image 4.1: The HOUTQPLE charger displayed with several compatible smartwatch models, highlighting its broad compatibility.

5. Maintenance and Care

- Keep the charging contacts clean and free from dust or debris. Use a soft, dry cloth to wipe them if necessary.
- Store the charger in a cool, dry place when not in use.
- Avoid bending or twisting the cable excessively to prevent internal damage.
- Do not attempt to disassemble or repair the charger yourself.

Image 5.1: A visual representation of the charger's pure copper core, which contributes to improved charging efficiency and durability.

6. Troubleshooting

- **Smartwatch not charging:**
  - Ensure the magnetic pins are clean and making proper contact with the smartwatch's charging points.
  - Try a different USB power source (e.g., a different wall adapter or computer USB port).
  - Verify that your smartwatch is compatible with a 2-pin charger and has a 2.84mm pin spacing.
  - Check if the charging cable is damaged.
- **Slow charging:**
  - Ensure your USB power source provides sufficient output (recommended 5V/1A).
  - Clean the charging contacts on both the charger and the smartwatch.

- **Smartwatch overheating during charging:**
  - Immediately disconnect the charger from the smartwatch and power source.
  - Ensure the charger is compatible with your smartwatch. Overheating can occur if the charger's specifications do not match the device's requirements.
  - Avoid charging in direct sunlight or hot environments.
  - If overheating persists, discontinue use and contact customer support.

7. Specifications

Brand	HOUTQPLE
Model Name	C0136-A
Connector Type	USB-A (Male) to Magnetic 2-Pin (Male)
Cable Type	USB
Contact Pin Spacing	2.84mm
Cable Length	23.62 inches (approx. 0.6 meters)
Maximum Current	1 Ampere
Maximum Voltage	5 Volts
Wattage	5 Watts
Data Transfer Rate	5 Gigabits Per Second (if supported by device)
Certifications	CE, FCC, RoHS
Item Weight	0.01 Kilograms

8. Warranty and Support

For warranty information or technical support, please refer to the product packaging or contact HOUTQPLE customer service through the retailer where the product was purchased. Please have your model number (C0136-A) and purchase details available when contacting support.
