OVE Decors 15SGP-BELS72-BLKWM

OVE Decors Bel Soft Close Black 72-inch Frameless Sliding Shower Door User Manual

Model: 15SGP-BELS72-BLKWM | Brand: OVE Decors

INTRODUCTION

This manual provides comprehensive instructions for the safe installation, proper operation, and effective maintenance of your OVE Decors Bel Soft Close Black 72-inch Frameless Sliding Shower Door. Please read all instructions carefully before beginning installation or use to ensure optimal performance and longevity of your product. Keep this manual for future reference.

SAFETY INFORMATION

Important Safety Instructions:

- Always wear appropriate safety gear, including safety glasses and gloves, during installation.
- This product contains heavy glass panels. Two or more people are required for safe handling and installation.
- Ensure the installation surface (walls, floor) is structurally sound and capable of supporting the weight of the shower door.
- The glass used is premium 8 mm (5/16") thick certified safety tempered glass, which is heat and shatter resistant. However, avoid striking the glass with hard objects.
- Do not modify the product in any way. Use only original replacement parts if necessary.
- Ensure all fasteners are securely tightened according to the installation guide to prevent movement or instability.

- Keep children and pets away from the installation area.

Safety Matters.

-  Heat & Shatter Resistant
-  30% thicker than standard shower door glass!
-  Premium 8 mm (5/16") Thick Certified Safety Tempered Glass

Certified by

Safety Glazing Certification Council

PACKAGE CONTENTS

Before beginning installation, verify that all components are present and undamaged. The package for your OVE Decors Bel Soft Close Shower Door includes:

- Shower Door Glass Panels
- All necessary Hardware for installation (rollers, tracks, handles, seals, etc.)

Refer to the detailed parts list in your separate installation guide for a complete inventory.

SETUP AND INSTALLATION

The OVE Decors Bel shower door is designed for a frameless sliding alcove installation. It features a reversible design, allowing for either left or right-hand installation to suit your bathroom layout. The system also includes out-of-plumb adjustability to accommodate variations in wall alignment, ensuring a precise fit.

Key Installation Features:

- **Reversible Design:** Can be installed for left or right-hand door opening.
- **Out-of-Plumb Adjustability:** Built-in adjustability to compensate for uneven walls.
- **Adjustable Rail:** The adjustable rail width and waterguard provide up to 1.97 inches of adjustability for a perfect fit within your opening.

For detailed, step-by-step installation instructions, including measurements, tools required, and specific assembly sequences, please consult the dedicated installation manual provided with your product. Professional installation is recommended.

OPERATING INSTRUCTIONS

Your OVE Decors Bel shower door features a premium engineered rolling mechanism with soft-close technology, designed for smooth and quiet operation.

To Open the Door: Gently push the oversized vertical bar handle in the direction you wish the door to slide. The rollers will glide along the top track.

To Close the Door: Gently pull the handle to slide the door back into its closed position. The soft-close mechanism will engage, ensuring a quiet and secure closure without slamming.

Always operate the door by using the designated handles. Avoid forcing the door or pushing on the glass panels directly.

MAINTENANCE

Regular cleaning and maintenance will help preserve the appearance and functionality of your OVE Decors Bel shower door.

Glass Cleaning:

- Clean glass panels regularly with a soft cloth and a non-abrasive glass cleaner.
- Avoid using abrasive cleaners, scouring pads, or harsh chemicals, as these can scratch the glass or damage the protective coatings.
- For best results, wipe down the glass after each use to prevent water spots and soap scum buildup.

Hardware Cleaning:

- The hardware features MetalGuard™ technology, designed to keep it shiny and spotless.

- Clean metal components with a soft, damp cloth. For stubborn spots, use a mild, non-abrasive cleaner specifically designed for bathroom fixtures.
- Do not use abrasive cleaners, steel wool, or cleaners containing ammonia, bleach, or acid, as these can damage the finish.
- Periodically check all screws and fasteners to ensure they remain tight. Do not overtighten.

TROUBLESHOOTING

If you encounter any issues with your shower door, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Door does not slide smoothly.	Debris in track, rollers need cleaning, or rollers are misaligned.	Clean the top and bottom tracks of any debris. Inspect rollers for obstructions and clean if necessary. Check roller alignment and adjust according to the installation manual.
Water leaks from the bottom or sides of the door.	Seals are damaged, improperly installed, or gaps exist.	Inspect all seals (bottom sweep, side seals) for damage or improper placement. Ensure all seals are firmly pressed against the glass and wall. Verify that the shower pan or curb is level and properly sealed. Re-apply silicone sealant if necessary.
Door does not close completely or soft-close mechanism is not engaging.	Obstruction in the track, or soft-close mechanism requires adjustment.	Check the track for any obstructions preventing full closure. Refer to the installation manual for instructions on adjusting the soft-close mechanism.

If you are unable to resolve the issue using these tips, please contact OVE Decors customer support for further assistance.
